Critical Path Analysis in the works of J.R.R.R. Tolkein.

speaking at the annual British Science Fiction
Convention "Connivance" boffinette Carolin Mullan revealed that the works of J.R.R. Tolkien were really written by Elvis Presley. This theory explains how an Oxford Professor of English like Tolkien was able to write a book.

Her Critical Path techniques show that some of the words used by Tolkien were also used by Presley. Based on her discoveries she hopes to issue a new edition of "Lord Of The Rings" with the poems improved to include items like "Ain't nothing but a Balrog. Caroline Mullan is 35.
