

Welcome to **First Night**, the Noreascon Four opening night celebration! We've brought together a myriad of activities designed to give you a taste of the convention and of the different aspects of fandom. (And some things just for fun!)

First Night runs from 7pm–11 pm on Thursday night (with a few items starting earlier or ending later). We will have activities throughout the second floor of the Hynes Convention Center, centering on the Midway and the ConCourse (Hall C). See the map on the back of this program, and look for signs, balloons, and streamers in the First Night colors of purple, red, and yellow which will mark the locations of First Night events. Many of the program items are interactive, and are designed so that you can drop in and sample many different activities during the evening.

Several of the activities, marked by the ★ symbol, will be giving out tickets that can be redeemed for silly carnival prizes. The First Night Prize Table will be located at the Information Desk in the ConCourse.

We hope that you will come, participate, and have a great time! 🗡️
