It's been a blast, being with you since PR2, and this is the last formal one before the con. The next PR you receive will contain all the directions and information you need to get you to the con, settled in, registered, and all set to have the best time of your life. Make sure that you bring PR 7 and photo ID with you to registration for confirmation and identification.

After all this time of preparation, it is exciting to find the con becoming a reality. There are so many of you I would like to have met, but unfortunately, my health does not permit me to travel this summer. The good part is that I am marrying someone who will help me heal as I recover from a heart attack. Hope you all have a great time!

FROM THE CHAIR

By the time this PR is printed and you receive it, the 52nd World Science Fiction convention will be less than 90 days away. Years of planning will culminate in an event which the Science Fiction Community of Canada will be a major part of for the first time in 21 years, the first time ever in Western Canada.

We draw your attention to reports from the numerous fans who continue to contribute their time, despite long hours and longer distances. Hotels are receiving bookings, site selection & Hugo votes are coming in daily, and membership numbers continue to grow. The programming people are working hard to put together an interesting selection of program items ranging from Medicare (?) to Terra Forming Mars. Child care has discovered a great place to entertain & captivate our young children. Standing division is well ahead in their plans to host the largest Dealers room & art show of

any SF con held outside of the USA. Come and enjoy the fruit of the labours.

The Progress Report you hold in your hands will be the last one edited by Terry Fowler. She has been with us from the beginning, and what you have been receiving the past three years has all been her labour. We thank her for her fine contribution to putting on a great Canadian Convention. Congrats on the coming nuptials too.

WEATHER REPORT FROM DRAGONHOLD

by Anne McCaffrey

Weather is a subject that anyone can open with the knowledge that it can be discussed without reference to religious persuasions, current politics, who is going to the World Cup who can't afford to or what scandal has provided the latest titillation. It is a much used topic in Ireland to start off friendly conversations since it will generally get (1) sympathy if you're a farmer or frustrated golfer, (2) amiable disagreement if your audience prefers cold/hot/rain/sun and (3) rather more personal history of the recipient's experiences with bizarre weather than the initiator of the topic may want to listen to. But it is a non-controversial theme which every one is as qualified as the next person to discuss without benefit of university courses or any special scholastic expertise.

When I said I was moving to Ireland, everyone thought I was mad because of the weather. Actually, the weather was one of the main reasons I decided on Ireland as my future domicile. One: it never gets very hot. Hot in Ireland is about 75 F or 22 C and everyone who can, takes off their jumpers (aka sweaters) down to their t-shirts and/or their t-shirts and leaves as much body as possible bared to the sun. Two: there is little humidity so when the thermometer registers a torrid 85 F, normal people don't sweat. Three: it never gets really cold in Ireland - since temperatures are reported in Celsius, 0 is only 32 F and not that cold...though I have to admit, in all honesty, that there can be a

wind-chill factor that makes you think you're somewhere sub-arctic. But you can stay out of the wind. We don't have quite as much cloudy, overcast weather as you might suspect. In fact, solar panels would work very well here. Also windmills - if you could find ones that wouldn't shatter-but more of that later.

Kindly ignore the fallacy that it rains all the time in Ireland. It does generally rain at some point during the day. Ireland is so constituted that it HAS to have rain to keep all that green green. The ground is accustomed to absorbing a lot of moisture so it misses it, when its been dry for as much as three days running, and cracks up.

There are also the rainbows to

brighten the heart and make glad the spirit. (Despite Finian, you can never get to the end of a rainbow and the legendary pot of gold because that end - either end - alter position in regard to yours as it is the angle of refraction with the sun which causes rainbows, you know. Change the angle even a part of a degree and the rainbow moves. I'm certain that most of you are aware of this phenomenon.)

What few people remember to tell you is that there is a constant wind in Ireland: frequently storm force 6 or 7 or gale force 8 and 9, not always accompanied by rain. We have had hurricane variety winds, gusting up to 80 mph and not a sign of cloud in the sky. Just the trees bending over and being uprooted. Its rare to have a "still" day. In fact, if there is no wind, you look around you, knowing something's missing: wind.

For his degree in engineering, my son elected to rig a windmill on the roof of my kitchen annex. We had to remove it because it never stopped moving - and squeaking. But my electric bills would have been nil if Todd had actually tied the power it generated into my house supply. But his brief was only to build a windmill that could cope with the variety and speeds of Irish winds. They also come from all directions.

My sister-in-law says that we live in an alley that funnels all the local winds down over her garden, messing up the staked young trees, pinching buds on the trees and generally messing up her garden. Two years ago it destroyed her beloved greenhouse, embedding bits of it all over the garden which were still finding, though most of it was re-

trieved by the Northwest Con folks. She sometimes doesn't leave the house for fear of being blown off her feet.

Being of a substantial build, I don't have trouble standing upright in the constant winds. My horse, Pi, rarely fusses over the wind, just ducks her head and plows on. Mind you, having it at our backs speeds the homeward way, so its not all bad.

We have had unusual rains this winter. We have even had April blizzards. I kid you not. Fifteen minute blizzards that cover the ground with snow. Three one day, but none of it stayed very long. You see, all that wind dries the ground up quickly.

Last May and June, we had so much rain that our hill erupted in springs we had never before seen. At last count there were nineteen on twelve of our 47 acres. The Meteorology department has estimated that in the first 90 days of 1994 we have had 250% more rain than in any other 90 day period in recorded weather history.

We had just moved the rosebed - which drowned in those rains of last May and June which also nearly lifted the concrete bed of my swimming pool out of the ground with the pressure of the build-up on the marl soil. We had just planted all the old and new bushes, only to find four new springs.

These we hastily piped out of harms way. Fortunately I have a field that is a grass-covered gravel pit so I just piped everything in to it.

Now, if we could figure out a cheap way of transporting all the excess water, or piping it long distance, to where it is so badly needed - like Africa which isn't all that far away - Ireland would be the richest country in the world and - drier!

As they are fond of saying here, if the Dutch lived in Ireland, it would be the richest country in the world - and the Irish would have drowned. That is a vile canard, but that has nothing to do with weather. Have a clear day!

Since its founding in 1919, KLM has been an airline of vision.

Thus, it should come as no surprise that KLM's first flight would be an international one ... AMSTERDAM to LONDON.

In fact, KLM's history is one of many firsts:

- Worlds First commercial airline
- First commercial animal air transport
- First European airline to introduce all metal aircraft
- First airline to train flight attendants
- First European airline to purchase Douglas DC-3, Douglas DC-9, and Boeing 747-400 aircraft
- First airline in the world to operate the Douglas DC-8-63, Boeing 747B, Douglas DC-10-30, Boeing 747M
- First airline to introduce extra facilities for full fare passengers
- First global airline alliance formed

KLM's long tradition of innovation, enthusiasm and pioneering spirit continues to play an important part in the ongoing adventure of aviation.

Let's face it. Without innovation, tomorrow would be just the same as today.

KLM style, KLM service, KLM quality ... continuously setting new standards ... skyward bound from a city near you!!

THE \$100 DOLLAR WORD

When one travels to a foreign country to find work, one soon encounters the officials of IMMIGRATION and their related brethren.

It is the job of these officials to make sure that foreigners do not take jobs away from the citizens of their country. They do a good job. In the USA there are lots of GREEN CARD stories.

The same is true of Canada. If you are coming to take part in ConAdian, you may be asked at the border what you plan to do while here. If you reply

that you plan to **WORK** at the con, in any capacity whatever, you may be asked to pay a **NON-REFUNDABLE \$100.00 CDN** for a temporary **WORK** permit. Others travelling with you may also be condemned by your words and be requested to pay.

We believe that you are coming to enjoy the hospitality of Canada, to visit as a tourist and attend a convention, enjoy renewing old friendships, and contribute to the convention by volunteering for a few hours. Am I wrong??

Try to remember that although our officials will be expecting the influx of convention members, that like most government folk, they don't take their job lightly. The con committee can not be at the various Ports of Entry to help someone remove their foot from their mouth. Please keep this in mind when you enter Canada, so that we can enjoy your company at the convention.

Every foreign member of every previous convention has had to do the same, be it ConFrancisco or ConFiction.

1993 Hugo Award Winner

1991 World SF Convention Special Committee Award

Science Fiction Chronicle—

Preferred 2 to 1* over *Locus* by Hugo Award Voters!

Mike Gunderloy, *The World of Zines*: "Science Fiction Chronicle has made itself the essential magazine of record for the SF community...helping provide the social glue necessary to hold the subculture together. No serious reader of the genre can afford to pass this one up."

Mickey Zucker Reichert: "I love *Science Fiction Chronicle*, especially the Market Reports. I recommend it to all my writing classes and workshop students."

John Stith: "I'm a long-time subscriber, and for me it's very valuable. And the market report column is a super resource for new writers."

Each monthly issue of Andrew Porter's *Science Fiction Chronicle* brings you all the news of what's happening in SF, fantasy and horror: who's just written what, what editors are buying, where artists are showing their work, awards, conventions, news about fandom, a convention calendar, and lots of book reviews — 550+ a year, some before publication.

And more: Letters. Jeff Rovin's *S.F.Cinema* on Hollywood and TV. Obituaries. 3 market report updates a year (the most complete in the field, bar none) for hopeful or established writers. A complete buyer's guide, 2 months in advance, of forthcoming SF, fantasy and horror titles, with prices, from both large and small presses. Interviews with leading authors such as Mary Gentle and Orson Scott Card. World Fantasy/Bram Stoker Award-winning Steve Jones & Jo Fletcher's *British Report* keeps you up to date on current books and events in the UK. Also, infrequent columns by Frederik Pohl, and Robert Silverberg.

And the writing? Clear, concise, informative, as objective as possible. Written to give you the information you need and want, treating you with the respect you deserve as an intelligent SF/fantasy reader. Andrew Porter's personal opinions are confined to the editorials, which you'll frequently find interesting, thoughtful, amusing.

All this in issues that are clean, attractive, with minimal use of continued lines, with full color artwork covers featuring work by David Mattingly, Barclay Shaw, Victoria Poyser, Tom Kidd, Don Maitz, and many others.

Issues are mailed Bulk or First Class in the USA, First Class to Canada, by Air elsewhere, sealed in plastic polybags, for protection from mistreatment in the mails. **Subscribe, today!**

DEALERS' DOINGS

Arrangements for the dealers' room are finally starting to come together. After running into some unexpected (and as it turned out pointless) difficulties with some incorrect information from Canada Customs and Canadian Immigration, the complete information package was finally shipped out to all dealers who had paid deposits during the first week of March, and all dealers should have received their mailing by now. As a result of this late mailing, the previously announced dealer's table application deadline of March 15 has been pushed back to June 1, 1994

If you are a deposit paid dealer and have not yet received your information package, please contact me immediately and let me know. I have a few paid dealers for whom I have no mailing addresses, as well as having had at least one package returned undelivered because the address I was given apparently did not exist.

Along these lines, I would like to appeal to anyone out there who might know the following people to have them get in touch with me, as I either have no address for them, or no correct address for them:

David Aronovitz: believed to be a dealer in Michigan.

Chad Eschweiler: lives somewhere in Minneapolis.

Jack Stelnicki: I have a San Francisco address, but the post office returned his dealers package marked "no such address".

Laura Klassen: from right here in Winnipeg. She bought a table on January 28, but we didn't get an address on her.

Any help anyone can give me in finding these people would be much appreciated.

General Information

The dealers' room will be situated on the third floor of the Winnipeg Convention Centre in the main exhibition hall. As it stands we have roughly one hundred and fifty dealers expected in from Canada, the United States and abroad with more requests for dealer table information coming in every week.

Customs Information

In our never-ending quest to try and ease any difficulties that might arise over the entry of our American and foreign dealers into Canada, we have brought a second customs brokerage firm on line: Mendelssohn-Commercial. Mendelssohn - Commercial is a national firm with specific experience in the brokering of foreign dealers into Canada, for the purpose of bring their wares to conventions. We strongly recommend that if you are a non-Canadian dealer, and have had little or no experience with Canada Customs, that you consider contacting their representative,

Mr. Bob Hobson at
Mendelssohn-Commercial

ph(204)786-8816 Fx(204)786-2497
14 - 103 - 2019 Sergeant Avenue
Winnipeg, MB R3H - 0Z7

Mendelssohn-Commercial is preparing a special information and forms package, custom tailored to our specific needs, and it and a list of the services offered to ConAdian dealers will be shipped to all U.S. and foreign dealers as soon as it is complete.

Special Reminder

ConAdian memberships are required for all dealers and their staff. If you don't have a membership, you won't be allowed into the dealers' room during the show. Please check your dealer information packs for details on arranging memberships. If anyone has any specific questions regarding the dealers' room, please send them to:

EXTRAVAGANZAS

by Kent Bloom

Extravaganzas is still busy planning interesting activities. Please join us at the traditional (and required) events, plus some new twists. Volunteer now to help out, and see things from the inside. We also appreciate your ideas. Please talk to us if you see us at other conventions, or write with suggestions.

Opening Ceremonies

Opening Ceremonies will be held on Thursday afternoon, September 1, 1994. We will be putting on a show with local and fannish activities, plus the traditional welcoming speeches and introductions. We're very pleased with what we've been able to arrange, and hope you'll all drop in.

Meet-The-Guests

To further introduce and honor ConAdian's guests-of-honor, we will hold a Meet-The-Guests event on Friday evening, September 2, 1994. In honor of guest-of-honor Anne McCaffrey, we have chosen the theme of a Pernese Gather. We envision a large ballroom decorated to good effect with a performer's dias, wall murals of dragons, holds, and firelizards, an open dancing square in the middle of the room, and tables and chairs for lounging. We will be serving appropriately Pernese refreshments, and hope to schedule an excellent line-up of performers and dancers in proper Pernese

tradition. This will be an excellent opportunity for you to show off your hall costumes. We will arrange to have some prizes awarded in various categories relevant to the theme of the evening.

We're looking for artists who are interested in helping paint murals onto flats, entertainers who would like to perform, and those who are interested in helping in other ways. If you're interested, please write to Mary Morman for more information. She can be reached at 1245 Allegheny Drive, Colorado Springs, CO 80919, or on Internet at MEMorman@uccs.edu.

Hugo Awards Ceremony

The 41st Hugo Awards Ceremony will be held on Saturday, September 3rd, 1994 at 8pm. The Master of Ceremonies will be ConAdian's Toastmaster, Barry Longyear. We cordially invite all ConAdian attendees to honour the Nominees on their special night.

In addition to the Hugo Awards, the Campbell award, First Fandom Awards, and two of Canada's National Science Fiction and Fantasy awards (the Auroras) will also be presented. We welcome any comments or questions you may have. Please do not hesitate to contact us at the following address (Peter & Athena Jarvis, RPO Box 29095, Hlfx. Shopping Ctr., Halifax, Nova Scotia B3L 4T8, or on GENie at P.JARVIS1).

Dance

After the Hugo Awards, we are planning a dance with DJ James (JD)

Durham of our staff. Please contact him through the ConAdian post box with comments and suggestions.

Aspect, the new science fiction and fantasy line from Warner Books, debuts this August. To celebrate, Warner Aspect will sponsor the Rock Dance. Stop by to meet authors C.J. Cherryh, Kevin J. Anderson, Jane Fancher, David Feintuch and others... they'll give away prizes, free books and more!

Masquerade

The Masquerade will be held on Sunday night, September 4, 1994. There was an article with more details in the previous PR. A detailed information sheet is available to prospective participants. Please contact either of the Masquerade Directors (see next paragraph).

We have received a number of requests for information on Canada Customs regulations regarding bringing costumes into Canada. Details will be available shortly, but not in time for this PR deadline. If you would like a copy please contact us directly at the address or numbers shown below and include your name, address and phone numbers: Barb Schofield and Connie Lyon, Box 784, Adelaide Street PO, Toronto Ontario, Canada M5C 2K1. Phone: (416) 699-0479, Fax: (416) 699-5512 Internet: 76437.1712@compuserve.com or C.lyon4@genie.geis.com

Closing Ceremonies

Closing Ceremonies will be held on Monday afternoon, September 5, 1994. Please plan to join with us in saying goodbye to the 52nd Worldcon and welcome to the 53rd.

A WORD ABOUT RELIGIOUS SERVICES

If you are interested in attending religious services during the week of the convention, a map showing the location of Winnipeg's houses of worship will be made available at the INFORMATION desk (located in the Convention Centre).

While there are several houses of worship within walking distance of the convention site, if yours is not, then transportation can be arranged if requested in advance.

Churches of the following denominations are within walking distance:

Anglican, Catholic Traditionalist, Christian and Missionary Alliance, Pentecostal Assembly of Canada, Roman Catholic, Salvation Army, United.

It has been requested that Jewish services be provided at the Convention site. A Rabbi, siddurim and chumoshim will be provided for Friday night and Saturday morning services

if and only if an orthodox minyan can be guaranteed in advance. If you are not comfortable attending an orthodox service, there are Reform and Conservative shuls in Winnipeg, but they are not within walking distance.

Efforts are currently being made to plan a Shabbat supper Friday night if enough interest is expressed. If you are interested PLEASE let us know in advance, so that arrangements can be made.

While it will not be possible to arrange for High Holiday Services to be held at the convention site, seats at an orthodox, conservative, or reform shul can be purchased on your behalf. If you are unwilling to stay at an hotel, it may be possible to arrange for billeting with a local family. If we do not hear from you by 1 June 1994, arranging a billet will probably be impossible. To date, 3 requests for billets have been received.

While kosher food will be available in the consuite upon request, you wouldn't call it a meal; if you observe kashrut, there are 2 kosher restaurants in town (one orthodox and one not quite). Transportation to a kosher grocer/butcher's can be arranged.

If you have any questions or concerns that I forgot to address, please feel free to contact me via snail-mail, e-mail or phone:

HOTEL NEWS FLASH — HOTEL NEWS FLASH NEWS FLASH — NEWS FLASH — NEWS FLASH

Response on hotel reservations has been very swift, and the bargain hunters have filled up our blocks in the Carlton Inn, the Charter House and the Place Louis Riel. However, the Hotel Fort Garry has changed managements and it is with this new management that we have finalized our contract.

Due to those negotiations, the hotel announces NEW room rates: Single \$59.00, Double to Quad \$69.00, parlour suites \$75.00. Those folks who have already booked will receive this rate. Please also remember that there are still rooms available at low rates in the Travelodge, and Days Inn Marlborough. There are lots of rooms in the Sheraton, (one of the two hospitality hotels) the Delta and the Westin. All three of these hotels have swimming pools, which the fully booked hotels do not.

IMPORTANT INFORMATION TO NOTE

Either some people are forgetting to read the large print at the bottom of the page which clearly states that hotel rates are quoted in Canadian dollars, or they do not understand what this means. Although we can't guarantee that exchange rates will be exactly the same, let us give you examples of a hotel rate converted at the current rates of exchange. \$1.00 US buys \$1.36 Canadian at the moment. In other words a hotel room that is \$95.00 Canadian is equivalent to \$69.85 US. Anyone who has been to Worldcon in the last few years can appreciate that. Even if the difference becomes smaller i.e. \$1.00 US buys \$1.25 Canadian, the same room would then cost \$76.00 US. This still compares very favourably with Worldcon rates of the past three years.

The Hotel Fort Garry is only as far away from the Winnipeg Convention Centre as the Park Fifty-Five was from the Moscone entrance at ConFrancisco, and the walk is more amenable. They also offer a free shuttle service for their guests to The Forks market and shopping area, and since they have the Crystal Casino onsite, each room has a safe for valuables. The Travelodge distance to the Winnipeg Convention Centre is almost the same as to Fort Garry, but in the other direction. Additionally, the streets are well lit, clean and well maintained. A taxi, for those with tired, end of day feet, should cost between \$5-7 dollars Canadian to most hotels.

Groups bidding for future WorldCons will host Hospitality rooms in both the Sheraton and in the Place Louis Riel where the consuite is located. These two hotels are centrally located to the majority of the other hotels and to the Winnipeg Convention Centre. The Place Louis Riel and Sheraton are as close to the Winnipeg Convention Centre as the ANA was to

the Moscone. In other words, a block in Winnipeg is a shorter distance compared to a block in San Francisco.

The quality of rooms is equal to or superior to rooms in the United States for which you would expect to pay similar rates, in US dollars. There are plenty of rooms still available and they are all located at reasonable distances from activities.

There are three good markets (aside from the Forks Market) within a block or two of most of the hotels. There are also several smaller convenience stores, very close to the major hotels and Winnipeg Convention Centre. There is even a convenience store inside the Place Louis Riel, so after visiting the consuite for a soda pop, you can pick up some supplies for your room. Restaurants abound in downtown Winnipeg, with a wide variety of selection, and price ranges. Last but not least, the Winnipeg Convention Centre is planning to offer a cafeteria with reasonable prices!

If your spouse or relative finds other activities more entertaining than the convention, look for this. On the block between the PLR and Holiday Inn is Eaton Place, with a sky walk to Eaton's Department store, with a sky walk to Portage Place, with a skywalk to the Hudson's Bay Department store. More than enough shopping for those who "shop til they drop". (This is also an indoor route between the Travelodge and the Convention Centre, if your wallets can stand it.)

Museums abound and the Children's Museum will have opened its new location at The Forks. Although response to organized field trips for Kids programming has been weak, it doesn't mean the fans can't go!

If you are not already a Conadian member, you may purchase a membership by completing the appropriate information and enclosing payment for the membership fee. If you are already a member, do not send any money with your ballot.

§ Deadline

Ballots must be postmarked by **July 31, 1994**, and received by **August 6, 1994**, to ensure that they will be counted. Please mail as early as possible. Overseas members should send their nominations airmail. Mail your ballot to: 1994 Hugo Awards, Seth Goldberg, Voting Administrator, P.O. Box 271986, Concord, California, 94527-1986, U.S.A. Within Canada, you may mail your ballot to the Conadian main office: Conadian, Attn: Hugo Awards, P.O. Box 2430, Winnipeg, Manitoba, R3C 4A7. However we cannot guarantee that last-minute ballots sent to this address will be received in time to be counted. *We strongly recommend that you use an envelope*; stapled mail will usually be mutilated or rejected by the post office. Taping the ballot shut is permissible in U.S. domestic mail only. You can fax your ballot to (707) 746-5195. *Do not E-mail your ballot.*

Please be sure to fill in the previous page and mail *all four pages*. We cannot count your ballot if you do not do this. For faxed ballots, it is not necessary to send the instruction page or a cover sheet.

§ How to Vote

This ballot uses a modified version of the Alternative Vote system, sometimes known as the "Australian ballot". To vote, mark your choices in each category in **order of preference**: "1" for first place, "2" for second place, and so on. You are not required to rank all the nominees in any category, and we recommend that you not vote in any category in which you are not familiar with a majority of the nominees. If you decide not to vote in a given category, **leave it blank**. Note that "No Award" is not an abstention, but a vote that *none of the nominees* should be given the award in question. When the ballots are counted, all the first-place choices will be tabulated. If no nominee has received half or more of the votes, the nominee with the fewest first-place votes will be eliminated, and its votes transferred to the nominees marked "2" on those ballots. This process of elimination will continue until one nominee receives half or more of the votes, at which point it becomes the winner (unless its votes are outnumbered by "No Award" votes under specific conditions described in Section 2.9.3 of the WSFS Constitution). A few tips may help you in voting:

1) Please keep in mind that second and further preferences play no part in the voting *unless and until your first choice is eliminated*. This is not a point system where many voters' second choice can overwhelm a few voters' first choice. We suggest that after marking your first choice, you proceed by imagining that it has disappeared from the ballot, and placing your "2" by the remaining nominee you most prefer, and so on. This mimics the way the ballots will actually be counted. Thus, even if your heart is set on one nominee, don't hesitate to give "2"s and other high rankings to other nominees you consider worthy of the award.

2) Nevertheless, if your top choices are eliminated early, your lowest preferences could be the tiebreaker between the remaining nominees, so **choose all your preferences carefully!** No matter how much you dislike a nominee, if you rank it the vote will be counted if the counting gets down that far. We recommend that you not rank a nominee that you do not consider worthy of the award. In this way you can be sure of casting your vote against it in all circumstances.

§ The Nominees

The nominees that follow were chosen by popular vote by 649 members of Conadian or ConFrancisco who submitted valid nominating ballots. In some categories more than 5 nominations appear due to tie votes. In the "Original Artwork" category only 3 nominees appear, as no other candidates appeared on at least 5% of the ballots cast in that category, as required by Section 2.6 of the WSFS Constitution for 4th and 5th nominees.

Owing to a severe disparity among the short fiction categories in the number of nominations received by the leading candidates, to achieve a fairer balance the administrators exercised the option provided by Section 2.2.1 of the WSFS Constitution to relocate stories within 5,000 words of the category limits into adjacent categories. Three stories were relocated: "Dancing on Air" to Novelette from Novella; "Death on the Nile" and "England Underway" to Short Story from Novelette. As a result of this relocation, the threshold for appearing on the ballot in all three short fiction categories is the same: 28 nominations. (What is now the 5th place short story received 35 nominations, but no short story received between 28 and 34 nominations.) If no relocation had been made, the threshold would have varied from 28 to 60 nominations (a range of 32), and two stories with 28 or more nominations would not have appeared on the ballot.

Hard Landing, by Algis Budrys (Warner Questar), received enough votes to be nominated for Best Novel, but was ruled ineligible due to having first been published in magazine format in 1992. Nicola Griffith received enough votes to be nominated for the John W. Campbell Award, but was ruled ineligible due to professional publication of fiction in the science fiction and fantasy field prior to 1992.

1997 Worldcon Site Selection Ballot

Voting Instructions—Please Read Carefully Before Voting

1. You must be an attending or supporting member of ConAdian to be eligible to vote for the site of the 1997 World Science Fiction Convention (Worldcon 55). If you are not yet a member of ConAdian, enclose a *separate* payment for a supporting or attending membership to ConAdian with this ballot.

2. You may vote by mail or in person at ConAdian. If you vote by mail, after marking the voting area below the dotted line, fold the bottom half up to meet the dotted line and seal the ballot by using a small piece of clear tape. *Please do not staple your ballot.* If you vote at ConAdian, the administrators will give you a validated ballot after confirming your eligibility and collecting the voting fee; after marking your ballot, deposit it in the ballot box. The polls will be open at ConAdian until 18:00 (6:00 PM) on Saturday, September 3, 1994. To vote by mail, send your ballot and voting fee to:

ConAdian
Site Selection Voting
PO Box 2430
Winnipeg MB R3C 4A7 CANADA

3. Complete the information requested on the other side of this ballot. The information you give will be how the winning bid records you in its files.

4. You must pay the voting fee (Can\$35 or US\$25). **Make your cheque payable to "The 55th World Science Fiction Convention."** Do not make your cheque payable to ConAdian or any bid committees. Payment of this fee entitles you to vote and makes you a supporting member of the 1997 Worldcon, no matter who wins the election. If you do not pay the voting fee, you may not vote. Voting fees are not refundable. If you attempt to pay your voting fee with a credit card or combine your voting fee payment with a membership to ConAdian, your ballot will be rejected and returned to you.

5. (Optional) All bids listed on the ballot have agreed to accept CAN\$85/US\$60 as a full attending membership for voters. You may choose to pay your entire attending membership now, rather than paying the voting fee and having to upgrade to an attending membership later. If you pay the larger amount, you will automatically become an attending member of the 1997 Worldcon, assuming one of the bids listed on the ballot wins the election.

6. If you choose to not pay for a full attending membership when you vote, you may convert your supporting membership in the 1997 Worldcon to an attending membership by paying a conversion fee to the winning Worldcon committee after the election. For at least 90 days after ConAdian, the conversion fee will not be more than US\$50. Contact the winning committee for conversion information.

7. The bid committees that filed acceptable qualification papers by March 5, 1994 appear on the ballot. Also listed are "No Preference," "None of the Above," and space for write-in votes. "No Preference" is the same as an abstention and is counted as if it were a blank ballot. "None of the Above" is treated as a candidate. If "None of the Above" wins, the site of the 1997 Worldcon will be decided at the World Science Fiction Society business meeting held on Sunday, September 4, 1994 at ConAdian. Write-in votes will be counted, but a write-in committee can win only if it files acceptable qualification papers by the close of balloting at ConAdian.

8. Voting is by the "preferential ballot" system. Place a "1" besides your first choice, "2" beside your second choice, and so on. You do not have to indicate any preference besides your first preference. If you mark an "X" with no further marks, it will count as a first-place vote with no further preferences. If the administrators are unable to determine your preferences, your ballot will be counted as "illegal/illegal."

9. Voters who are not "natural persons" (for example, "guest of" memberships or memberships in the name of clubs, companies, inanimate objects, or animals) may vote only for "No Preference." The administrators will change any ballot voted by a non-natural person to "No Preference" if necessary.

10. If you have more than one membership in your name, you must vote any ballot you cast (other than the first one) as "No Preference." The administrators will change the second and successive ballots cast by the same person to "No Preference" if necessary.

11. Each supporting and attending membership in ConAdian may be voted only once. If you have a ConAdian membership which somebody else transferred to you, you may not vote if the original owner of the membership has already voted using that membership.

CHILDCARE AND KIDCON NEWS

ALL PARENTS PLEASE READ

When traveling to Winnipeg this September, it is important that all parents and children must carry their birth certificates. This document not only provides proof of age, but also place of birth and family (custody). We also suggest medical insurance.

We need good condition books, "non-violent" toys and cribs/playpens (made after 1986 so as to conform to Canadian standards). If you have anything to contribute, please let us know. Unless otherwise requested, these items will be donated to various local organizations after the con.

Child care and Kidcon will be open during the day one hour before adult programming starts until 6 PM. Children's movies will be shown from 7 PM until 1/2 hour after adult programming ends (not including parties and filking). We be having 2 movie rooms in the Carlton Inn (Best Western) which will hopefully accommodate 2 different age groups. (ie. "Disney" for younger children and "Star Wars" type for older children.) If you have any suggestions for movies please let us know.

CHILDCARE:

(For children aged 2-5. -Private baby-sitters will be made available for infants) If you wish to use our child care services during the con, we need to know the days (Thursday, Friday, etc.) by June 30. We cannot guarantee spaces after this date. Your first day of child care is free, the remaining cost is \$18 per day. Note: there are a limited number of

spaces available before and after the con for volunteers involved in set up and tear down - get your requests in early.

KIDCON:

(For fans aged 6-14.)

A convention specially designed for the little people! Parents would you be interested in running an activity? Do you have any programming ideas; what would you like to see at the con? Do you like the idea of having field trips off the con site? Drop us a line.

JOIN THE PARTY! Vote San Antonio in '97

Al and Mo, Tank and Bev are at the head of the parade, and if you look real close you may see a bunch of other people you know ready to vote for San Antonio in '97. How 'bout you? Remember, you're the one who decides where the '97 Worldcon will be. And it's easy to vote, whether your travel plans call for a trip north or not.

All you need to vote is an Attending or Supporting membership in Conadian, the 1994 Worldcon. Attending memberships are \$125US, while Supporting memberships are just \$25US. Another \$25US will get you an automatic Supporting membership in the winning Worldcon when you vote. For just \$60US when you vote, you automatically get an Attending membership in the 1997 Worldcon. You can write Conadian at: PO Box 7111, Fargo, ND 58109.

Thanks for all your support over the last few years.

As you can see, there are a LOT of hotels rooms in downtown San Antonio.

Technically speaking, there are over 6,400 hotel rooms in the area.

Now to be completely honest, not ALL of these hotels are included in our room block, but an awful lot of them are. And you'll notice that nearly

3,500 rooms are within three short blocks of the convention center. Again, to be honest, one location has no rooms: the ☆ marks the Alamo, the most popular tourist destination in the entire state of Texas.

Jeez, would ya look at the size of this thing... And that's just the street level! There's two other levels, one up and one down by the Riverwalk around the River Court, with another 27 rooms and a rehearsal hall. The Dealers' Room (Hucksters in some dialects), Art Show and possibly a ConCourse will be in the North and South Exhibit Halls with 225,000 square feet between them. Now, we're not REAL sure where everything else is gonna end up, but you can see we've got the room(s). And this doesn't even count function space at the hotels!! Even better, it's completely ADA-compliant!

WRITERS WORKSHOP

by Adrienne Foster

The ConAdian Writers Workshop has a mutual help group function. It gives new writers the opportunity to have their manuscripts evaluated by selling authors who enjoy helping them grow as artists. This is not a competition. Participants work in a quiet room that is closed off from the rest convention, where constructive criticism is given in private. Due to the nature of this workshop, it is not recommended for anyone under eighteen.

To participate, there is a nominal fee to cover the photocopying and postage costs. All manuscripts must be submitted in advance as there will be no on-the-spot reading for critiques. You also need to be prepared to attend your assigned section. Each section lasts three hours.

Multiple submissions will be accepted; however, the entry fee is for one manuscript only. Because of possible limitations in scheduling, we can only guarantee one submission per member will be workshopped.

We ask that each manuscript be accompanied by a separate check or money order in case it needs to be returned. Second submissions will be scheduled on a first-come-first-served basis. Please be specific which manuscript you most want workshopped.

A collaboration is treated as a single entity, except that each member of the team receives his or her own copy of the other manuscripts to critique in their section. Manuscripts may be either novels or short stories. Workshop requirements are:

1. Stories must be either science fiction, fantasy, horror, or have a fantastic element of some kind.
2. The Writers Workshop Coordinator must receive all submissions no later than June 15, 1994.
3. Manuscript submissions can have up to 30 pages. Manuscript format should conform to acceptable professional submission standards.
4. Longer pieces or novels must include

a synopsis with a writing sample (the beginning is preferred). The synopsis counts as part of the 30 pages.

5. Manuscripts must be accompanied by: a) your ConAdian membership number, or a payment for a full attending membership; and

b) a check or money order for U.S. members, \$20.00 US, Canadian members, \$32.50 Canadian, or overseas members, \$30.00 US/\$39.00 Canadian.

Send manuscripts and inquiries to:
ConAdian Writers Workshop
P.O. Box 6783
San Jose, CA 95150-6783 USA
or call (408) 243-2392.

You can send submissions to the central ConAdian address, but that does not guarantee they will reach the workshop coordinator in time. Inquiries should be accompanied by a self-addressed, stamped envelope.

CONSTITUTION

of the World Science Fiction Society, September 1993

Article I - Name, Objectives, Membership, and Organization

Section 1.1: The name of this organization shall be the World Science Fiction Society, hereinafter referred to as WSFS or the Society.

Section 1.2: WSFS is an unincorporated literary society whose functions are:

1.2.1. To choose the recipients of the annual Hugo Awards (Science Fiction Achievement Awards).

1.2.2. To choose the locations and Committees for the annual World Science Fiction Conventions (hereinafter referred to as Worldcons).

1.2.3. To attend those Worldcons.

1.2.4. To choose the locations and Committees for the occasional North American Science Fiction Conventions (hereinafter referred to as NASFiCs).

1.2.5. To perform such other activities as may be necessary or incidental to the above purposes.

Section 1.3: No part of the Society's net earnings shall be paid to its members, officers, or other private persons except in furtherance of the Society's purposes. The Society shall not attempt to influence legislation or any political campaign for public office. Should the Society dissolve, its assets shall be distributed by the current Worldcon Committee or the appropriate court having jurisdiction, exclusively for charitable purposes. In this section, references to the Society include the Mark Protection Committee and all other agencies of the Society but not convention bidding or operating committees.

Section 1.4: The Membership of WSFS shall consist of all people who have paid membership dues to the Committee of the current Worldcon. Within ninety (90) days after a Worldcon, the administering Committee shall, except where prohibited by local law, forward its best information as to the names and postal addresses of all of its Worldcon members to the Committee of the next Worldcon.

Section 1.5:

1.5.1. Members of WSFS who cast a site-selection ballot with the required fee shall be supporting members of the selected Worldcon. The rights of supporting members of a Worldcon include the right to receive all of its generally distributed publications.

1.5.2. Voters have the right to convert to attending membership in the selected Worldcon within ninety (90) days of its selection, for an additional fee set by its Committee. This fee must not exceed two (2) times the voting fee and not exceed the difference between the voting fee and the fee for new attending members.

1.5.3. The rights of attending members of a Worldcon include the rights of supporting members plus the right of general attendance at said Worldcon and at the WSFS Business Meeting held thereat.

1.5.4. Other memberships and fees shall be at the discretion of the Worldcon Committee, except that they shall make provision for persons to become supporting members for no more than 125% of the site-selection fee, or such higher amount as has been approved by the Business Meeting, until a cutoff date no earlier than ninety (90) days before their Worldcon.

1.5.5. Any member of the Society shall have the right, under reasonable conditions, to examine the financial records and books of account of the current Worldcon Committee, all future selected Worldcon Committees, and the two immediately preceding Worldcon Committees.

Section 1.6: Authority and responsibility for all matters concerning the Worldcon, except those reserved herein to WSFS, shall rest with the Worldcon Committee, which shall act in its own name and not in that of WSFS.

Section 1.7: Every Worldcon Committee shall include the following notice in each of its publications:

"World Science Fiction Society", "WSFS", "World Science Fiction Convention", "Worldcon", "NASFiC", and "Hugo Award" are service marks of the World Science Fiction Society, an unincorporated literary society.

Section 1.8: Each Worldcon Committee should dispose of surplus funds remaining after accounts are settled for the current Worldcon for the benefit of WSFS as a whole. Each Worldcon Committee shall submit an annual financial report, including a statement of income and expenses, to each WSFS Business Meeting after the Committee's selection. Each Worldcon Committee shall submit a report on its cumulative surplus/loss at the next Business Meeting after its Worldcon. In the event of a surplus, subsequent annual financial reports regarding the disbursement of said Worldcon surplus shall be filed at each year's Business Meeting by the Worldcon Committee, or any alternative organizational entity established to oversee and disburse that surplus, until the surplus is totally expended or an

amount equal to the original surplus has been disbursed.

Article II - Hugo Awards

Section 2.1: Introduction. Selection of the Hugo Awards shall be made as provided in this Article.

Section 2.2: Categories.

2.2.1: Best Novel. A science fiction or fantasy story of forty thousand (40,000) words or more appearing for the first time during the previous calendar year. A work originally appearing in a language other than English shall also be eligible for the year in which it is first issued in English translation. A story, once it has appeared in English, may thus be eligible only once. Publication date, or cover date in the case of a dated periodical, takes precedence over copyright date. A serial takes its appearance to be the date of the last installment. Individual stories appearing as a series are eligible only as individual stories and are not eligible taken together under the title of the series. An author may withdraw a version of a work from consideration if the author feels that the version is not representative of what said author wrote. The Worldcon Committee may relocate a story into a more appropriate category if it feels that it is necessary, provided that the story is within five thousand (5,000) words of the new category limits.

2.2.2: Best Novella. The rules shall be the same as those for Best Novel, with length between seventeen thousand five hundred (17,500) and forty thousand (40,000) words.

2.2.3: Best Novelette. The rules shall be the same as those for Best Novel, with length between seven thousand five hundred (7,500) and seventeen thousand five hundred (17,500) words.

2.2.4: Best Short Story. The rules shall be the same as those for Best Novel, with length less than seven thousand five hundred (7,500) words.

2.2.5: Best Non-Fiction Book. Any non-fictional work whose subject is the field of science fiction, fantasy, or fandom appearing for the first time in book form during the previous calendar year.

2.2.6: Best Dramatic Presentation. Any production in any medium of dramatized science fiction or fantasy which has been publicly presented for the first time in its present dramatic form during the previous calendar year. In the case of individual programs presented as a series, each program is individually eligible, but the series as a whole is not eligible; however, a sequence of installments constituting a single dramatic unit may be considered as a single program (eligible in the year of the final installment).

2.2.7: Best Professional Editor. The editor of any professional publication devoted primarily to science fiction or fantasy during the previous calendar year. A professional publication is one which had an average press run of at least ten thousand (10,000) copies per issue.

2.2.8: Best Professional Artist. An illustrator whose work has appeared in a professional publication in the field of science fiction or fantasy during the previous calendar year.

2.2.9: Best Original Artwork. Any original piece of science

fiction or fantasy artwork first published during the previous calendar year.

2.2.10: Best Semiprozine. Any generally available non-professional publication devoted to science fiction or fantasy which has published four (4) or more issues, at least one (1) of which appeared in the previous calendar year, and which in the previous calendar year met at least two (2) of the following criteria: (1) had an average press run of at least one thousand (1000) copies per issue, (2) paid its contributors and/or staff in other than copies of the publication, (3) provided at least half the income of any one person, (4) had at least fifteen percent (15%) of its total space occupied by advertising, or (5) announced itself to be a semiprozine.

2.2.11: Best Fanzine. Any generally available non-professional publication devoted to science fiction, fantasy, or related subjects which has published four (4) or more issues, at least one (1) of which appeared in the previous calendar year, and which does not qualify as a semiprozine.

2.2.12: Best Fan Writer. Any person whose writing has appeared in semiprozines or fanzines or in generally available electronic media during the previous calendar year.

2.2.13: Best Fan Artist. An artist or cartoonist whose work has appeared through publication in semiprozines or fanzines or through other public display during the previous calendar year. Any person whose name appears on the final Hugo Awards ballot for a given year under the Professional Artist category shall not be eligible in the Fan Artist category for that year.

2.2.14: Additional Category. Not more than one special category may be created by the current Worldcon Committee with nomination and voting to be the same as for the permanent categories. The Worldcon Committee is not required to create any such category; such action by a Worldcon Committee should be under exceptional circumstances only; and the special category created by one Worldcon Committee shall not be binding on following Committees. Awards created under this paragraph shall be considered to be Hugo Awards.

Section 2.3: Extended Eligibility. In the event that a potential Hugo Award nominee receives extremely limited distribution in the year of its first publication or presentation, its eligibility may be extended for an additional year by a three-fourths (3/4) vote of the intervening Business Meeting of WSFS.

Section 2.4: Name and Design. The Hugo Award shall continue to be standardized on the rocket ship design of Jack McKnight and Ben Jason. Each Worldcon Committee may select its own choice of base design. The name (Hugo Award) and the design shall not be extended to any other award.

Section 2.5: "No Award". At the discretion of an individual Worldcon Committee, if the lack of nominations or final votes in a specific category shows a marked lack of interest in that category on the part of the voters, the Award in that category shall be cancelled for that year. In addition, the entry "No Award" shall be mandatory in each category of Hugo Award on the final ballot. In

any event, no Award shall be given whenever the total number of valid ballots cast for a specific category (excluding those cast for “No Award” in first place) is less than twenty-five percent (25%) of the total number of final Award ballots received.

Section 2.6: Nominations. Selection of nominees for the final Award voting shall be done by a poll conducted by the Worldcon Committee, in which each member of either the administering or the immediately preceding Worldcon as of January 31 of the current calendar year shall be allowed to make five (5) equally weighted nominations in every category. The Committee shall include with each nomination ballot a copy of Article 2 of the WSFS Constitution. Nominations shall be solicited for, and the final Award ballot shall list, only the Hugo Awards and the John W. Campbell Memorial Award for Best New Writer. Assignment to the proper category of nominees nominated in more than one category, and eligibility of nominees, shall be determined by the Worldcon Committee. No nominee shall appear on the final Award ballot if it received fewer nominations than the lesser of either: five percent (5%) of the number of nomination ballots cast in that category, or the number of nominations received by the third-place nominee in that category.

Section 2.7: Notification and Acceptance. Worldcon Committees shall use reasonable efforts to notify the nominees, or in the case of deceased or incapacitated persons, their heirs, assigns, or legal guardians, in each category prior to the release of such information. Each nominee shall be asked at that time to either accept or decline the nomination.

Section 2.8: Voting. Final Award voting shall be by mail, with ballots sent only to WSFS members. Final Award ballots shall include name, signature, address, and membership-number spaces to be filled in by the voter. Final Award ballots shall standardize nominees given in each category to not more than five (5) (six (6) in the case of tie votes) plus “No Award”. The Committee shall, on or with the final ballot, designate, for each nominee in the printed fiction categories, one or more books, anthologies, or magazines in which the nominee appeared (including the book publisher or magazine issue date(s)). Voters shall indicate the order of their preference for the nominees in each category.

Section 2.9: Tallying.

2.9.1: Counting of all votes shall be the responsibility of the Worldcon Committee, which is responsible for all matters concerning the Awards.

2.9.2: In each category, votes shall first be tallied by the voter’s first choices. If no majority is then obtained, the nominee who places last in the initial tallying shall be eliminated and the ballots listing it as first choice shall be redistributed on the basis of those ballots’ second choices. This process shall be repeated until a majority-vote winner is obtained.

2.9.3: After a tentative winner is determined, then unless “No Award” shall be the winner, the following additional test shall be

made. If the number of ballots containing votes listing “No Award” higher than the tentative winner plus the number of ballots listing “No Award” but not the tentative winner is greater than the number of ballots listing the tentative winner higher than “No Award” plus the number of ballots listing the tentative winner but not “No Award”, then “No Award” shall be declared the winner of the election.

2.9.4: The complete numerical vote totals, including all preliminary tallies for first, second, . . . places, shall be made public by the Worldcon Committee within ninety (90) days after the Worldcon.

Section 2.10: Exclusions. No member of the current Worldcon Committee nor any publications closely connected with a member of the Committee shall be eligible for an Award. However, should the Committee delegate all authority under this Article to a Subcommittee whose decisions are irrevocable by the Worldcon Committee, then this exclusion shall apply to members of the Subcommittee only.

Article III - Future Worldcon Selection

Section 3.1: WSFS shall choose the location and Committee of the Worldcon to be held three (3) years from the date of the current Worldcon. Voting shall be by mail or ballot cast at the current Worldcon with run-off ballot as described in Section 2.9. The

Where were you in '74

It's been 20 years since I went to my first SF convention, the Washington Worldcon in 1974. I figure that's as good a reason as any to hold a party, so I'm organizing a . . .

DisCon II Reunion Party

...to take place Saturday night of ConAdian. If you were at the convention (or wish you had been) you're welcome to join the fun. I'll post fliers at the con with the hotel, room & time.

If DisCon II was your first convention or first worldcon, and you'd like to help with organizing or running the reunion, drop me a note and I'll be in touch.

current Worldcon Committee shall administer the mail balloting, collect the advance membership fees, and turn over those funds to the winning Committee before the end of the current Worldcon. The minimum voting fee can be modified for a particular year by unanimous agreement of the current Worldcon Committee and all bidding committees who have filed before the deadline. The site-selection voting totals shall be announced at the Business Meeting and published in the first or second Progress Report of the winning Committee, with the by-mail and at-convention votes distinguished.

Section 3.2: Voting shall be limited to WSFS members who have paid at least twenty U.S. dollars (\$20.00) or equivalent towards membership in the Worldcon whose site is being selected. "No Preference" ballots may be cast by corporations, associations, and other non-human or artificial entities. "Guest of" memberships must be transferred to individual natural persons before being cast for other than "No Preference", with such transfers accepted by the administering convention.

Section 3.3: Site-selection ballots shall include name, signature, address, and membership-number spaces to be filled in by the voter. Each site-selection ballot shall list the options "None of the Above" and "No Preference" and provide for write-in votes, after the bidders and with equal prominence. The minimum fee in force shall be listed on all site-selection ballots.

Section 3.4: The name and address information shall be separated from the ballots and the ballots counted only at the Worldcon with two (2) witnesses from each bidding committee allowed to observe. Each bidding committee may make a record of the name and address of every voter. A ballot voted with first or only choice for "No Preference" shall be ignored for site selection. A ballot voted with lower than first choice for "No Preference" shall be ignored if all higher choices on the ballot have been eliminated in preferential tallying. "None of the Above" shall be treated as a bid for tallying and shall be the equivalent of "No Award" with respect to Section 2.9. If it wins, the duty of site selection shall devolve on the Business Meeting of the current Worldcon. If the Business Meeting is unable to decide by the end of the Worldcon, the Committee for the following Worldcon shall make the selection without undue delay. When a site and Committee are chosen by a Business Meeting or Worldcon Committee, they are not restricted by region or other qualifications, and the choice of an out-of-rotation site shall not affect the regional rotation for subsequent years. If no bids qualify to be on the ballot, the selection shall proceed as though "None of the above" had won.

Section 3.5: Bids from prospective Committees shall be allowed on the ballot by the current Worldcon Committee only upon presentation of adequate evidence of an agreement with the proposed sites' facilities, such as a conditional contract or a letter of agreement. To be eligible for site selection, a bidding committee must state the rules under which the Worldcon Committee will operate, including a specification of the term of office of their chief executive officer or officers and the conditions and procedures for the selection and replacement of such officer or officers. Written copies of these rules must be made available by the bidding committee to any member of WSFS on request. For both Worldcon and NASFiC bids, the aforementioned rules and agreements, along with an announcement of intent to bid, must be filed with the Committee that will administer the voting no later than 180 days prior to the official opening of the administering convention.

Section 3.6: To ensure equitable distribution of sites, North America is divided into three (3) regions as follows:

3.6.1: Western. Baja California, New Mexico, Colorado, Wyoming, Montana, Saskatchewan, and all states, provinces, and territories westward including Hawaii, Alaska, the Yukon, and the Northwest Territories.

3.6.2: Central. Central America, the islands of the Caribbean, Mexico (except as above), and all states, provinces, and territories between the Western and Eastern regions.

3.6.3: Eastern. Florida, Georgia, South Carolina, North Carolina, Virginia, West Virginia, Pennsylvania, New York, Quebec, and all states, provinces, and territories eastward including the District of Columbia, St. Pierre et Miquelon, Bermuda, and the Bahamas.

Section 3.7: Worldcon sites shall rotate in the order Western, Central, Eastern region. A site shall be ineligible if it is within sixty

(60) miles of the site at which selection occurs.

Section 3.8: A Worldcon site outside of North America may be selected by a majority vote at any Worldcon. In the event of such outside Worldcon being selected, there shall be a NASFiC in the region whose turn it would have normally been, to be held in the same year as the overseas Worldcon, with rotation skipping that region the following year. Selection of the NASFiC shall be by the identical procedure to the Worldcon selection except as provided below or elsewhere in this Constitution:

3.8.1: Voting shall be by written ballot administered by the following year's Worldcon, if there is no NASFiC in that year, or by the following year's NASFiC, if there is one, with ballots cast at the administering convention or by mail, and with only members of the administering convention allowed to vote.

3.8.2: Bids are restricted to sites in the appropriate region.

3.8.3: The proposed NASFiC voting fee can be set by unanimous agreement of the prospective candidates that file with the administering Committee.

3.8.4: If "None of the Above" wins on the first ballot, then no NASFiC shall be held and all voting fees shall be refunded.

Section 3.9: Each Worldcon Committee shall provide a reasonable opportunity for *bona fide* bidding committees for the Worldcon to be selected one year hence to make presentations.

Section 3.10: With sites being selected three (3) years in advance, there are at least three selected current or future Worldcon Committees at all times. If one of these should be unable to perform its duties, the other selected current or future Worldcon Committee whose site is closest to the site of the one unable to perform its duties shall determine what action to take, by consulting the Business Meeting or by mail poll of WSFS if there is sufficient time, or by decision of the Committee if there is not sufficient time.

Article IV - Powers of the Business Meeting

Section 4.1: Business Meetings of WSFS shall be held at advertised times at each Worldcon. The current Worldcon Committee shall provide the Presiding Officer and Staff for each Meeting. Meetings shall be conducted in accordance with *Robert's Rules of Order, Newly Revised*, the Standing Rules, and such other rules as may be published by the Committee in advance. The quorum for the Business Meeting shall be twelve members of the Society physically present.

Section 4.2: Each future selected Worldcon Committee shall designate an official representative to the Business Meeting to answer questions about their Worldcon.

Section 4.3: Except as otherwise provided in this Constitution, any committee or other position created by a Business Meeting shall lapse at the end of the next following Business Meeting that does not vote to continue it.

Section 4.4: There shall be a Mark Protection Committee of WSFS. The Mark Protection Committee shall consist of one (1) member appointed to serve at the pleasure of each future selected Worldcon Committee and each of the two (2) immediately preceding Worldcon Committees, one (1) non-voting member appointed to serve at the pleasure of each future selected NASFiC Committee and for each Committee of a NASFiC held in the previous two years, and nine (9) members elected three (3) each year to staggered three-year terms by the Business Meeting. Of the nine elected members, no more than three may be residing, at the time of election, in any single North American region, as defined in Section 3.6. Newly elected members take their seats, and the term of office ends for elected and appointed members whose terms expire that year, at the end of the Business Meeting. If vacancies occur in elected memberships in the Committee, the remainder of the position's term may be filled by the Business Meeting, and until then temporarily filled by the Committee.

Section 4.5:

4.5.1: The Mark Protection Committee shall be responsible for registration and protection of the marks used by or under the authority of WSFS.

4.5.2: The Mark Protection Committee shall submit to the Business Meeting at each Worldcon a report of its activities since the previous Worldcon, including a statement of income and expense.

4.5.3: There will be a meeting of the Mark Protection Committee at each Worldcon after the end of the Business Meeting, at a time and place announced at the Business Meeting.

4.5.4: The Mark Protection Committee shall determine and elect its own officers.

Article V - Constitution

Section 5.1: The conduct of the affairs of WSFS shall be determined by this Constitution together with all ratified amendments hereto and such Standing Rules as the Business Meeting shall adopt for its own governance.

Section 5.2: In all matters arising under this Constitution, only natural persons may introduce business, nominate, or vote, except as specifically provided otherwise in this Constitution. No person may cast more than one vote on any issue or more than one ballot in any election. This shall not be interpreted to prohibit delivery of ballots cast by other eligible voters.

Section 5.3: The WSFS Constitution may be amended by a motion passed by a simple majority at any Business Meeting but only to the extent that such motion is ratified by a simple majority at the Business Meeting of the subsequent Worldcon.

Section 5.4: Any change to the Constitution of WSFS shall take effect at the end of the Worldcon at which such change is ratified, except that no change imposing additional costs or financial obligations upon Worldcon Committees shall be binding upon any Committee already selected at the time when it takes effect.

Section 5.5: Within two (2) months after the end of each Worldcon, the Business Meeting staff shall send a copy of all changes to the Constitution and Standing Rules, and all items awaiting ratification, to the next Worldcon Committee.

Section 5.6: The Constitution of WSFS, together with an explanation

of proposed changes approved but not yet ratified, and the Standing Rules shall be printed by the current Worldcon Committee, distributed to all WSFS members at a point between nine and three months prior to the Worldcon, and distributed to all WSFS members in attendance at the Worldcon upon registration.

Standing Rules for the Governance of the World Science Fiction Society Business Meeting

Rule 1: Business of the Annual Meeting of the World Science Fiction Society shall be transacted in one or more sessions called Preliminary Business Meetings and one or more Main Business Meetings. The first session shall be designated as a Preliminary Business Meeting. At least eighteen (18) hours shall elapse between the final Preliminary Business Meeting and the one or more Main Business Meetings. One Business Meeting session shall also be designated the Site-Selection Meeting where site-selection business shall be the special order of business.

Rule 2: The Preliminary Business Meetings may not pass, reject, or ratify amendments to the Constitution, but the motions to "object to consideration", to "lay on the table", to "divide the question", to "postpone" to a later part of the Preliminary Business Meetings, and to "refer" to a committee to report later in the same Annual Business Meeting are in order when allowed by *Robert's Rules*. The Preliminary Business Meetings may alter or suspend any of the rules of debate included in these Standing Rules. Motions may be amended or consolidated at these Meetings with the consent of the original maker. Absence from these Meetings of the original maker shall constitute consent to amendment and to such interpretations of the intent of the motion as the Presiding Officer or the Parliamentarian may in good faith attempt.

Rule 3: 3.1: Nominations from the floor for election to the Mark Protection Committee shall be allowed at each Preliminary Business Meeting. To be listed on the ballot, nominees must, before the end of the last Preliminary Business Meeting or such later deadline as the Secretary may specify, submit to the Presiding Officer, in writing, their consent and regions of residence.

3.2: Elections to the Mark Protection Committee shall be in special order of business at a Main Business Meeting. Voting shall be by written preferential ballot with write-ins allowed. Write-in candidates who do not submit their written consent and regions of residence before the ballots are collected shall be ignored. The ballot shall list, with the nominees, their region of residence and shall omit all nominees who can not be elected due to the regional residence restrictions in the Constitution. In interpreting said regional residence restrictions, members of the Committee shall represent their region of residence at the time of their election for their entire 3-year term, i.e., the phrase "at the time of election" in the Constitution means "at the time at which they were elected."

3.3: The first seat filled will be filled by normal preferential ballot procedures. That person's votes, as well as votes for another nominee who has now become ineligible (because region's quota is filled), will be eliminated, and the procedure will be restarted from the beginning. This continues until all places are filled.

Rule 4: The deadline for the submission of non-privileged new business shall be two hours after the official opening of the Worldcon or eighteen hours before the first Preliminary Business Meeting, whichever is later. The Presiding Officer may accept otherwise qualified motions submitted after the deadline, but all such motions shall be placed at the end of the agenda. The Presiding Officer will reject as out of order any proposal or motion which is obviously illegal or hopelessly incoherent in a grammatical sense.

Rule 5: Two hundred (200) identical, legible copies of all proposals for non-privileged new business shall be submitted to the Presiding Officer before the deadline given in Rule 4 unless they have actually been distributed to the attendees at the

Worldcon by the Worldcon Committee. All proposals or motions shall be legibly signed by the maker and at least one seconder.

Rule 6: Any main motion presented to a Business Meeting shall contain a short title.

Rule 7: Debate on all motions of less than fifty (50) words shall be limited to six (6) minutes. Debate on all other motions shall be limited to twenty (20) minutes; if a question is divided, these size criteria and time limits shall be applied to each section. Time shall be allotted equally to both sides of a question. Time spent on points of order or other neutral matters arising from a motion shall be charged one half to each side. The Preliminary Business Meeting may alter these limits, to any positive whole number of minutes, for a particular motion by a majority vote.

Rule 8: Debate on all amendments to main motions shall be limited to five (5) minutes, to be divided as under Rule 7.

Rule 9: Unless it is an amendment by substitution, an amendment to a main motion may be changed only under those provisions allowing modification through the consent of the maker of the amendment, i.e., second-order amendments are not allowed except in the case of a substitute as the first-order amendment.

Rule 10: A person speaking to a motion may not immediately offer a motion to close debate or to refer to a committee. Motions to close debate will not be accepted until at least one speaker from each side of the question has been heard, nor will they be accepted within one minute of the expiration of the time allotted for debate on that motion. The motion to table shall require a two-thirds vote for adoption.

Rule 11: In keeping with the intent of the limitations on debate time, the motion to postpone indefinitely shall not be allowed.

Rule 12: A request for a division of the house (an exact count of the voting) will be honored only when requested by at least ten percent (10%) of those present in the house.

Rule 13: Motions, other than Constitutional amendments awaiting ratification, may be carried forward from one year to the next only by being postponed definitely or by being referred to a committee.

Rule 14: These Standing Rules, and any others adopted by a Preliminary Business Meeting, may be suspended for an individual item of business by a two-thirds majority vote.

Rule 15: The sole purpose of a request for a "point of information" is to ask the Presiding Officer or the Parliamentarian for an opinion of the effect of a motion or for guidance as to the correct procedure to follow. Attempts to circumvent the rules of debate under the guise of "points of information" or "points of order" will be dealt with as "dilatatory motions" as specified in *Robert's Rules of Order, Newly Revised*.

Rule 16: Citations to Articles, Sections, or other parts of the Constitution or Standing Rules, in amendments thereto, are for the sake of easy reference only. Changes in the enumeration of Articles, Sections, Rules, and parts thereof and correct insertions, deletions, renumbering, and changes to internal cross references, when required by adopted amendments, will be provided by the Secretary of the Business Meeting in the Constitution,

Standing Rules, and Business Passed On certified to the next Worldcon. Therefore, motions from the floor to renumber or correct citations, because of an adopted amendment, will not be in order. Unless otherwise ordered by the Business Meeting, the Secretary will adjust any other provision of the Constitution and Standing Rules equally affected by an amendment to the Constitution, and will adjust any other provision of the Standing Rules equally affected by an amendment to the Standing Rules. Resolutions and rulings of continuing effect may be repealed or amended at subsequent Business Meetings by majority vote without notice, and shall be automatically repealed or amended by applicable amendments to the Constitution or Standing Rules and by conflicting resolutions and rulings subsequently adopted or made. Any correction of fact to the Minutes or to the Constitution or Standing Rules as published should be brought to the attention of the Secretary and to that of the next available Business Meeting as soon as they are discovered.

Rule 17: At all sessions of the Business Meeting, the hall will be divided into smoking and non-smoking sections by the Presiding Officer of the Meeting.

Rule 18: The motion to adjourn the Main Meeting will be in order after the amendments to the Constitution proposed at the last Worldcon Business Meeting for ratification at the current Business Meeting have been acted upon.

Rule 19: At the Site-Selection Meeting fifteen (15) minutes shall be allotted to each of the future selected Worldcons. During the first five (5) minutes, their representative may make such presentations as they may wish. The remaining time shall be

available for questions to be asked about the representative's Worldcon. Questions may be submitted in writing at any previous session of the Business Meeting and if so submitted shall have priority (if the submitter is present at Question Time and still wishes to ask the question) except that under no circumstances may a person ask a second question as long as any person wishes to ask a first question. Questions are limited to fifteen (15) seconds and answers to two (2) minutes. Any of these time limits may be adjusted for any presentation or question by majority vote. If time permits at the Site-Selection Meeting, bidders for the convention one year beyond the date of the Worldcon being voted upon will be allotted five (5) minutes each to make such presentations as they may wish.

Rule 20: These Standing Rules shall continue in effect until altered or rescinded by a motion from the floor of any Business Meeting made by any WSFS member and adopted by majority vote of the Business Meeting. An amendment to the Standing Rules shall be effective immediately after the end of the Business Meeting at which it was passed.

Rule 21: Before voting on a motion to call the question, the Presiding Officer shall, without debate, ask for a show of hands of those persons wishing to speak on the matter under consideration.

Rule 22: All committees are authorized to organize themselves in any lawful manner and to adopt rules for the conduct of their business, which may include mail ballots, subject to any contrary provisions of the Constitution, the Standing Rules, or the instructions of the Society.

Business Passed On to ConAdian

Items 1 through 3 below have been given first passage, and will become part of the Constitution if ratified at ConAdian.

Item 1: Short Title: Retro-Hugos
MOVED, to amend Article II, Hugo Awards, of the WSFS Constitution, by adding:

“Section 2.11: Retrospective Hugos. A Worldcon held 50, 75, or 100 years after a Worldcon at which no Hugos were presented may conduct nominations and elections for Hugos which would have been presented at that previous Worldcon.

“Procedures shall be as for the current Hugos. Categories receiving insignificant numbers of nominations may be dropped.

“Once retrospective Hugos have been awarded for a Worldcon, no other Worldcon shall present retrospective Hugos for that Worldcon.”

This motion would allow a Worldcon held 50, 75, or 100 years after 1939, 1940, 1941, 1946, 1947, 1948, 1949, 1950, 1951, 1952, or 1954 to award retrospective Hugos for that earlier year, provided that no previous Worldcon has awarded retrospective Hugos for that year.

Item 2: Short Title: Modify NASFiC Provisions

MOVED, to change section 3.8.4 of the WSFS Constitution to:

“3.8.4: If “None of the Above” wins, or if no eligible bid files by the deadline, then no NASFiC shall be held and any voting fees collected for the NASFiC shall be refunded by the administering convention without undue delay.”

This motion is in line with recent changes to make it easier for No Award to win the Hugos. If the majority of the voters don't like

any of the NASFiC bidders or there are no eligible bids, it would not be necessary for the Business Meeting to pick a NASFiC site.

Item 3: Short Title: Modification of Campbell Award

MOVED, to amend section 2.6 of the WSFS Constitution by striking out “John W. Campbell Memorial Award for Best New Writer” and inserting “John W. Campbell Award for Best New Science Fiction Writer.”

This change reflects the wishes of the sponsor of the Campbell Award, Dell Publications. It has no impact on the eligibility rules.
