Please include an International reply coupon with ALL enquiries. You will receive by return a temporary receipt, Questionnaire and letter explaining the schedule of things.

Enclosed you will find your Space Ex 1984 Temporary Receipts, also some of you have not claimed your ticket Invoices or receipts and have not advised your name and address. If you have changed address, please check that we have your correct address, and keep us informed all the time. Star Trek fans will be pleased to note we have been offered the Galileo Shuttlecraft and the Medical/Engineering and Bridge of the Enterprise at a modest £2,000 plus transportation.

ESA and NASA plus 38 other large space bodies have been approached in respect of their supporting the event. 115 Astronomical bodies in the United Kingdom, 24 Ufological groups and 870 SF Groups around the world have also been approached. News of their intended support will be issued in the next newsletter.

Denvention II, ISTRA intends to charter a flight to the USA for this event and will be using it's promotion of Space Ex 1984 to gather more celebrities to the event. It is quite apparent that by the time we come any where near the event we will have a vast choice of Film/TV/Radio/Theatre/Music material to choose from.

What I would like to see is more specially orientated groups taking charge of their particular area of interest:- Star Trek, Battlestar Galactica, Star Wars, Dr Who, Blakes Seven, Gerry Anderson, Dan Dare, Hitch Hikers Guide to the Galaxy and many many more. I will hopefully be chairing a committee of some 50 specific interests and also I will be looking for persons prepared to act as stewards.

We have had one or two pleasant surprises in respect of added attractions. Robots with personalities that will be available throughout the event to entertain and converse with you.

Three radio-controlled robots have an earnest discussion

Dealer Support and professional support is now being tackled. We certainly do not wish to neglect any area that could provide maximum entertainment.
