ORGANISED BY THE  
BIRMINGHAM  
SCIENCE FICTION GROUP

4-5th November 1972

IMPERIAL HOTEL CENTRE, BIRMINGHAM

## PROGRESS REPORT 2

Progress Report 1 was our way of letting you know that the committee are still alive and have not yet set sail for South America with the proceeds.

PR1 was very nearly a disaster. First the typing; my typewriter shows a considerable lack of little eyes and will not cut stencils. Fortunately Eileen Weston offered to do them and except for putting the carbon in backwards the operation went smoothly. A few days later came the duplication, and trouble. The stencil started wrinkling, the "duplicating" paper wouldn't absorb the ink properly, the stencil began to split along the wrinkles and the ink was going everywhere except on the paper. Then we discovered that the printing was showing through the paper.

At this point Stan and I were ready to abandon the whole project. However that inkstained Nite of Science Fiction, Peter R. Weston materialised from behind the duplicator and generously offered to do the whole thing again using his own stencils, paper and time.

That is why PR2 is being duplicated by an entirely new process by committee member Richard Newnham.

### GUEST OF HONOUR

As most of you already know, Doreen Parker has agreed to be Guest-of-Honour at NOVACON 2. Doreen, although not a professional like most G-o-H's, is a figure well known in fandom, and a lively convention going personality. In our choice we hope to lay a foundation for the future personality for the November conventions.

### IMPERIAL CENTRE HOTEL

All I have spoken to are in unanimous approval of the choice of the Imperial Centre Hotel as the site of NOVACON 2 and again the hotel is giving special rates for the attendees. If there are too many people wanting rooms the overspill hotel will be the New Victoria Hotel just round the corner.

Room Tariffs (Bed & Breakfast)

Single	£2.90
Double & Twins	£4.90
Cots	.60p
(plus 11% service charge)	

These prices will apply on both the Friday and Saturday nights. Hotel booking forms will be distributed at the earliest opportunity.

Food can be obtained in the hotel restaurant at very reasonable prices, from 85p for a 3-course meal.

For those who are wondering whether they will be able to obtain sufficient alcohol, the manager is arranging to have bottles and 5 and 7 pint cans for sale at prices similar to Off-sales, as well as a selection of reasonably priced wines. If beverages are brought in from outside the management warns that it is at liberty to charge corkage.

FANCY DRESS PARTY

By popular demand the Fancy Dress Room Party will reappear on Saturday night/ Sunday morning. Party sippants are invited to come to the George Room (next to the Bar!!!) after the films have finished. Costumes of an S.F. ilk will be considered for a valuable (liquid?) prize. This is a ROOM PARTY so anyone carrying a fullbo-ttle will be joyfully admitted. Aliens welcome!

((n.b. the chairman declines responsibility for the spelling in the above paragraph.))

#### OVER 70 REGISTERED

The convention committee were very encouraged to see that by the end of Chessmancon the numbers of registrations for NOVACON 2 had reached well over the 70 mark, a fact which can be attributed to members of the Committee spending a large part of their time at The Blossoms pushing registration forms into peoples hands and asking if they had registered yet.

With just over 6 months to go before the convention, there are signs that NOVACON 2 will be as good, if not better than last year and with the number of professional authors and well known fans already registered it looks like making a memorable two day convention.

If you are reading this report and have not yet registered there is still time. Registration is 50p, which will bring you all convention literature, including the programme booklet even if you do not attend.
