

Reclamation 2022

PR 1 – November 2021

Radisson Hotel & Conference Centre Heathrow (formerly The Park Inn)

15th- 18th April 2022

Message from the Reclamation Chair, Phil Dyson

Welcome to the long awaited PR1 for Reclamation 2022, the 72nd Eastercon. We've been waiting to bring you this report – dependent on site confirmation – and can't tell you how relieved and delighted we are to finally press the 'GO' button on everything. We've got lots of great programme ideas already but can't do it without you, so we'd love to hear all your suggestions via the website.

It's been an extraordinary couple of years, but we're confident we can come back together for a first class in-person convention and are looking forward to seeing you as many of you as possible again.

COVID POLICY

We have a duty of care to everyone attending: convention members, hotel staff and other hotel guests. We're monitoring government guidance, watching other conventions and are liaising closely with our hotel. We will publish our own COVID-19 policy closer to the time of the convention.

OUR GUESTS OF HONOUR

Mary Robinette Kowal

Philip Reeve

Tasha Suri

Nicholas Whyte

Bursary Scheme

Attending conventions is expensive, and money can be a barrier to attendance. Reclamation offers a discounted rate for people on low incomes, but the cost of membership is only a small part of the cost of attending a convention. Other costs include travel, accommodation, food and childcare. This is why Reclamation 2022 is operating a bursary scheme to help people who may not otherwise be able to attend. For more information, see reclamation2022.co.uk/bursary/

Programme

Our programme planning is under way; thanks for the great ideas from our members. Please continue to send ideas for individual talks, workshops, meet ups and games.

We will also be holding a virtual element at Reclamation and would like your thoughts on what you might want to see, hear, take part in and/or help organise.

Checking and Updating Membership

Not sure if you're a member? Changed your mind about your badge name? Don't worry, there's an easy way to check.

On the Reclamation website, go to the Membership menu and select "Check Membership". Or visit

registration.reclamation2022.co.uk/members/check

Next fill in your email address and press "Check member details".

You'll receive an email (if you don't see it, check your spam folder). If you are a member, it will include all your membership details. If not, it will tell you no member is registered under that email address. Of course, if you have multiple email address you might need to check for several different addresses.

The email will also contain a link to log into the Member Portal. Here you can edit your membership details, including badge name, postal address, and volunteering options.

If you are a supporting member and wish to become an attending member, you can upgrade by choosing a new member type from the drop-down in the member portal and pressing "Pay by Credit Card".

Note that some details cannot be updated through the portal at present. If you need to update your name or email address, or transfer your membership to another person, please email our membership team at membership@reclamation2022.co.uk

Eastercon is a registered trade mark and is used with permission.
