Dear World Science Fiction Society Delegation:

On behalf of the University of Nevada, Reno, I want to encourage you to hold the 2011 Worldcon convention in Reno, Nevada, the "Biggest Little City in the World." Reno is minutes away from hiking, skiing and water sports at Lake Tahoe and the Truckee River. Reno is a great convention destination with our fine dining, entertainment and arts community.

The University of Nevada, Reno is known for its beauty, with its historic Quadrangle and views of the surrounding Sierra Nevada Mountain Range. Our campus has much to offer visitors. Our new Joe Crowley Student Union has banquet facilities and meeting rooms, while our new Mathewson-IGT Knowledge Center is one of the most high-tech spaces for library materials and 21st century information services.

I hope you will select Reno, Nevada for your Worldcon Convention in 2011.

Sincerely,

A handwritten signature in black ink that reads "Milt Glick".

Milton D. Glick
