FOURTH WORLD SCIENCE FICTION
CONVENTION NEWS

STATION W-S-F-C

The 4th World Science Fiction Convention is, we believe, the first convention to receive publicity on the air. Abby Lu Ashley was interviewed on the "Carnival of Quiz" program one Sunday afternoon several weeks ago and told the announcer considerable about the forthcoming convention. On Memorial Day, Tigrina talked 3-4 minutes over "Queen for a Day" (National Hookup) with emphasis on the Masquerade Ball. Once-actifan Harry Jenkins, now a servifan in Virginia, nearly fell off his bunk when he heard the magic word "Pacificon" emerge from the radio. Van Vogt's sister's boss heard Tigrina. Darlyne Adams did. Any other reports?

CLEAR from North CAROLINA

A \$10 hotel deposit has been received from an unknown femme fanne, Patricia Davis, who writes that she will arrive (all the way from N. Carolina!) in the Land of L.A. on 3 July. The damozel Davis is a dress designer, we understand, and has designs on copping a prize at the Masquerade. She'll come as a character by Catherine Moore!

MEMBERSHIPS

ALL GOOD LITTLE FANS SHOULD JOIN!

Fan Conventions have come to be recognized as one of THE main fan activities. Therefore, it is one in which everyone who has the best interest of Fandom at heart will want to support.

SO GET THAT BUCK IN TO US RIGHT NOW!

And, too, there are many perquisites that attach to membership, even if you will not be able to attend personally.

Each member gets all pre-convention publications, including the official magazines; nine (9) different stickers in two colors each (designed by Goldstone and Ashley); the membership card, drawn by Roy Hunt; a copy of the Convention Booklet Free to those who cannot attend, and many, many other mementoes.

Sooooo, whether you can attend or whether you cannot do so, you owe it to yourself (as well as to all Fandom), to be a member of the PACIFICON as well as each yearly fanvention.

Walt Daugherty, 1305 W. Ingraham, LA 14, will be very glad to receive that dollar, IMMEDIATELY, and will see that you get all the material coming to those who support the PACIFICON by joining.

AND, finally, if your membership is in by the 15th of June, your name will be listed in the Convention Booklet. SO RUSH IT IN -- NOW!

HOTELS

OFFICIAL CONVENTION HOTELS

The COMMODORE and MAYFAIR hotels were chosen as the main Convention hotels, since they are both fine hotels; are within two blocks of each other; are on a direct streetcar line within five minutes ride of the Convention Hall; and are also close to the L&SFS Clubroom.

These hotels have promised us a number of reservations, BUT, these reservations must be in our hands by June 20th -- not later!

(Continued)

There are double rooms available at \$3.00 and \$3.85 each, per day, which would be but \$1.50-1.93 per day for each occupant.

IMPORTANT: When sending your reservation for half of a double room, you will have to leave the choosing of your room-mate to the Reservation Committee, UNLESS two of you send in your reservation together AS A TEAM.

ALSO: you must send us a \$5.00 deposit which the hotels demand to hold the rooms for you.

Another matter: Five (5) days is the limit of availability here in Los Angeles, but these hotels have given us from Wednesday, July 3rd, after 4 pm until Monday, July 8th, at noon, which allows you from the day before until the day after the Convention, to have your room. If you want to stay longer, let us know, and we will try to get another reservation (another \$5.00 in advance, please) for the extra time of your stay.

Sorry, but there are NO housekeeping rooms or apartments available.

We will do our level best to help you find a room if your reservation reaches us after the 20th of June -- but we cannot promise you anything definite. However, we do have some nice parks here in LA, with the most comfortable benches in the country -- one of them is right across the street from the official Convention Hall.

SO SEND THAT RESERVATION NOW!! Then you will be sure of a good place to stay, right amongst all the gang.

COMBOZINE

A FAN PUBLICATION YOU'LL WANT.

Elsewhere we mention the COMBOZINE, that composite fanzine composed of selections sent us by a large number of fan publishers, and which will be bound inside heavy covers, with a beautiful litho ROY HUNT pic adorning the front.

For the benefit of you who will not be able to attend, we will sell this fine item and mail it to you, flat so it will stay neat, for the wee sum of Fifty Cents (50¢), which merely covers part of the cost of binding and mailing. ORDER YOURS NOW!

CONVENTION HALL

No "Austin" Hall

Nothing small about the Pacificon Hall --it will hold up to 750 persons! The pick of 5 halls, the Pacificonventioners will find their spacious meeting place located at 2200 W 7 St-- THE PARK VIEW MANOR.

The Park View is the well-known site of the highly successful Science Fiction Fanquet of '45, and a short drive from downtown Los Angeles, Stan Shack, Fran Shack, Hollywood, Tendril Towers, Forry's Flat and many other spots of scenic and fanic interest.

Directly across the street is Westlake Park, with lawns and a lake. Within walking radius are half a dozen eateries--everything from beaneries to xint restaurants...featuring the Golden Rooster, the "tops in ribs".

HALL itself is equipped with 2 microphones, one of which is a "rover" and will be employed many times during the Convention to bring the voices of various fans and authors to the assemblage.

Refreshments will be readily available.

THE PARK VIEW MANOR is easily reachable by 3 streetcars and a bus.....Fja

CONVENTION BOOKLET

YOU CAN'T TELL THE HUMANS FROM THE MARTIANS WITHOUT ONE!

Under the capable hands of Lou Goldstone, we are having one of the finest Convention Booklets ever published for such a gathering. It will be at least 44 pages, including 4 pages for autographs of the fans and pros attending.

There is a new type of format of which we are quite proud, and the cover design and most of the interior was designed by that fine fan artist, Lou Goldstone, who has been working night and day making this an outstanding Convention memento.

This Official Booklet will contain not only the program of events, but advertisements of famous fans, fanmags, promags, and friends of Fandom generally. (We hope you got your adv. in before the deadline. Also, there will be the list of Convention members (we hope you got your membership

In between the deadline -- If not, rush it in NOW!!
It is a real collectors' item, much in demand during the coming years, as those of previous conventions have been and are.)

Non-attendees who are members will receive a copy of this booklet after the convention. Those who attend will receive theirs when they register. (For a slight fee, of course!!) (We gotta make expenses, somehow, you dopes!!) EEE

TRANSPORTATION

Whether you arrive at L.A. Rocketport or breeze into town via helicopter, just ask anybody to direct you to SEVENTH STREET. On 7th you want to take a west-bound "H", "R" or "S" car, and ask the conductor to let you off at Alvarado. From

this spot you should be able to hear the hub-bub,
bub. Proceed (at your own risk) one block further
west afoot, and there you are at the PARK VIEW MA-
NOR, 2200 W 7.

WHEN DO WE EAT?

BUT OF COURSE, MAH FRIENDS, WE WILL HAVE A BANQUET

One of the main evening events of the Conven-
tion will be the Official Banquet, which will hold
forth at the Convention Hall, where they have fine
facilities, and where they serve exceptionally ex-
cellent food, as those who have attended the L. A.
Banquets will attest.

Tickets will be \$2.50 per plate, for which an
eatable chicken or steak dinner will be served, as
well as all the "trimmings" which go to make ban-
quets enjoyable -- short talks, much laughter, the
company of agreeable companions, and the "eats".
The \$2.50 takes care of tax, tip and dinner, com-
plete.

Some of you who may not be able to attend the
PACIFICON might like to be at the banquet by proxy
may care to send in the money to purchase a ticket
which will be unobtrusively given to some fan who
might be financially unable to purchase a ticket.
Any such contributors will be sent a special let-
ter giving all the particulars, so that it will be
almost as though you had been there in person.

Banquet tickets will be ready in a few days,
and we would appreciate it if you would order your
ticket in advance (write, with money, to Gus Will-
morth, 628 South Bixel Street, LA 14). This order
in advance will aid the Committee to make plans in
time to assure the best possible arrangements. BE
SURE TO ORDER NOW! EEE

FANAUCTION

going, GOING, GONE!

Yes, ya betcha, we will have an auction, for
no convention is complete without one, and this
Convention will be a very complete convention.

There will be pictures, pro and fan, origin-
als that you will be proud of owning and display-

ing on your walls. And there will be books -- you will find British and American editions, both second-hand and new. There will be fan and prozines, that may fill that hole in your collection.

When you come in to the Convention Hall, you will notice little tables around the walls where will be displayed not only the things that are to be auctioned off at the Official Auction, but also items that various fans have for sale or trade. We also expect to have some fine displays of various collector's items, loaned by local members, which will be displayed for your pleasure (and envy).

We have already received a number of fine original pictures, both black and white and also color covers both finished and roughs. Mary Gnadinger, of Famous Fantastic Mysteries, has been most kind and generous, and her donation includes some beautiful Lawrence, both black and colored, of recent issues, such as "The Island of Capt. Sparrow", "The Undying Monster", and "The Novel of the Black Seal", and others.

PLANET, which sent a group, included a Leydenfrost, and others.

Donations from several other pros are expected, but have not arrived at this writing.

Yes, we will have a grand auction, and you'll certainly want to be on hand and get in on the active and interesting bidding and the even-more-interesting by-plays that go on amongst the audience while the auction is in progress.

P.S. Bring your pocket-book.

COSTUME BALL

BEMS AND BELLES WILL MINGLE IN COLORFUL PAGEANTRY.

One of the highlights of interest at all Conventions is the Costume Ball, where everyone tries to outdo the others with the costumes of famous or outre' characters from the stories you have read.

Remember Evans' "Bird Man from Ehea"; Ackerman's "Hunch-back of Notre Dame"; Morojo's "AKKA", from The Moon Pool; Heinlein's "World's Most Life-like Robot"; Widner's "Granny" from Slan, and many others at the Denvention?

Remember Ackerman and Morojo in their "Futur-

istic" costumes at the Nycon? Remember Lowndes and Kyle with the elaborate costumes designed and made Leslie Perri, at the Chicon?

Well, this year we can expect bigger and better costumes than ever before, for we have had delicate little hints that many fen are planning finer and more elaborate and more bizarre costumes than ever before. We may expect BEMs and MONSTERS from every solar system and dimension; famous characters from the stories you have read and loved, and every kind of costume that the fertile mentalities of fen (the best fertilized minds in existence) do be able to thunk up.

Be sure to attend -- and come costumized! (A darned cute word, that.) You'll have a barrel of fun, especially if you come in a barrel! EEE

MEMBERSHIP MEMO

TAKE A LETTER, MISS FANNIE!

You who joined the PACIFICON way, way back in 1941, may wonder just what is the status of that original. Well here's the, dope. (oops, no comma.)

You who have not already done so in response to previous calls, may write us and donate your original buck, stating you have no further interest in fandom. You may write and say you are still interested, and here's another buck. (Gad, we love you wonderful folks!) Taking into consideration a well-known fact that work was done and money spent back in 1941 BEFORE we knew that we could not hold the PACIFICON in '42, you may send us an additional 46¢ to make an even dollar available for present use, and thus become an active 1946 member.

Or -- you may write us that you are no longer interested in Fandom, and that you would like your money returned, and we will send you the 51¢ left out of your original dollar. (You will note that we have restrained ourselves from making any comment about this.) ((3¢ deducted for postage.))

But whatever or however, WE WANT YOU TO BE A MEMBER of the PACIFICON. So, send us that dollar today if you haven't already done so. Thanks!

CALLING ALL CTHULHUISTS

WEIRD FOR WEIRD

A special session for fans of the fantastic, the supernatural, the outre', strange or grotesque will be stages by Francis T. Laney, famed editor of "The Acolyte". Samuel D. Russell, erudite student of off-trail literature, will present a prepared paper on the function of the weird in fiction, followed by the ghoulish laughter of prominent author Ray Bradbury in an early recording of "The Parasitic Hand". There is a possibility that Robert Bloch, recently anthologized by Arkham House, may be on hand to make a few explanatory remarks about his "Stay Tuned For Terror" program, which has been chilling Eastern fans, before the playing of one of his weird dramas. Finally---the piece de resistance -- mono-named "Theodore" (the Macabre Man) will recount most peculiar tales from odd sources.

BADGES

NONE GENUINE WITHOUT AN OFFICIAL NAME-PLATE.

When you REGISTER at the Convention Headquarters, which everyone will be, you will be given an Official Badge, which will let everyone know whom you are.

These Badges will be cellophane with a safety pin attachment so they can easily be worn at all times. They have a place in which can be inserted your name and home city, and the name of your local club if you belong to one (more "ego-boo" for you). These will be but another of the fine mementoes of your visit out here.

When you FIRST come into the Official Convention Hall be sure and locate the REGISTRATION DESK and register, and get your BADGE there. That will make it easy for everyone to recognize you, thus saving you the trouble of shouting your name every time someone wonders who you are. (Oh, all right, then, you can holler it, TOO!)

EEE

BRING YOUR DISA AND DATA

ALL THIS, AND COLLECTOR'S HEAVEN, TOO!

You attendees at the PACIFICON who are fantasy collectors, must remember that most of the other big collectors will be there, too.

So, you will find it very much to your advantage to bring with you your WANT LISTS, so that it will be easy to contact those who might be able to supply your wants.

Similarly, you will want to bring along your own SWAP or FOR SALE lists, so that you can trade or deal with the others for the things THEY want.

So, whether it is Original Pictures or Manuscripts, Pro or Fan Mags, Books, or other trivia, in which you are interested, be sure and bring the lists with you, and help yourself and others.

NFFF SESSION

SEMI-OFFICIAL BUSINESS MEETING TO BE HELD

One of the principal day-time sessions will be devoted to the National Fantasy Fan Federation and its problems. In case the present President, Walt Dunkelberger, is not able to attend, the chairmanship will devolve upon former President EEEvans.

Matters of general interest to the members as well as all other interested fans, will be brought up for discussion, and the Officers and Directors are preparing briefs of some of the things which they wish to have talked over and views given them for their further guidance in handling the business of this organization.

We urge all fans, whether they are at present members of the NFFF or not, to plan to attend this session, and give their assistance in making this organization of all the benefit to fandom in general that is possible.

COMING ATTRACTIONS

By Cinemackerman

At the movie theater, you know, no matter how good the bill you just got thru enjoying there's always something coming next that's "even better". So, the fans with long memories thrill still as they recall the showing of the wonder film, METROPOLIS, at the Nycon... the surprise interplanetary amateur picture, MONSTERS OF THE MOON, at the Chicon...and good old LOST WORLD at the Denvention...they naturally want to know, what's next?

What's on the program in the way of a motion picture for the Pacificon? Well, we're working on half a dozen or better of the best science fiction, fantasy and weird films of all times, to try to track down one that's available. Among the possibilities are:

JUST IMAGINE--the interplanetary picture of 1980.
THE ISLAND OF LOST SOULS--adapted from H G Wells' "Island of Dr Moreau", with Laughton & Lugosi.
THE MUMMY--A classic Karloffilm of immortality.
DELUGE--S. Fowler Wright's world catastrophe!
DR X--A great scientifiilm...and in technicolor
MAD LOVE--Peter Lorre, taken from "The Hands of Orlac".
THE DEVIL DOLL--Cinemadaptation of A. Merritt's "Burn Witch Burn!"
HIGH TREASON--The Film of the Future.
THINGS TO COME--Greatest of 'em all.....

That isn't all. Howard Phillips Lovecraft wrote it...Ronald Colman enacted it..."Suspense" presented it...we're negotiating to play the discs: THE DUNWICH HORROR !! (Flash--Nobody will ever believe this, I know--I wouldn't, it looks too rehearsed--but truth sometimes is stranger than supernatural fiction--and just after I finished typing the foregoing on the dummy, I had a phone call from Miss Ray (unlikely name, too!) of the "Suspense" people, and we are in suspense no longer: THE DUNWICH HORROR will be available for the Pacificon!)

Don't go away, folks--you "ain't heard nothin' yet!" As a special treat on the special program for Weird Fans, an early recording from pre-fame days of O'Brien Selection author, Ray Bradbury, presenting his dramatization of the famous Weird Tales' horror story, "The Parasitic Hand".

Another record to be heard will be an interpretation of Lord Dunsany's "The Hurricane".

And last but far from least will be a fantasy feast for gourmets of the grotesque: "Arabesque with Horror" by Theodore Gottlieb, the strictly-from-Grand-Guignol raconteur whose offtrail tales are caviar for connoisseurs of the curious. Hear Gustav Meyrink's "Bal Macabre" from Strange Tales!

HEY, YOU FAN-EDS!

DO YOU WANT YOUR FANZINE TO BE BETTER KNOWN THROUGHOUT FANDOM?

DO YOU WANT TO GET MORE SUBSCRIBERS FOR YOUR FANZINE?

DO YOU WANT TO HAVE A LOT OF PEOPLE "OH!" AND "AH!" ABOUT YOUR LOVELY FANZINE?

WELL, BUB, DO YOU?

Then get busy and make up a special edition to be included in the PACIFICON COMBOZINE. We want everybody to be represented -- and that means YOU!

We want 200 copies of your mag, done on 8½ x 11" paper (no matter if you usually have a different size for your mag, these should all be standardized). We want you to send them to us all assembled, but NOT stapled.

We will assemble all the fanzine thus received, in alphabetical order, and bind them in a fine, heavy cover -- it will have a ROY HUNT litho on it. They will be self*at the PACIFICON for just enough to cover the binding costs. ALSO THOSE REMAINING WILL BE SOLD TO FANS WHO COULD NOT ATTEND THE CONVENTION.

We are allowing 2 to 6 pages, plus covers -- or, if you do not ordinarily use covers, you can send us 8 to 10 pages.

You can print anything you like -- we are not going to do any censoring. But may we suggest that in addition to the kind of material you ordinarily use, you include a page telling any possible new readers just what sort of a mag you usually publish -- format, contents, regularity of publication, subscription price, and price of davs.* (if you run them), and such information as might help you gain new subscribers.

We had set a deadline of June 1st for receiving these mags but new arrangements make it possible for us to include your contribution if it is in our hands by JUNE 20th. But NOT LATER! SO GET BUSY -- NOW! Four are already in, and others promised -- IS YOURS?

E. Everett Evans, 628 So. Bixel Str., Los Angeles 14, has charge of this project, and all mags should be sent to him. And he would appreciate an immediate postcard saying you are going to have a mag in this grand PACIFICON memory-book.

So whether it is a Subzine, a FAPA- or VAPA-zine -- let us have those 200 copies pronto if not sooner. This will be a real collector's item, and you don't want to be left out, do you?

WELL, WHAT YA WAITING FOR, BUB? GET BUSY!

Indeed, indeed, your visit will not be complete until you have visited the LASFS Club room.
