

Welcome to LoneStarCon 3!

Registration is located inside the Convention Center at street level. Go through the lobby and it is on the right side and open the following hours.

Wednesday: 9 a.m to 7 p.m.	Thursday: 9 a.m to 7 p.m.	Friday: 9 a.m to 7 p.m.
Saturday: 9 a.m to 7 p.m.	Sunday: 9 a.m to 7 p.m.	Monday: 9 a.m to 1 p.m.

Directions from Hotels to Convention Center (Registration, Info, Exhibits, Programming, Dealers, Fan Tables, Dances and more):

From the Marriott RiverCenter (Con Suite, Hugos, Masquerade, Parties, Filk):

Street level path (dotted line, ADA access, fastest and no stairs, 10 min travel*):

Exit from lobby through side doors by Starbucks (not main entrance) turn right & cross Commerce St at the light to Marriott Riverwalk, follow sidewalk to first doors on left. Once through doors, go past elevators, turn right to proceed through lobby. (Directions continue from the Marriott Riverwalk).

From the Marriott Riverwalk (Childcare, Kaffeeklatches, Night Gaming):

From Lobby go out the main entrance (Market St), turn right, cross at the light and you will be at the Convention Center.

note: you cannot walk outside at street level along the back of the Riverwalk Hotel, you must enter the hotel to continue your journey.

Riverwalk path, at water level beneath Streets (arrow path, ADA access but see note, takes longest, is outside, 15-20 min travel*):

From Marriott Rivercenter: Take escalators or elevator from lobby down to the Riverwalk level. Exit through double doors and turn left. Follow the path along the river. You can take outside stairs up periodically (for example behind the Riverwalk Hotel) to reach street level at any time or enter through the bottom doors at both Marriott Riverwalk and Convention Center to get to the street level through the buildings. If entering the convention center from this level, you will need to go up one level to Street level for Registration.

note: Due to the high traffic volume of Labor Day crowds coupled with narrow points on the path, we encourage our less mobile members to use the Street level path above in getting to the convention center.

** All travel time are estimates based on average adult walking between average speed and strolling.*

Welcome to LoneStarCon 3

Welcome to Worldcon! Worldcon is the big event for science fiction fans with lots to do. But avoid falling into a rut and going to the same thing over and over. Yes, there are lots of panels featuring some of your favorite authors, artists, editors, and fellow fans. But don't neglect other aspects of this convention. We have lots of exhibits with a different theme each day. Author readings are a great way to experience writers who may be new to you. A story is always better when told by the actual author. Kaffeeklatsches and Literary Beers are a fantastic opportunity to chat with program participants in a small group. You must sign up in advance at the Information table at Registration. The art show answers the question, what if great museums had science fiction art; the best way to experience the art show are the docent tours—ask at the art show desk. Everyone knows about the Hugo Award Ceremony, but don't overlook other awards, from the Chesley Awards for art (Fri. 9 PM CC103B) to the Golden Duck awards for Children's and Young Adult (Sat. 5 PM CC008A). And don't forget about the filking (singing), films, and dances. You may even want to stop in at the WSFS Business Meeting and help govern Worldcon fandom.

TODAY'S EVENTS

MUSIC

Thursday is our special music night (not that there won't be music at other times.) It starts at 6 PM in CC Ballroom A with a special concert featuring the multi-talented Seanan McGuire & Dead Sexy (eligible for her first nomination in Best Dramatic Presentation). At 7 PM, our Guest of Honor Leslie Fish will give a concert showing why she is one of the best-known filkers. The CC Ballroom A concert continues with the Captains of the Chess Team, a Texas triumph, at 8 PM, or play Name That Tune! In CC 101B. At 9 PM, SF author, scientist, and singer Catharine Asaro performs music from her *Diamond Star* novel in CC Ballroom A, while Leslie Fish runs her own filk room in Rivercenter Conference 12. There is a Regency dance at 9 PM in CC 008A. Open filk starts at 10 PM in Rivercenter Conference 7, 8, and 16. There will be a music related panel, Texas Roadhouse Blues: Speculative Fiction and Rock and Roll at 3 PM in CC 006A. Sing out!

FILM FESTIVALS

Three Hugo Nominees will be shown Thursday. *The Avengers* (CC 006D at 8 PM); *Doctor Who: Asylum of the Daleks* (CC 202A at 8 PM); and *Doctor Who: The Angels Take Manhattan* (CC 101B at 9 PM).

LSC3 Short Fan Films Festival - Rivercenter Conference 13-14 from Noon-2 PM. Five short fan films including *Hughes the Force* and *Batman Puppet Master*.

LSC3 SF Shorts Film Festival - Rivercenter Conference 13-14 from 2-4 PM. 10 short SF films including *Giant Rubber Monster Movie* and *Starboy Eternity*.

LSC3 Horror Shorts Film Festival - Rivercenter Conference 13-14 from 8-10 PM. Nine short horror films including *Wrong Number* and *Suckablood*.

Restaurant Reviews

Adina Adler writes: "For lunch today I went to Rosario's Cafe y Cantina, at 910 S. Alamo Street. It's a .9 mile walk from the Marriott Rivercenter, but it's definitely worth the effort. The complimentary chips come with a salsa that was green and smoky and just a little spicy. I ordered chicken mole, which was a boneless piece of chicken that was perfectly cooked and completely enveloped in a delicious and slightly sweet sauce, accompanied by rice, refried beans, and tortillas. All that for \$6.95, which I thought was a pretty good deal. My dining companion had a small bowl of chicken posole soup, which was so good that he regretted having only gotten a small bowl."

Dave Weingart added, "Heartily seconded for Rosario's. Order the cheese enchiladas with the mole sauce. Mmmmm." He also recommended the Green Vegetarian in the Pearl, about 2 miles north in the riverwalk. Vegetarian food, kosher. No alcohol, but very tasty food. Closed on Saturdays.

Laurie Mann recommended The Friendly Spot beer joint which is less than a block further down from Rosario's on S. Alamo. She also suggested Best Upscale: Restaurant: Gwendolyn and Best Breakfast: Taco Haven.

Richard Duffy said that coffee drinkers should skip the hotel Starbucks in favor of local outlets that use the Rewards benefits. Instead, go to the Starbucks at the lowest level of the Rivercenter Mall, tucked behind the Andean Fusion musicians' stand at the north end of the strip of water whose southern end is at the Convention Center. Easiest from the Marriott Rivercenter's western exit (Riverwalk-level), then down to the water and around the bend at right. Opens 7 PM every morning.

Rayguns Over Texas

Rayguns Over Texas: Reception & Readings, Thurs. 6:30-8 PM will take place at the Central Library ("The Red Enchilada"), 600 Soledad (zip: 78205). Note that transportation is not provided for LSC3 attendees.

Most of the 21 contributors—including Chris N. Brown, Mark Finn and Joe R. Lansdale—will be present for reading, talking, noshing, selling and signing—in other words, the whole enchilada of a "launching" sort of event.

This is open to the public, so come one come all. From the convention center, it's a .9 mile walk, a short bus or trolley ride, or a \$6 cab ride. If you're driving, there is a city parking structure next to the library; the first hour is free for library users.

For more info about the event: liboutreach@lonestarcon3.org.

In addition, there will be an old fashioned group reading in CC 007A on Sat. at 5 PM.

Hi WiFi

In the Convention Center Gallery there are three WiFi networks. Free Internet in the public areas is limited to 256K max. (Marriott lobbies also have free WiFi.) "Instant Internet" covers meeting rooms and Gallery, but not Hall A, at \$12.95 per calendar day for one device. Exhibitor Internet covers Hall A and is higher bandwidth for \$80/day (or \$240 for 5 days.)

Run (or Walk) Away

LoneStarCon begins each day with a Stroll with the Stars walk/run featuring some of your favorite science fiction people. This is a great way to get your exercise with Phil Foglio, Joe Halderman, David Brin, Shelia Williams and many others. Meet on the riverwalk downstairs from the Marriott Riverwalk at 9 AM.

Volunteer

The best way to enjoy LSC 3 is to volunteer. Even a few hours volunteering can be vital. Stop by Member Services at Registration. 15 hours gets you a free t-shirt, eligibility for prizes and access to the staff den. Volunteer 20 hours and you will be reimbursed if LSC3 makes a surplus.

Be Select

Help pick the sites for the 2015 Worldcon (Helsinki, Orlando, or Spokane) Visit Site Selection in Gallery next to the Dealer's Room. The voting fee of \$40 gives you a supporting membership in the winning convention. You can also vote for the 2014 NASFiC site (Detroit or Phoenix) for \$35.

Site Selection

The site for the 2015 Worldcon and 2014 NASFiC will be selected at LoneStarCon 3. Remember that as a member of LSC 3, you're eligible to vote in both.

Site selection hours are Thursday from noon – 6 pm, Friday and Saturday from 10 am to 6 pm. **Site selection will close on Saturday at 6 pm.**

Jukka Halme for Helsinki: Helsinki, the Pearl of the Baltic Sea, the melting pot of East European and West European culture, warmly welcomes you to our Northern capital city. We're an international crew of conrunners, with a Finnish core, and we're hoping to build the most international Worldcon yet. Let's put the "World" in to Worldcon!

Adam Beaton for Orlando: Of the choices you have, Orlando has the best location (inexpensive, easy to travel to, the most attractions and fun things to do), the best facilities (one hotel, function space on one level), and the best plan (to reduce Worldcon costs so more fans can come, outreach to new fans, free access to the exhibition hall, webcams and chatrooms for supporting members).

Alex von Thorn for Spokane: We have a great community of fans, authors, artists, and other creative talent and we want to show off our local talent to the rest of the world. We chose Spokane as a location because it has a facility perfect for a Worldcon in the heart of downtown, surrounded by restaurants, theatres, museums, and attractions.

We Want You (to Volunteer)

Volunteers are what keep a convention running and it's a great way to ~~get sucked into the insanity of conrunning~~ meet people. An hour of time is a big help. 15 hours gets you a free t-shirt and access to the staff den, 20 hours and you're eligible for reimbursement if LSC 3 has a surplus. Stop by the Member Services desk at registration.

Art Portfolio Reviews!

We are very excited to offer a rare opportunity to all aspiring LSC 3 artists. Several comics and art directors have agreed to review art portfolios in individual sessions. Weldon Adams, Lou Anders, Paul Benjamin, Neil Clarke, Jon Schnidehette and Toni Weisskopf have all agreed to participate. Sign up at the info desk.

The 74th Anniversary Worldcon Ball Game

Friday, 12 Noon, Convention Center Ballroom A

Come join us as we revive one of the oldest science fiction and fannish Worldcon traditions.

One of the highlights of the first WorldCon in 1939 was the July 4th softball game. It was an afternoon of fun, competition and delight in the SF community, with such luminaries as Charles Hornig, Sam Moskowitz, Ross Rocklyne, Dave Kyle, and Ray Bradbury in attendance.

Show your support and root for your favorites in the 74th Anniversary Worldcon Ball Game: Pros vs Fans. Players include Guest of Honor Norman Spinrad, LoneStarCon 3 Chairman Randy Shepherd, Harry Turtledove, SFWA President Steven Gould, Dave McCarty, Rick Wilber, Moshe Feder, Ingrid Neilson, Tim Miller, Joe Siclari and more. And Dave Kyle will be there too.

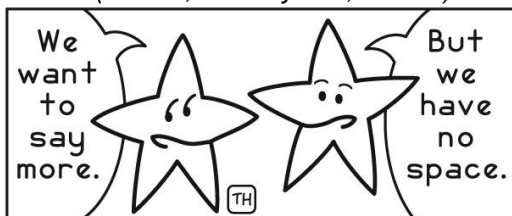

It's the Worldcon Championship, where the science fiction boys and girls of summer compete in the traditional sport of Worldcon. See world renowned Pros and Big Name Fans like you've never seen them before. Join in the drama of a bunted whiffleball, the pathos of the foul line. Find out if Rick Wilber can really run.

Come & join us.

Joe Siclari

LoneStarCon 3 Masquerade

The LSC 3 Masquerade Registration Desk is in the Convention Center, next to main registration. Come by to sign up for the masquerade as an entrant or to volunteer to help out (it's a great way to get up close and personal with some fabulous costumes). Masquerade registration is open Thu & Fri 9am – 6pm, Saturday 9am to noon. The Masquerade is Saturday at 8pm. *Costumes made and presented at-con will be eligible for a special award in each division (Novice, Journeyman, Master).*

First Worldcon

As I approached the registration desk on Wednesday afternoon, I saw many con badges sporting tails of colored ribbons.

"Ah," I thought, "those people must be important." Staff, volunteers, program participants ... Indeed, they are important.

Imagine my surprise when I received a multicolored "First Worldcon" ribbon: in my choice of two color schemes, no less.

That ribbon has brought me warm welcomes as I wander the convention, from street corners to the Spokane in 2015 party on Wednesday night. People have told me stories of their first Worldcons. They have given me advice both serious and humorous.

How awesome it is that LoneStarCon recognizes and celebrates newcomers. Kudos to the experienced attendees who are so eager to join in the welcoming. I encourage all new Worldcon attendees to ask for the First Worldcon ribbon and wear it with pride.

Rumor Control

Our investigation of the rumor that microphones were taken out of the WorldCon Hoaxes panel to prevent Steven Silver from defending decisions made at ChiCon finds it to be not only false, but completely ineffectual.

In a related note: San Antonio Crime Scene Cleanup has assured us there are no blood stains remaining on the moderator's chair.

Costumers' Helpers!

Want to see the costumes for the Masquerade up close and personal? Want to earn some volunteer points and get a great t-shirt? Come visit the Masquerade Registration Desk in the Convention Center next to Convention Registration and volunteer on Thursday from 9 to 6, Friday 9 to 6, or Saturday 9 to noon. We need you to help the costumers in the Masquerade Green Room, to make sure they don't fall or fly off the stage, to help the Fan Photo area manager in the Fan Photo area, and to help seat the audience (where you can pick your own seat) as an usher on Saturday evening. Be sure to check in at the Masquerade Registration Desk or with Volunteers (or whatever they're calling themselves, please amend if needed) to get your slot reserved. We need you!

NASA Program

We are so thrilled to formally announce a programming track dedicated to NASA space science and exploration.

A team from NASA including scientists and engineers like Heather Paul and astronaut Cady Coleman.

Sixteen programming events occurring Saturday and Sunday will take place. Program topics will include near-Earth asteroid exploration, Mars exploration and what really happened with the Apollo missions.

The NASA team will also participate in children's programming on Saturday to teach, interact and inspire the next generation of science and science fiction fans.

We are deeply grateful for this partnership and excited to host them and our wonderful guests of honor: James Gunn, Norman Spinrad, the late Darrell K Sweet, Ellen Datlow and Willie Siros. Along with Toastmaster Paul Cornell and specials guests Joe R. Landsdale, and Leslie Fish.

Keep an eye out for the NASA program info. (printed on pink paper) in the red Newsletter racks and on tables in the hotel lobbies.

Program Updates

Please see the back page of this issue for program updates (pretend it's pink!).

Kaffeeklatsch Directions

The kaffeeklatsches are being held in the Riverview room which is in the Marriott Riverwalk. It's the hotel across from the convention center.

To get to the Riverwalk room, people need to take the elevator one flight down but they must take the elevator that says P1. (P1 stands for parking level one and there is only one bank of elevators to take you down to this level.)

When they exit the elevator, the room is around the corner towards the left.

Setting the Stage – Opening Ceremony

Carole Parke

The GoHs were welcomed into a 1890s saloon. Ellen Datlow admitted to last being scared by George Bush. Norman Spinrad thinks that writers are going to have to write about the new reality of numerous earth-like planets being out there. Leslie Fish sang a song clip, much to the pleasure of the crowd. The most moving guest was Darrell K. Sweet's son, Darrell R. Sweet, standing in for his father. He said what his father most appreciated was that fans allowed him to do what he wanted to do. If you have any questions, Darrell encouraged people to come up and ask. He wants to share his dad's legacy. The Hugo base was revealed, but it was hard to see from near the back of the house. The Opening Ceremony, like a good drink, had enough flavor to get you interested in it without being cloying because it went on too long.

Siren Song

Carole Parker

The people who cleared out after the Opening Ceremonies missed hearing Seanan McGuire sing. While some last minute setup was happening, she introduced her backup band, pointed out where they were from, and said "It's cooler there," for everyone but the two Texans. I was able to move close to the stage, but the performance was slightly marred by sound issues. You could hear Seanan just fine, but anyone past the second row probably did not get to hear the wonderful Mary Crowell or Brenda Sutton. The guitars were "hot," which drowned out some of the other performers. If you missed hearing Seanan sing *Wicked Girls*, you need to make an effort to hear it before you head out of town.

Christmas Thank You

The Boston in 2020 Christmas Worldcon Bid would like to thank everyone who joined us Wednesday night! Please visit our table in the Gallery to buy raffle tickets for cool stuff!

Old School

Carole Parker

While tuning her twelve string guitar, Monster, Music Guest Leslie Fish realized "I know what I forgot. I forgot my whiskey in my green book bag." When the bottle was eventually given to her, Leslie splashed some on her fingers, and then put them on Monster, saying "water your horse first." Then, she took a swig. Her selection of songs included historical teaching songs as well as songs that everyone could join in on the chorus. Her response to the *Devil Come Down to Georgia* after hearing it numerous times was *Devil Come Down to Phoenix*, where the devil could not tempt anyone because they did not believe he existed. Leslie was the first filker to have her music played in space.

So Many Parties, So Little Time

by Party Animal

Last night the party pickings were good, both in quantity and quality.

Take Detroit in 2014, a chilled out, laid-back bid party. Mix in some good food (especially the strawberries) and you end up with not only great way to end the day, but a general good time.

Their friendly neighbor (and competitor) party, Phoenix 2014, must have had a flux capacitor hidden somewhere. From the black light to the (working!) Philco TV, the party was completely retro, with black lights and moving stars on the ceiling. All it needed was Frazetta posters.

The Orlando 2015 party played the Disney card, from the Cars stickers to the wonderful red velvet cupcakes with tiny Oreo “ears” on them. The food was meatballs, and they were good, too.

Spokane 2015 combined candy and Legos: edible Legos. Only the unfortunate shortage of building materials kept Your Furballer from -enacting the tale of the third pig.

Helsinki in 2015 featured tar syrup on vanilla ice cream, which tasted like a smoky cross between maple syrup and pine tar, plus odd but interesting Finnish liqueurs, and plenty of black licorice.

DC3 had a killer cheese selection, and in general some of the best food of the night.

Harry Harrison Memorial Wake

Sat., 1:30 PM, one hour, Rivercenter lobby bar; hosted by his son Todd.

Ray Bradbury's Kaleidoscope

Sat., 2:30 PM; the actor & director, Eric Tozzi, will be on hand to talk about this winner of seven film festivals.

The **NASA Space Science and Exploration** schedule listing had an incorrect précis for **Engineer Your NASA Career** (Saturday at 1 PM, Room CC 103A). The correct précis is:

NASA engineer Heather Paul shares her experiences working at NASA, including a picture slideshow of some things that may change your perspective on what engineers do, where they work, and what it takes to get the job done.

Masquerade: Yes, you can!

If you build your masquerade entry at the con, you'll be eligible for a special award in each class: Novice, Journeyman, and Master. Just let Masquerade Registration (next to regular Registration) know you're interested. They'll be happy to answer all your questions, too.

Doughboys: The coffee & donuts side is open 24 hours. The pizza/deli hours are 9 AM to 10 PM, all week. They deliver until 10 PM, too.

The Lone Star Restaurant gets a big thumbs-up. Very fine mushroom and Swiss cheese burger and Alamo ale, followed by a brownie. Great atmosphere and super service. Recommended by James Shields.

Friday WSFS Preliminary Business Meeting

I've not mentioned the Shamrockon party up to this point, in part because of a reluctance to compare professionals with amateurs. Let's face it, God created the Irish because He knew we needed live examples of how to party. The room was so crowded the oxygen level was being depleted. Only later did the Party Animal conclude the light-headedness originated with the "lemonade."

Neat!

Need your suit and shirt pressed for the Hugos? As it turns out, the hotel does have such a service, though they use a third party. Clothes given by 9 AM return by 6 PM, and the cost is \$7.50 per item (suit, jacket, pants, shirt).

Thanks...

The Exhibits division would like to express its heartfelt thanks to all of the fans who showed up early, waited patiently while mundane foul-ups were sorted out, and then got the Art Show and the other exhibit supports put up quickly and safely while we were being distracted with new foul-ups. Everything was ready earlier than we had hoped, despite our needing to have some work redone to allow for missing pieces. Everyone who helped should be proud of their part in making these exhibits possible. A long-time fan once said that conventions run on blood, sweat, and volunteers: the greatest of these is volunteers.

No old business was passed on from last year's Chicon 7. A resolution was submitted and passed to endorse the Worldcon Heritage Organization (which is preserving items of historic interest from previous Worldcons). Endorsement would make it eligible for Worldcon pass-along funds. An amendment to the Worldcon Constitution was introduced to expand Best Fan Artist to include all types of visual and performance art. There were also amendments dealing with mandating paper publications, dealing with membership fees and voting rights, and delineating financial reporting requirements for Worldcon committees. These amendments will be considered at Saturday's Main Business Meeting.

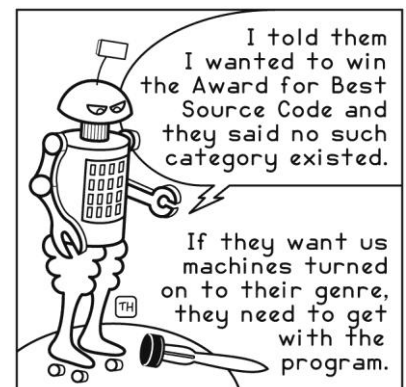

Three amendments that will not be considered at Saturday's meeting include one to create a Best Dramatic Presentation: Very Short Form Hugo (under 15 minutes); one to delete all three fan Hugos (Fanzine, Fan Writer and Fan Artist); and one to create a Young Adult (YA) Hugo category. However, a committee will be created tomorrow to study the YA Hugo and report back at Loncon 3.

Much of the meeting dealt with the Hugo Eligibility of the Rest of the World (HEROW) Committee, which deals with the granting of an additional year of eligibility for works not published initially in the United States. The Committee is not a standing Worldcon committee, so both the committee and the eligibility of current works were extended for another year. Amendments to change the requirement for granting eligibility from a 3/4 to a 2/3 vote were introduced for two sections. An amendment to the WSFS Constitution to make the HEROW Committee a standing committee was also introduced. These amendments will also be discussed at the Main Business Meeting.

Efforts to apply the HEROW exception to the Retro Hugos failed. Two resolutions that would make *The Hobbit* and *Snow White and the Seven Dwarves* eligible for the ballot of the 1939 Retro Hugos, which will be awarded in London next year, were also defeated.

Sunday's Business Meeting will deal primarily with Site Selection, as well as presentations from bids, leftover business, and any needed committee reports.

Finally, the WSFS Business Meeting accepted reports from the Mark Protection Committee (which protects the use of the term "Worldcon," "Hugo Awards," "World Science Fiction Convention," and the Hugo Award symbol); the Nitpicking and Flyspecking Committee (which maintains the rules), the Worldcon Runners Guide Committee (which updates said guide), and the Formalization of Long Lists Entries (FOLLE) Committee with little comment. In addition, the new members of the Mark Protection Committee will be voted on tomorrow. Financial reports from various Worldcons, past and present, were accepted. Reports were not accepted from L.A.Con and Renovation, as they did not send representatives.

Last Chance to Vote for Sites

Site selection is your chance to decide the future of the Worldcon and NASFiC. The decision of where to hold the 2015 Worldcon and 2014 NASFiC is not made by SMOFs in a smoke-filled room, but by the votes of fans. These are both highly contested elections where every vote matters – so don't squander your opportunity, vote for your favorite bid! Voting gets you a supporting membership in the convention that you can convert to full membership. Voting closes 6 PM today.

Restaurant Reviews

Tip Top Café: Great food at this one of a kind type of place. Share onion rings with friends. Go early for daily special at 4 PM. You can get there on Bus 95 and they have lots of parking. – Lyndie Star Bright

County Line: Great Barbeque on the Riverwalk. The beef ribs were meaty, two make a meal. The turkey was peppered nicely and the brisket lean and delicious. They charge extra for the homemade bread, skip this unless you have a big party. – Sam Lubell

Trivia for Chocolate

David Goldfarb won first place with 53 points. **Christian Gaden** was 2nd with 20 points. **Jordin Kare** was 3rd with 13. And **Fred Bush** and **Martin Wooster** tied for 4th with 12.

5-2-1 Rule

For your sanity, remember the con rule: 5 hours sleep, two real meals (not snacks), and 1 bath a day. No, you can't switch the order. And while we're counting, please remember only 3 books at a time at signings.

Lynn Gold has been added to the Kat & Sean McConnell Round Robin concert CC Ballroom A: Sat. 4pm.

Guests ImPress

On Thursday, LSC3 Guests held a press conference. They discussed NASA's presentations for this weekend, SF in Hollywood, depression in present SF and what imagination can do with recent scientific discoveries.

Paul Abell, Lead Scientist for Planetary Small Bodies for NASA, and others answered reporters' questions on what it is like to be a guest of honor at the World SF Convention.

Norman Spinrad spoke on how SF has been stuck in viewing the present as the end of everything, even when recent discoveries have made it just the beginning. "There are 17 million green planets in this galaxy alone. This is enormous. This is the golden age of astronomy. This is going to change everything and challenge religion and philosophy. I don't think SF right now is really dealing with it.

Ellen Datlow, a short story editor, spoke on SF and realism, "Good SF is as realistic as anything else. SF is about what could happen." Darrell R. Sweet, an artist in his own right, spoke briefly of the vast quantity of work produced by his father, Darrell K. Sweet, who passed away this year. "Most of it is in my house and people don't get to see it. I appreciate the opportunity to come and show it to all."

The value of SF to the young was voiced by Joe R. Landsdale. A Texas writer, he said it was reading SF that drew him into other reading and writing. Science fiction as fertile ground for other arts was expressed by Leslie Fish, a singer of songs, who said filk was "an indigenous self-generated music of a sub culture."

Rounding out the panel was toastmaster Paul Cornell of England, who quipped about how the Convention decided to use a local boy to host the Masquerade and the Hugo Awards. – Anne Pinzow

Unseen Costumes

Can't see the costumes in the masquerade? A number of Masquerade participants have graciously agreed to let people with visual limitations examine their costumes tactilly, during the Masquerade at approximately at the same time as the fan photos. Individuals interested should sign up at the Accessibility Service desk before 6 PM sharp, Saturday.

Visit the Chaos Machine

by Heidi Pilewski

It is hard not to notice the tall black tubular structure with large gold gears in the exhibit hall with the banner, Chaos Machine, placed there courtesy of Steve Jackson Games. This large kinetic construct is a collection of many sets of Chaos Toys, LLC, created by Jim Rothbarth, which have been painted over in a steampunk theme. The fun is to put together tracking, vortices, trampolines, bells and other parts for bright yellow balls to travel in a "Mouse Trap" like fashion. Imaginative fun for fans of any age!

Filthy Pros Beat Sensitive Fans

by Joe Siclari

The 74th Anniversary Worldcon Ballgame pitted a field of world class science fiction athletes against each other for the Pro vs. Fan Championship. After a hard fought hour of athletic derring-do Friday, the Pro team, captained by Rick Wilber, defeated the Fans, led by LoneStarCon 3 Chairman Randy Shepherd, by a score of 6-5.

The first pitch was thrown by Dave Kyle, who also attended the first Worldcon ballgame in 1939. The first batter LSC 3 GoH Norman Spinrad also got the first hit. Highlight of the game was a two-run homer by David Chang. The winning team included Spinrad, Wilber, Bert Boden, Chang, Laura Frankos, Steven Gould, Hillary Pearlman, Harry Turtledove, Scott Zrubek, and Hagrid and son. For the fans, we had Shepherd, Scott Bobo, Todd Dashoff, Colin Harris, George Krause, Sydnie Krause, Jonathan Miles, Tim Miller, Ingrid Neilson, and Scott and Judy Pinnow. Umpiring the game were Judi Castro and Joe Siclari.

The spectators cheered and the players talked smack as the tension mounted. A good time was had by all.

Scooter Safety

A fire safety tip from Program Ops: Please don't park your mobi in the room's central corridor between the rows of chairs.

Late Night Munchies?

Leslie Turek reports: "Last night we noticed a group of three food trucks arranged around an outdoor patio with tables and music. One of the guys told us they're there every night except Monday until around 2 am. This was on S. Alamo about a block or two past Hemisfair Park on the right (opposite the fire station). One was New Orleans/Cajun; not sure about the others."

Volunteers Still Needed

We have prizes for our Volunteer Raffle Winners. Also, don't forget to get your t-shirt after working those 15 hours. Some tasks are for double hours. Please check with Ellen Braun in West Reg Lobby at Volunteers desk.

RIP Ken Grimes

Ken Grimes passed away in 2012 and was inadvertently left out of the memorial. He was a well-known photographer, often a member of the official con photo team and one of the people who ran the Masquerade photo area. His Facebook page can be found at <https://www.facebook.com/plastickit>

Saturday WSFS Main Business Meeting

by Lew Wolkoff

The following were passed and will be sent on to Loncon 3 for consideration: (1) an amendment that Worldcon and NASFIC Committees could charge members for the cost of providing and mailing paper copies of their generally distributed publications; (2) an amendment adding requirements to financial reports made by Worldcon and NASFIC Committees; and (3) an amendment clarifying the Best Fan Artist Hugo to be at non-professional events including conventions.

The two amendments referring to membership costs and unbundling key WSFS rights (including Hugo voting and site selection rights) were sent to a committee, which will make a report at next year's Loncon3.

When candidate Deb Geisler withdrew her name from consideration, the remaining candidates for the three open seats on the Mark Protection Committee: Ben Yalow, Kevin Standlee, and Tim Illingworth, were elected by acclamation.

The two amendments reducing the percentages needed to grant a change in eligibility under the Hugo Eligibility Rest of the World (HEROW) rules from 3/4 to 2/3 were passed and sent on to Loncon 3. The amendment making the HEROW extension a permanent part of the WSFS Constitution was also passed and sent on to Loncon 3.

No representative was present from L.A.con IV to give its convention's financial report. A representative from Renovation reported that most of their surplus had been distributed, and that they intended to deal with the remainder by the end of the year.

A new item of business was introduced at the end of the meeting. This was an amendment to remove references to the three North America Zones from the requirements for Mark Protection Committee representation. This also passed and was sent on to Loncon 3 for consideration.

Tim Szczesuil, Program Ops

Eggcellent

Great breakfast: Mr. Tim's Country Kitchen Café, about 15 minutes walk south from the Marriott Rivercenter. The kind of hole-in-the-wall restaurant you always want to find, but rarely do. Best country fried steak and eggs I've had in years.

Lester Gibo

Hobbit Keeper Wanted

To the kind and wonderful person who took *The Hobbit* into protective custody last night, we have lost your number. Please come to Programming Ops, Room 005.

Howard Hurt

Howard Waldrop fell on the River Walk and was taken to the hospital. He's okay and is back at the convention. He regrets missing his 4 PM panel, but the doctor ordered him to take it easy.

Correction

Your humble Newsletter Editor in Chief apologizes: the BDP: Short Hugo had a tie for fourth place between Dr Who's *Snowmen* episode and the Fringe episode *Letters of Transit*. It wasn't obvious when we downloaded the data.

Hugo Redux

LoneStarCon 3 apologizes for the interruptions to the live broadcast of the 2013 Hugo Awards Ceremony. These problems were caused by issues with the upload stream from the Convention to Ustream. LoneStarCon 3 wishes to make it clear that these technical difficulties were in no way due to Ustream, who have provided excellent support throughout this year's event.

Best line heard in the Hugo Losers Party: George R. R. Martin, upon looking at the breakdowns: "It was the *Fringe* fans that put me over." Full breakdowns and statistics in exhaustive detail are on the LoneStarCon 3 website.

Young Adult Awards

Though there is not (yet) a YA Hugo, there is a committee created by the WSFS Business Meeting to study it. If you are interested, please contact Dave McCarty via wfsfslonestarcon3.org. Meanwhile, we present the **Golden Duck Awards**, which are designed to encourage science fiction literature for children, are presented every year at Worldcon. There are several awards given each year, most carrying a small cash stipend. Super-Con-Duck-Tivity holds an annual general interest science fiction convention called **DucKon** as a fundraiser.

Picture Book: *Earth to Clunk*, by Pam Smallcomb; illustrated by Joe Berger

Eleanor Cameron Award for Middle Grades (gr. 2-6): *Worst-Case Scenario Ultimate Adventure #2: Mars!*, by Hena Kahn and David Borgenicht

Hal Clement Award for Young Adults (gr. 6-12) (tie): *A Beautiful Friendship (Star Kingdom)*, by David Weber; and *A Long, Long Sleep* by Anna Sheehan

Free Stuff!

The consuite has surplus equipment that must find a home! This includes shelves, coolers, a microwave, refrigerators, kitchen utensils, and more. Drop by Conference Room 19 on the 3rd floor of the Marriott Rivercenter and find these things a home.

See the BDP Hugo Winners

A repeat showing of *Game of Thrones: Blackwater* will occur in CC 103A at 10 AM. Be advised this will be unsuitable for children, due to violence & nudity.

This will be followed by a screening of *The Avengers* at 11 AM, which is suitable for older children.

More Business News

The WSFS Mark Protection Committee was able to meet immediately following the Sunday WSFS Business Meeting. Kevin Standlee, Linda Deneroff, and Scott Dennis were re-elected as President, Secretary, and Treasurer respectively. DetCon1 appointed Deb Geisler, and Sasquan appointed Glenn Glazer to the committee. The MPC continued the Hugo Awards Marketing Committee and Worldcon Website Working Groups as currently constituted. There will be no MPC meeting today.

Got Books?

The UPS store in the convention center is open until 6 PM today. Ship your haul home!

A New Use for Hugos

Steven Silver raised \$177 for Fan Funds by letting fans hold Joss Whedon's BDP Hugo for a \$5 donation. (Two people just touched it for \$1 each.)

Kudos!

They say an army runs on its stomach, and a Worldcon runs on its volunteers. Therefore, one of the most valuable people at a Worldcon is those hidden in the Staff Den, whose responsibility it is to keep the staff fed in a fast, healthy manner. We would like to particularly thank LoneStarCon's Staff Den Crew, headed by Kim Zrubek, for making the Worldcon possible for so many of our volunteers.

Another critical role is Logistics, and we would like to thank Becky Thomson and her staff for fulfilling our logistical needs in such a timely manner.

Help Wanted

Would you like to get a shirt? Maybe earn back your membership? We need all sorts of help today and tomorrow (and a bit beyond) breaking down the convention. Come to the volunteer table next to registration and we can find a job for everyone.

Lost

A personal notebook belonging to Bill Wright (DUFF winner) containing his trip notes was lost Thursday afternoon, probably at the Fan Fund Delegates reception. If you find it, please return it to Bill in the Marriott Riverwalk; tell the front desk.

Spokane Wins 2015 Worldcon On Third Ballot

Detroit Wins 2014 NASFiC On First Round

For the second time in 10 years, it took the third round of balloting to declare the Spokane bid as the winner of the 2015 Worldcon Site Selection, while it only took one round for Detroit to win the 2014 NASFiC.

During the first round of the Australian-style balloting for the 2015 Worldcon, all of the votes are counted by the first choice. Although Helsinki has the most votes with 528, it did not have the required 665 needed to win (based on the total number of 1348 valid votes cast).

After the first round, there is a redistribution of all None Of The Above and, Write-In ballots to one of the three legitimate bidding cities (Helsinki, Orlando and Spokane) and No Preference, if that ballot had a second choice on it.

After the second round, Orlando was dropped from the running after totaling 307 votes, compared to Helsinki's 533 votes and Spokane's 481 (but were far below the 661 votes needed to win on that round). Then there was a redistribution of the Orlando, Write-in and, None Of The Above ballots to either Helsinki or Spokane or No Preference, if one of them was marked on the ballot.

After the third round, Spokane was declared the winner, receiving 645 votes to Helsinki's 610 (with 628 votes needed to win on that round).

In addition, in the first round of balloting, Detroit received 231 votes to Phoenix's 210, with 223 votes needing to win based on the 453 valid votes cast.

We would like to congratulate Spokane and Detroit on their victories and wish them success in their conventions.

Both conventions will have tables set up in the Fan Table area in the Convention Center Gallery next to the Dealers Room where you can buy memberships and get further information on their conventions (and even volunteer to help).
