Programme

The programme will have a focus on literary talks and panels, all things fannish and science in connexion with sf. Contrary to our slogan, there will be no moose. Sorry, folks. We can manage the odd cat, if you'd like. There are lots of trees around, however, and pre-Viking burial mounds. And a roundabout. No moose. (Why do you keep calling them moose? They're elks. They don't even moo.)

The bar will be prominent and stocked with decently-priced beer from the local microbrewery.

(thaning@bahnhof.se or Luthagsplanaden 12B, SE-752 25 Uppsala, Sweden).
