TIPS AND TRICKS

Drinking Water Yes, in Winnipeg you really can drink water straight from the taps. It is clean and healthy with no disagreeable taste. You don't have to buy bottled water unless you want to.

Legal Drinking Age In case you are planning on drinking something other than water, the legal drinking age in the Province of Manitoba (and thus the City of Winnipeg) is 18.

Foreign Currency We recommend that you change your foreign currency into Canadian dollars at a bank. Most Winnipeg stores and restaurants will accept American dollars, but they often won't offer a very good exchange rate. Most Winnipeg stores and restaurants won't accept any currency other than American or Canadian. In other words, you can't use French francs or Japanese yen.

Panhandlers There are a number of panhandlers in Winnipeg's downtown area. They are generally harmless. By law, they are allowed to ask for money. You are not required to give it to them. They are not allowed to follow you around or harass you.

Walking in the City Winnipeg is a pretty safe city, and there aren't any really dangerous areas, but there are some places where you should avoid walking alone after dark: Main Street North of City Hall, The Exchange District, particularly Albert Street and Higgins and behind the Legislative Building.

Parking Downtown In most of Winnipeg parking is not a problem. However, parking downtown during the day can be difficult and expensive. In the evenings, on Sundays and on holidays parking meters are free and unoccupied spaces are much easier to find. Parking illegally is not recommended. The average parking ticket costs \$15.00 (the maximum is \$50.00), and cars do occasionally get towed away.

FILM & VIDEO PROGRAM

Film programming will be held in meeting room 3&4 in the Convention Centre during the evening hours on Friday, Sat & Sun. Due to continuing discussions between this convention and film & TV companies around the world, we cannot confirm actual film titles & times. These WILL be posted in the Daily Newsletter.

WCC CINEMA

The Convention Cinema is NOT operated by the WCC but by an absentee operator. Negotiations for renting it were hampered by both distance and an unwillingness to give consideration to different proposals. The theatre management is under the impression that FANS would go to any SF Film that is shown and popcorn will always sell. In the end, we could not afford his price. Any convention member that wishes to see films shown in the cinema will be required to pay admission.

THE CITY GUIDE

THE NUMBERS GAME.

When visiting any new city, there are certain numbers which may occasionally become very useful. They fall into three categories; communications, currency and transportation.

While it is not possible to anticipate all of the bold adventurers' needs, the following includes a paranoid list of potentially handy numbers, and timely errata.

COMMUNICATIONS:

DUTY FREE OR REBATING THE GST

A brief note on the GST (Goods & Services Tax). As a non-resident of Canada, if the total GST amount paid on goods or accommodations is greater than \$7.00, you may apply for a rebate. Any goods purchased for return to your country of origin qualify for the rebate. Goods consumed or left in Canada do not qualify. Rebate forms can be obtained at any Canadian Duty Free Shop, or at Canada Customs, and may be filed, with appropriate receipts through the mail.

PARKING AND TRANSPORTATION

Parking in Winnipeg falls into three categories, meters, parking lots & parkades and illegal. Forget the last option, as large men with large trucks will take your vehicle away, and even Indiana Jones would be hard pressed to unearth it once it disappears into the quagmire of the local towing sub-culture. That leaves you with meters and lots.

Meters: A basic procedure, but pay close attention to the posted times that indicate when parking is allowed. It should be clearly marked on plates on the meters themselves. Failure to heed the appointed times will result in the large men & trucks scenario, and it just gets messy from there.

Lots and Parkades: Rates in Downtown Winnipeg average \$1.25 per hour during business hours, though most lots and parkades offer some sort of all day discount, as well as an overnight flat rate.

TAXI SERVICE

Cabs are available 24 hours a day. Persons requiring a wheelchair van simply specify such when calling the dispatcher. Appointments can also be made.

Blueline	925-8887
Luxury line	925-8888
Duffy's	775-0101
