

WITH THE signing of the contract with the people at the Hotel Metropole, we feel better in more ways than one. It saved us money by waiting. Since the original estimate back in last July, the cost of the hall for three days has dropped fifty dollars.

We are also now ready to accept advertising for the Program Booklet. The rates are \$6.00 for a full page, \$3.00 per page, \$2.00 per 1/2 page, \$1.00 per 1/8 page, and 50¢ apiece for booster ads. Any half-tone work will be extra. If you are planning on having a photo of some sort in your ad, contact Don Ford or Charlie Tanner concerning the increased cost, etc.

The deadline for program ads is August 1, 1949. That gives you plenty of time to work out what you want to say, and hints vaguely that you might, in that time think up something to say, more interesting than "Hi, fellers!" or "Compliments of--". Send the copy along with the money to Don Ford, 129 Maple Ave, Sharonville, Ohio. The copy need not be dummied unless you wish.

Concerning the hotel reservations-- it will be up to each member to make his or her own reservations. This was the method used by the Torcon, and much as we'd like to do it, we simply will not have the time to furnish hotel reservations service to the members. After all, if you have to write a letter and send the money, it might as well be to the hotel of your choice as to us. All of the hotel men in Cincinnati have told us that they expect the town to be crowded on Labor Day Week-end. We've even had one or two hotels refuse to book the convention on this date due to the large influx of visitors from out of town. There will be a double header ball game, plus a convention of letter carriers. All reservations, therefore, are on a first-come, first-served basis. The Metropole refuses to give block booking. We can only repeat their warnings of "get your reservations in early so you won't be disappointed." Anyone coming by auto, who wants rates on AAA Hotels, write to Don Ford giving the U. S. highway you are coming in on.

Got a few announcements from our members:

Florence Anderson, 321 W 2nd St, North, Saint George, Utah is trying to organize a woman's auxiliary of the N. F. F. F. and wants any woman reading this to contact her.

Harry Moore, 1221 Orange St., New Orleans, 13, La. is driving to the convention again this year, and wants riders who will help out on the gas and oil. Says he will come up on either side of the Mississippi in order to pick up anyone a little off the straight line. Riding with Harry is a good deal, since he always stops off at all the bookstores he can, along the way.

Jim Phillips, 704 E. Plankishew, Paola, Kansas, would like a ride to the convention with some of you guys going through Kansas.

Several have written in asking if it was possible to have an ad in this report. Well, we won't guarantee the exact date of the next issue, but if anybody wants an ad, figure it at two dollars per page and one dollar per half page. Nothing less than a half page accepted.

Our membership now stands at just a little under 150. That is about average, I guess. However, if each member could only get one other fan to join, we'd be in pretty good shape. There's a lot of things we'd like to do that we can't because we lack the cash until the memberships come in. Fortunately we still have nothing to complain about. So far, none of the paper has cost us a cent. Only one pack of stencils has had to be paid for, and we've enough to last until the convention. The fine art of scrounging, so well learned in the army, has paid off here, also.

The Philadelphia group is going to present a play or space opera of some sort. Any other group is cordially invited to have a spot on the program. Why not take us up on it and have fun putting it on?

Donald Ford

Secretary-- THE CONVENTION COMMITTEE

Cincinnati is peculiar among cities of its size in having a very concentrated town center. Within a quarter of a mile of the Hotel Metropole will be found all the hotels listed in the list on the last page, two large second hand book stores, one of the largest new book stores in the middle west, Mountain Square, the center of the City, the Post Office and about a dozen other points of interest.

Without a doubt, a fan can, if he chooses, see most of the town of interest to fans and never get more than a half mile from the Metropole.

MEET THE GANG

Some thirty-five or so have joined the group since the first issue of the Ciney Report was issued. We're printing their names and addresses complete. The ones whose names and addresses appeared before are merely listed by name here. The last issue, just before the convention, will list the addresses of everyone.
