The Hotel

THE ROYAL YORK
100 FRONT STREET WEST
(416) 368-2511

Our hotel, The Royal York now has 900 of its 1600 rooms blocked for our convention. This does not mean that you can sit back and expect to get a room of your choice at the last minute. While we will be the only Convention at the Hotel there can and will be competition for all space on this Holiday week-end. It seems that our friendly neighbours to the south have discovered Toronto as a wonderful place to spend a long week-end.

So our advice is to get your reservations in early as, if necessary, you can always cancel later if you find that you cannot attend. If arriving after 6.00 p.m. it will be to your advantage to include with your reservation a deposit for the first days charges. For reservation purposes you will find a Hotel Card with this Progress Report. If writing the Hotel please mention The 31st World Science Fiction Convention.

On the list of Accommodations Rates there is one category that require some explanation. Sample Rooms: These are rooms mainly for the use of salesmen for display purposes and are located on the 5th to 7th floors and they can be used for a variety of things. For those who would like dormitory style accommodation these are ideal. The Medium size will hold 4 foldaway beds at \$41.00 a day while the Large Sample rooms hold 6 foldaway beds and would be \$54.00 per day (plus taxes). One person must be responsible for the room and the names of the other occupants must be included in the reservation. The Hotel has only 250 foldaway beds so get your reservations in early for this type of service. The large size Sample Room would also be ideal for a Hospitality Lounge. To obtain charges for this use please contact the Hotel Reservation Department, mentioning The 31st World Science Fiction Convention.

For details concerning convention space or other of the Hotels services please see the Plan on page 19, our earlier Reports or write TORCON 2 for any other specific information.

4000 A.D.

AN INTERSTELLAR
CONFLICT GAME

"4000 A.D. is a beautifully unique departure in conflict games. The idea behind it is simple, but so full of play possibilities... The game is easy to learn, but allows for unlimited strategic planning."

— Sid Sackson, author of "A Gamut of Games", and columnist in "Strategy & Tactics" magazine (New York)

"The publication of 4000 A.D. represents an important milestone. This is a game of pure skill—an exercise in strategy and tactics... Serious players will discover a really worthwhile game, requiring subtlety, thought and careful planning.

The board is novel; the attempt to represent a three-dimensional playing space is quite a success... Indeed, I guess that much will be written about this game—it is wide open for individual research and development of new ideas."

— James Turner, "Games & Puzzles" magazine (London, England)

4000 A.D.... a unique strategy game in an authentic setting of hyper-space travel, matter transmission, and astronomic realism. Published by House of Games Corporation.

We'll be displaying at TORCON II our full line of adult games and puzzles. (If you can't wait until then, write for free mail order catalogue to: House of Games Corp. Ltd., Box 316, Don Mills, Ontario, Canada.)

Program

The TORCON 2 film program will take advantage of full professional facilities: a giant screen and a projection booth with both 16 and 35 mm. arc projectors manned by professionals. We are also adding a special day-time film room, and are making plans for a festival of the works of a certain Bloch named Robert.

The special "All Our Yesterdays" room will be a feature of the convention and several other unusual ideas are in the planning and/or execution stage. Put simply, we are doing our best to try and avoid a program which conforms to tired (& tiring) formulas. What we would like is to hear from YOU with any ideas which you would like to see tried at TORCON 2.

WRITE: Don Hutchison c/o The TORCON 2 Committee.

Art Show and Auction

The Art Show is once again in the capable hands of John & Bjo Trimble, 696 South Bronson, Los Angeles Calif. 90005 with the assistance of Mike Glicksohn c/o the TORCON address. Anyone with questions, or contributions to the show would be wise to contact Mike or the Trimbles early as Canada is still a foreign country - with Customs officers and different laws to be observed.

Mike will also be serving as our auction organizer with the Auctions this year held "on stage" in the Art Show Room. Contributions or questions again to Michael at the convention address.

For answers regarding Customs, taxes, shipping or any other "foreign" con problems you might want an answer to just drop TORCON 2 a line.

RIVERSIDE QUARTERLY

--the critical magazine for s-f and fantasy--

WE WERE NUMBER ONE--NOW WE'RE NUMBER TWO!

The Reason:

In the 'literary' chapter of the recent (June '72) S-F Criticism: An Annotated Checklist there were 33 listings from Tom Claeson's fanzine, Extrapolation (write Tom, c/o Wooster College, OH 44691) but only 17 from RQ--which makes them first and us second! (Third was Brian Aldiss' S-F Horizons, which had 10 titles, with also-rans not being listed at all.)

Our Excuse:

Extrap. had several years head-start on RQ. Anyhow, we have three columnists -- Bill Blackbeard, Jim Harmon, Harry Warner (not cited in Checklist)--plus fancy drawings (RQ being currently the only fanzine that's had two Vincent di Fate covers), and unscholarly accounts of things like the Yiddish Mafia and the editor's cohabitation with the Abominable Snowmen.

Recent Endorsements:

- Australia--"Good reading for serious s-f"
(Ron Clarke, Mentor, Autumn '72),
- Belgium----"...a real buy"
(Julien Raasveld, Parallax, April '72),
- USA-----"...top-notch...highly recommended"
(Michael Shoemaker, WSFA Journal, Nov. '71).

Some Past Contributors:

Jim Blish, Dick Kyle, Fritz Leiber, Sandra Miesel, Sam Moskowitz, Kris Neville, Alexei Panshin, Jack Williamson, Roger Zelazny..

Some Current and Future Articles:

- "Sex and Prudery in H.R. Haggard & Edgar R. Burroughs"
by Dale Mullen, whose "E.R. Burroughs & the Fate Worse than Death" was rated Best in an earlier RQ,
- "Science-Fiction as Will & Idea: the World of Alfred Bester"
by Jeff Rigenbach,
- "Clichés in the Old Super-Science Story"
Lee Sapiro's agonized look at the Clayton Astounding,
- "The Promise of Space: Transformations of a Dream"
Pamela Sargent's discussion of Mailer's Of a Fire on the Moon
- "Warlocks and Warriors"
Darrell Schweitzer's critique of the Sword & Sorcery story,
- "The Crab Nebula, the Paramecium, & Tolstoy"
Ursula Le Guin's Guest of Honour talk at Vancouver,
- "Mythology in Samuel Delany's The Einstein Intersection"
By Stephen Scobie -- to be read along with Sandra Miesel's
"Samuel R. Delany's Use of Myth in Nova," Extrap. XII, 2.

Some RQ Letter-writers:

Poul Anderson, Bill Blackbeard, John Boardman, Robert Bloch, Ray Bradbury, Phil Currie, Philip Jose Farmer, John Foyster, Bruce Gillespie, Eric Lindsay, Barry Malzberg, Andy Offutt, Bob Silverberg, Bill Temple, Ted White, Dr. Fredric Wertham, plus your other best friends and enemies...

Some RQ Limners:

Professionals include Derek Carter, Jim Cawthorne, Vincent di Fate, Jack Gaughan, Harry Habblitz, REG, Charles Schneeman....

Fan artists include Ralph Alfonso, Poul Anderson (the same one), ATOM, Wayne Bourgeois, Cy Chauvin, Rudy der Hagopian, George Jennings, Kevin MacDonnell, Bill Malcolm, Gary Phillips, Mike Scott, William Tiner....

Plus Book and Movie Reviews by:

World Science Fiction Society Rules

ARTICLE 1.01

The World Science Fiction Society is an unincorporated literary society whose functions are: to choose the recipients of the annual Science Fiction Achievement Awards, known as the Hugos, to choose the location for the annual World Science Fiction Convention; and to attend the annual World Science Fiction Convention.

1.02 The membership of the World Science Fiction Society at any time consists of all those who have paid membership dues to the then current convention committee.

1.03 The management and responsibility for all phases of the annual World Science Fiction Convention lies entirely with the convention committee, which acts in its own name, not that of the Society. The convention committee which puts on the convention is, of course, the committee whose bid for selection of its location is accepted by the annual meeting of the Society.

ARTICLE 2.01

The selection of the Science Fiction Achievement Awards, nicknamed Hugos, will be made as follows:

2.02 **BEST NOVEL:** A science fiction or fantasy story of 40,000 words or more, appearing for the first time in English during the previous calendar year. A work originally issued in a language other than English shall also be eligible in the year it is first issued in English translation. English appearance in a prior year makes a story ineligible, except that the author may withdraw a version from consideration if he feels that version is not representative of what he wrote. A story, once it has appeared in English, may thus be eligible only once. Publication date, or cover date in the case of a dated magazine, takes precedence over the copyright date. A serial takes its appearance to be the date of the last installment. Individual stories appearing as a series are eligible only as individual stories, and are not eligible taken together under the title of the series. The convention committee may move a story into a more appropriate category if it feels it necessary, provided the story is within 5,000 words of the category limits.

2.03 **BEST NOVELLA:** Rules as for best novel, with length under 40,000 and above 17,500 words.

2.04 **BEST NOVELETTE:** Rules as for best novel, with length under 17,500 and above 7,500 words.

2.05 BEST SHORT STORY: Rules as for best novel, with length under 17,500 words.

2.06 BEST DRAMATIC PRESENTATION: Any production in any medium of dramatized science fiction or fantasy, which has been publicly presented for the first time in its present dramatic form during the previous calendar year. In the case of individual programs presented as a series, each program is individually eligible, but the entire series as a whole is not eligible.

2.07 BEST PROFESSIONAL ARTIST: An illustrator whose work has appeared in the field of professionally published science fiction or fantasy during the previous calendar year.

2.08 BEST PROFESSIONAL EDITOR: The editor of any professional publication devoted primarily to science fiction or fantasy appearing in the previous calendar year.

2.09 BEST AMATEUR MAGAZINE: Any generally available non-professional magazine devoted to science fiction, fantasy or related subjects, which has published four or more issues, at least one appearing in the previous calendar year.

2.10 BEST FAN WRITER: (*Never officially defined. Our definition on the nomination form follows tradition.*)

2.11 BEST FAN ARTIST: An artist or cartoonist whose work has appeared during the previous calendar year, through publication in magazines of the type defined under article 2.09 or through other public display. Anyone whose name appears on the final ballot for a given year under the professional artist category will not be eligible for the fan artist award for that year.

2.12 Additional Categories: Not more than two special categories may be created by the convention committee with nomination and final voting to be the same as for any other, permanent categories. The convention committee is not required to create any such categories; they should be held to a minimum, and those created by one convention committee are not binding on following committees. Awards under those categories will be Science Fiction Achievement Awards or Hugos.

2.13 The name and design shall not be extended to any other award whatsoever.

2.14 No Award: At the discretion of the individual convention committee if the lack of nominations or final votes in a specific category shows a marked lack of interest in that category on the part of the voters, the award in that category shall be cancelled for that year. In addition, the entry NO AWARD shall be mandatory in each and every category of the Hugos on the final ballot. This applies both to permanent categories and those which the individual convention committees establish on a temporary basis.

2.15 Nominations and Voting: Selection of nominees for the final award voting shall be done by a poll conducted by the convention committee under rules determined by the committee. Final award voting shall be by mail, with ballots sent only to Society members. Final ballots shall include name, signature, address, and membership numbers, to be filled in. Final ballots shall standardize alternatives given in each category to not more than five. Assignment of nominees nominated in more than one category to their proper one and eligibility of nominees shall be determined by the

convention committees. Voters shall indicate the order of their preference for nominees in each category.

2.16 Tallying: Counting of all votes shall be the responsibility of the convention committee, which is responsible for all matters concerning awards. In each category votes shall be first tallied by the voters first choice. In the event no majority vote is then obtained, the nominee placing last will be eliminated and the ballots listing him as first choice redistributed on the basis of the ballots' second listed choice. The process will be repeated until a majority vote winner is obtained.

2.17 No member of the then current convention committee nor any publication closely connected with them shall be eligible for an award.

2.18 The Hugo Award will continue to be standardized as to the design of the rocket ship on the model presently in use. The design of the base is up to each convention committee.

ARTICLE 3.01

Conventions: The Society shall choose the site for the annual World Science Fiction Convention two years in advance at a business meeting to be held at an advertised time, during each annual World Science Fiction Convention, presided over by the chairman of the then current convention committee, or by someone designated by the committee. The business meeting shall be conducted under Robert's Rules of Order, Revised, and such other rules as the then current committee may publish in the program book.

3.02 To assure an equitable distribution of convention sites, the North American continent is divided into three geographical divisions, as follows:

Western Division...New Mexico, Colorado, Wyoming, Montana, Saskatchewan, and states and provinces westward; & Baja California.

Central Division...All Mexico except Baja California, and all states and provinces between the Western Division and the Eastern.

Eastern Division...Florida, Georgia, South Carolina, North Carolina, Virginia, Pennsylvania, New York, Quebec and states and provinces eastward; also St. Pierre and Miquelon, Bermuda, the Bahamas, and all islands of the Caribbean Sea not previously included in this region, and other islands similarly situated.

3.03 Convention sites shall be rotated among those divisions in the following order: Central, East, West. Any site outside North America may bid for a Worldcon in any year. The bids of locations to hold a convention shall only be considered and voted on if they lie within the geographical division whose turn it is; except that the rule of rotation may be set aside by a vote of three-fourths voting, with the provision that in no case except that of sites outside North America may two successive conventions be in the same division. In the event of such setting aside, rotation shall be resumed the following year.

3.04 By bidding, a convention committee promises to abide by this constitution. Proposed date and dues for the next convention must be announced by bidding committees before site selection. Such proposals are subject to modification by the business meeting.

3.05 In the event the Society is without a properly selected location for the next annual convention because of the resignation of the then current convention committee or other cause, the five most recent committee chairmen willing to serve shall be authorized to select the next location for the World Science Fiction Convention.

3.06 Voting for sites of World Science Fiction Conventions shall be limited to members of the current convention who have also paid at least \$2. towards the dues of the convention to be voted upon. Eligible members may vote either by attending the site selection business meeting or by mail. The committee in charge of the convention at which the site is to be chosen shall be responsible for the mechanics of the mail balloting, and they shall be guided in their responsibility by the mechanisms of the various professional societies which regularly hold balloting by mail.

3.07 By bidding, a convention committee promises that the cost of conversion from a supporting membership to an attending membership shall be limited to no more than the difference between the cost of attending and supporting membership at the time of conversion. If supporting memberships are not available at the time of conversion, the most recent rate for supporting memberships shall be used for computation of this limit.

ARTICLE 4.01

Any change in the rules of the World Science Fiction Society shall take effect no sooner than the end of the convention at which such change is adopted.

4.02 Any proposal to amend the rules of the Society shall require for passage only a majority of all the votes cast on the question, except that a proposal to rescind any such action of the immediately previous business session shall require for passage three-quarters of the votes cast.

4.03 All previous by-laws, constitutions, and resolutions having the effect of by-laws and constitutions of the World Science Fiction Society are revoked.

4.04 The Rules of the World Science Fiction Society as decided in the business meetings shall be printed by the World Science Fiction Convention committee, and distributed with the Hugo nomination ballots, and hopefully printed in the program book.

Bidding

All persons or groups intending to bid at TORCON 2 for the 1975 Worldcon must, if they wish to be included in the mail ballot, write John Millard, prior to April 1, 1973, stating their intention. Naturally only bids from the Western Zone or out of North America can be accepted.

Ballots

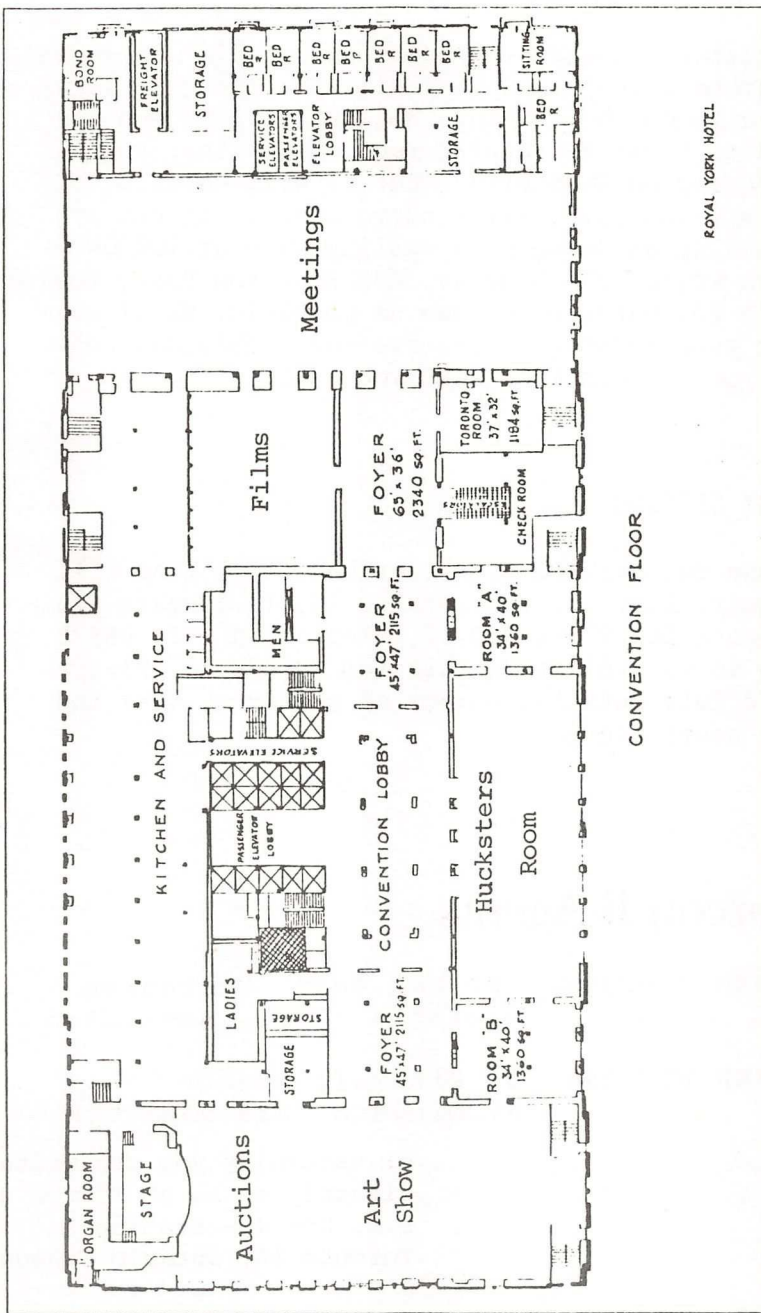

This issue of our Progress Report contains the nomination forms for both The Hugos and the J. W. Campbell awards. We would suggest that those people wishing to nominate (and we strongly suggest that everyone eligible do so) in any of the categories do so as quickly as possible.

Security

Because of the protected set-up of our convention floor TORCON 2 should be one of the safest and still one of the most convenient of recent Worldcons. To ensure safety we are also providing a professional 24 hr a day security force, to supplement the hotels' staff. Finally, we are insuring the convention floors against the sort of incident that no one can prevent.

SPECIAL DISCUSSIONS

Anyone interested in chairing, or participating in Special Discussions please write Madge Aalto, c/o Spaced-Out Library, 566 Palmerston Avenue, Toronto 4, Ontario stating subject, time desired and whether you would be willing to host a group in your room.

Hucksters' Room

Hucksters, dealers, traders and people who just want to give things away all want the best location to do their thing. We want to give you the space, table or special requirement that you'll need for maximum effect but it will be allotted on a first come, first serve basis. If you are planning on doing some dealing when at TORCON 2 then write John Douglas, 808 Kingston Road, Toronto 13, Ontario as soon as possible. He'll answer your questions, reserve your table, but only if you let him know what you want.

BABY SITTING

Those parents who think, or know that they will require baby sitting service should contact Flo Newrock Box 270A, R.D. 2, Flemington N.J. 08822 who is co-ordinating this for TORCON 2. Please give full details, number of children, ages and the hours needed.

A friend reports on deadcat's whereabouts: he has pulled a favorite trick, disguising himself as the amino acid sequence, glycine-alanine-isoleucine-amide ammonia, in the nucleolus of a dysenteric amoeboid. deadcat's is an infectious humor, obviously too long repressed. it is a dead giveaway, this amino acid routine, for the acids in any genetic cipher make him as drunk as a judge, as it were.

"Oh well," he says. "It's better than driving the B.T. Blair street car."
