Game Designer, Shanna Germain

First and foremost, she is a leximaven of the highest order, exploring her love of the written word through a multitude of formats and styles. Shanna (pronounced like ‘Shaun’ with a sigh of pleasure at the end) also claims the titles of (in no particular order): girl, gamer geek, wanderluster, flower picker, tire kicker, knife licker, she-devil, vorpal blonde and Schrödinger’s brat.

With a whole lot of writing years under her belt (or her collar, depending on the day), Shanna’s poems, essays, short stories, novellas, articles and more have found homes in hundreds of magazines, newspapers, books and websites.

An Associate Fellow at The Attic Institute in Portland, OR, she has taught classes in writing, publishing, media and photography at a wide variety of places. She’s even garnered an award here and there, including a Pushcart nomination, the Rauxa Prize for Erotic Poetry and the C. Hamilton Bailey Poetry Fellowship. She keeps her ego in a tiny glass jar and feeds it drops of sea water and baby crickets so that it will never outgrow its cage.

Currently the lead editor of Numenera and its follow-up products, Shanna’s other recent works include *Bound by Lust* (Harper Collins), *Geek Love* (Stone Box Press), and *The Lure of Dangerous Women* (Wayzgoose Press).

Guest of Honor

Local Artist, Dain Q. Gore

Dain Q. Gore is a current Faculty Adjunct at ASU and Phoenix College, completing his MFA in 2009. Having studied End-Times myths of his culture, he presents Bible stories mixed with Apocryphal and other controversial philosophies, such as the Tarot, in a humorous way.

His cast of absurd characters shifts between the religious and secular worlds to suit his own vision of the supernatural realm. His recent area of interest has included puppetry, emulating the humor and questioning of his paintings in a manic sculptural and often bawdy performance-based setting. His art has exhibited in downtown Phoenix since 2002 and as far away from Phoenix as Himeiji and Beijing.

He has performed puppetry part-time for the Great Arizona Puppet Theater since 2007, at both Adult Puppet Slams and the kid-friendly Imagine This!, having also constructed puppets that performed in his solo shows at Eye Lounge in 2010-2011 and Trunk Space in 2012, as well Phoenix Comicon in 2012-2015 and the Phoenix Art Museum. He is also a current contributor to the new Meow Wolf project, The House of Eternal Return, in Santa Fe, New Mexico.

His most current investigations include merging paintings with his interest in puppetry, which refer to a childhood fascination with Bible stories told through puppets and their illusion of a subjectively formed, artificial reality. This began with a solo show in 2014 at Hot Box gallery, The ECSTATIC TRUTH.

Guest of Honor

Local Game Designer, Ben Woerner

Ben Woerner, by day, is a mild-mannered husband, father, and marketing manager for his family's business. By night he's a game designer. Having run games for over a quarter century he finally began to design them. In August of 2014, he published *World of Dew*, a samurai noir roleplaying game and sequel to John Wick's *Blood & Honor*.

He's also written for John Wick Presents in *Blood & Honor* and *Wield*, as well writing for *Call of Catthulhu*. He just published the first supplement to *World of Dew* called *The Sound of Water*. It is full of chapters from some of the industry's hottest authors and artists. After that he's thinkin' of moseying over to the Old West for a bit, and then later download his avatar into a cyberpunk world. Maybe one day he'll get to write about magical kung-fu kids who can save the world.

He's a big fan of mitigated success and aspects in game design. He is an even bigger fan of his soccer playing daughter (she's a keeper), his gruff, adorable, little man, and the loveliest of all women, his wife, Emily.

Email: wwunderwerks@gmail.com if you would like to contact him about past or current projects.

Ken wrote the first edition of Tunnels and Trolls in April 1975, self-published it in June of that year, a limited edition of 100 copies. That remained the standard until 2005 when Fiery Dragon Ltd. of Canada produced the 7th edition, entirely rewritten by him. In 2008 the 7.5 edition modified the 2005 rules slightly, and is now his preferred edition of the game. However, he has created a number of other games including Monsters! Monsters!, Stormbringer, and was one of the designers of the computer classic Wasteland.. He produced about a dozen new Tunnels and Trolls modules in 2011, and plans to continue with more of the same in the foreseeable future.

New Orleans 2018 Worldcon Bid

New Orleans has twice hosted Worldcons... in 1951 and again in 1988. By 2018, thirty years will have passed since Worldcon attendees enjoyed the southern hospitality that makes New Orleans one of the most desirable destinations in the world. It's time.

This is a local effort, supported by the accumulated experience and wisdom of Worldcon Fandom.

United Federation of Phoenix

The United Federation of Phoenix is a local Star Trek and general Sci-Fi fan club. This FB fan page is open to past and present members and those interested in the UFP. The club first met in September 1975 and has been meeting bi-weekly since.

Nero Central Arizona

Tel Zohar is a land of two regions; The south is an arid desert with little water, and less shade. Its sandy landscape is dotted with scraggly low trees and ragged brush mixed with proud cactus. Rises of craggy hills break up the otherwise flat monotony of the land and offer the best options for travelers looking for relief from the unforgiving sun. Somehow among this harsh and unforgiving land the people have found ways to thrive, their art and clothing bright with color and adorned with elegant stones and precious metals. To the north the desert slowly gives up its hold to the mountains, cactus replaced by sparse evergreens that fill in as the elevation rises until forming a respectable forest. Rivers and lakes add lushness and draw various game animals to their banks. Many of the people are a mix of desert dwelling folk and immigrants from the north seeking the bounty of fur, and logging trade in the area.

Nestled in 2109, it overlooks the swimming pool and lawn to give you an overview of any outdoor events. Inside you'll find upholstered seats, a flat screen television airing genre related items, and a few snacks and beverages to share while chatting with friends both new and long term.

Cospitality Lounge

Welcome to the future! While we don't have self-tying shoes we do provide all our costuming members a place to cool down, relax, and fix a few things. LepreCon's Cospitality Lounge is also a photo-free zone, so please keep your camera (phones and otherwise) at bay when visiting this area.

Our scheduled hours will typically be 10-6 Friday & Saturday and 10-4 on Sunday. We have room for volunteers as well. If you can manage a couple hours of your time, provide friendly service, watch over things, think on the spot, and possibly provide costume fixing needs we appreciate your contributions.

Cospitality will be located in 2119.

Creating a World for Publication

There are many ideas to consider when creating a world: creating the type of society in which a story takes place and how that effects the protagonist's path; creating foils and villains which fit into the overall world; crafting slang, jargon, idioms, and even whole languages; how discoveries in magic or science affect the day to day cultures and expectations; et cetera. Policies

Anti-Harassment Policy

LepreCon wishes to provide a safe, hospitable, harassment-free convention experience for everyone, regardless of gender, gender identity, gender expression, sexual orientation, marital status, physical or mental ability or disability, physical appearance, coloration, physical attributes, age, body size, body shape, race, ethnicity, citizenship status, employment, socioeconomic status, financial status, familial status, military or veteran status, achievements, national origin, ancestry, worldview, political party preference, political belief, political affiliation, operating systems, platform preference, programming language, text editor preference, creed, or religion (or lack thereof). The purpose of this policy is to deter and address harassment and harmful conduct, not to limit consensual interaction and free and open discussion.

We expect all attendees, participants, guests, members, volunteers, and staff to act responsibly, courteously, and considerately, and to follow this code of conduct during all conventions, convention-related events, and LepreCon meetings.

“Yes” means yes, “no” means no, and “maybe” means no. Please take “no” for an answer for any request or activity and do not repeat your request again. Do not corner people socially—if someone is looking apprehensive or trapped, give them space. If someone tells you to go away or to leave him or her alone, your business with that person is done and you should not attempt to initiate further contact with that person.

No touching or photographing other people without consent. This includes glomping, hugging, kissing, fondling, and hands on knees, backs, shoulders, and hair—ask first! The fact that someone is in costume does not imply consent for photographs or touching—ask first! Obtain permission before posting images of people or recordings of the convention online. Do not assume that physical contact will be welcome or appreciated. Some folks do not like to be touched and will respect and like you more if you respect their personal space. You are encouraged to ask for unequivocal consent for all activities.

Continued on page 35

Anti-Harassment Policy

LepreCon welcomes families with children and expects all attendees, participants, guests, members, and staff to treat these families with courtesy. Use of explicit sexual language and imagery should be limited to panels, events, and situations where those in attendance know that such content may be presented. Parents or guardians should be aware not all panels or events may be suitable for children. Parents or guardians bringing children are responsible for the children's behavior.

LepreCon does not tolerate harmful conductor harassment of or by attendees, participants, guests, members, volunteers, and staff in any form. Harmful conduct or harassment is verbal or physical conduct that creates an unpleasant or hostile situation. This includes, but is not limited to:

Physical assault; battery; disregarding the safety of other persons; theft or robbery; intentional destruction of property; deliberate intimidation; stalking; deliberate impeding or blocking another's movement; sexual attention, gestures, questions, or comments that are known or ought reasonably to be known to be unwelcome; sexual advances or propositions that are known or ought reasonably to be known to be unwelcome; sexual advances or propositions toward a person under the age of 18; making or threatening reprisals after receiving a negative response to sexual advances or propositions; inappropriate and non-consensual physical contact, including pinching, grabbing, patting, groping, or brushing against another's body; repeated heckling, interruption, or other disruption of panels or other events or meetings; photography or audio- or video-recording without the subject's consent; posting images or content on the internet, Facebook, or other media without the consent of the subject of the image or content, or not removing images or content you have been asked to take down by the subject of the image or content; providing or offering to provide alcoholic beverages or illegal substances to someone under the age of 21; threatening, bullying, hectoring, coercion, or any other abusive conduct that has the purpose or effect of unreasonably interfering with another person's ability to enjoy and participate in the convention, convention-related events, and LepreCon meetings;

Anti-Harassment Policy

inappropriate verbal comments or gestures related to gender, gender identity, gender expression, sexual orientation, marital status, physical or mental ability or disability, physical appearance, coloration, physical attributes, age, body size, body shape, race, ethnicity, citizenship status, employment, socioeconomic status, financial status, familial status, military or veteran status, achievements, national origin, ancestry, worldview, political party preference, political belief, political affiliation, operating systems, platform preference, programming language, text editor preference, creed, or religion (or lack thereof); falsely accusing an innocent person of harassment; or any other action or behavior that causes significant interference with convention operations, adversely affects the convention's relationship with its venues or the public, or causes excessive discomfort to other attendees, participants, guests, members, volunteers, or staff.

Reasonable and objective examination of beliefs, including critical commentary on another person's views, does not by itself constitute harassment. One of the underlying rationales of this policy is to promote—not inhibit—discussion and free exchanges of ideas between persons of differing views. Furthermore, the responsibility for settling interpersonal disputes lies solely with the individuals involved, and LepreCon will not tolerate being used as a leveraging point in such disputes.

Persons asked to stop any harmful conduct or harassing behavior are expected to comply immediately. The exact remedy for harmful conduct or harassing conduct will depend on an evaluation of all relevant circumstances, such as the severity of the conduct and prior violations by the person engaging in prohibited conduct. Anyone violating this policy may be expelled from the meeting, event, or convention without a refund at the discretion of the convention organizers, and sanctions may include permanent suspension of membership in LepreCon. When there is a reasonable basis for believing the conduct is illegal, appropriate law enforcement authorities will be notified.

Anti-Harassment Policy

If you are being harassed, notice that someone else is being harassed or engaging in harmful conduct, or have any other concerns, please contact a member of convention staff or a LepreCon Board member immediately. Convention staff can be identified by special badges.

Where convention staff or a LepreCon Board member witnesses to the prohibited conduct, immediate remedial action may be taken. Where a report of harmful conduct or harassment is made to convention staff or a LepreCon Board member after the conduct has occurred, reasonable measures will be taken to establish the facts. This will typically include discussion with witnesses, if any, and the person accused of engaging in the prohibited conduct. Inquiries into harmful conduct or harassing conduct will be carried out as confidentially as possible given the circumstances.

Convention staff will be happy to help participants contact hotel/venue security or local law enforcement, provide escorts, or otherwise assist those experiencing harassment to feel safe for the duration of the convention. We value your attendance.

Photography & Videography Policy

No photographic or videographic recording other people without consent. The fact that someone is in costume does not imply consent for photos or videos – ask first! Obtain permission before posting images of people or recordings of LepreCon online. Program participants and Guests of Honor may or may not allow recording of their likeness or voice. You are encouraged to ask for unequivocal consent for all activities.

Fan Table Policy

Fan Tables are complimentary for non-profits or community outreach organizations. If someone wants to sell something for a profit venture, then they have to be in the Merchant Hall. If a convention or fan group wants to sell memberships or merchandise to raise funds to help their parent organization, that's ok.

Fan Table Coordinators must purchase at minimum an Attending Full Membership, but others staffing that Fan Table are encouraged, but not required, to purchase their own memberships. A Fan Table is defined as above; anything outside this definition requires a Vendor Table or Booth.

Room Party Policy

Room Party Coordinators must purchase at minimum an Attending Full Membership, while others staffing or attending a party are encouraged, but not required, to purchase their own memberships. Room Party Coordinators are allowed to book a room/suite for a party at the convention rate, be located in the party area, and must conform to any convention-specific party rules & regulations as specified by the convention chair or committee.

Weapons Policy

Carrying and wearing of weapons of any kind will not be permitted, except as part of cosplaying in a hall costume if peace-bonded by our Rangers Director. No real or realistic looking firearms are allowed and all bladed weapons must be sheathed.

Any weapons purchased in the Vendor Hall must be securely wrapped before they are taken out of the room.

The committee realizes that most people who would like to carry and wear weapons are sensible and careful individuals. However, because of the present liability laws, the risk of weapons causing accident or distress, and in observance of the hotel's weapons policy, we have no choice but to comply. The safety of convention members is our overriding consideration, as well as cooperating fully with the hotel's security personnel.

Bylaws of Leprecon, Inc.

Bylaws of Leprecon, Inc.

Approved 13 November 2005;

and amended 05 May 2013, 17 November 2013, 18 May 2014, & 03 November 2015

1. PRIMARY PURPOSE

Leprecon Inc. is organized primarily to operate an annual science fiction convention in the Phoenix metropolitan area. It may also hold other social functions during the year in connection with and in support of the primary purpose.

2. MEMBERSHIP

2.1. Active and Passive members

2.1.1. Becoming a member

Membership in the organization is conveyed to a person by petition at a quarterly meeting, by obtaining a convention membership in the annual event, or by Board of Directors decree. Membership is open to all persons with an interest in science fiction, fantasy, and/or related topics. The Corporation may refuse to accept memberships for cause. If the annual event is combined with a special event, then membership in the organization shall be specified at the time of registration or as soon as possible after such registration; the default shall be to not include membership in the organization.

2.1.2. Term of membership

Membership begins at the start of the Annual Meeting and ends at the start of the next Annual Meeting. Membership is considered active until at least one (1) quarterly meeting is not attended. Membership is considered passive until returning to active by attending a quarterly meeting before the next convention. Membership is considered either active or passive unless terminated as indicated below. Proxies may be substituted for attendance if necessary.

2.1.3. Termination of membership

Membership may be revoked for disorderly, inappropriate, or illegal behavior or other specified cause during or in connection with a convention or other corporate sponsored event. Membership is terminated automatically if the member fails to obtain an attending membership in the annual convention. Membership is terminated involuntarily if a two-thirds (2/3) majority of all active members vote to terminate. Membership is terminated voluntarily if the member sends a signed resignation letter to the Secretary or other designated Board of Directors member. Membership is terminated automatically if the member enters the Art Gallery with art for sale or enters the Vendors Hall with intent to sell merchandise.

2.1.4. Rights of membership

Membership entitles the holder to attend quarterly meetings and vote at such meetings, attend the convention for which a convention membership was obtained, or any other function sponsored by the organization.

2.1.5. Classes of membership

Current classes of membership include Active and Passive. The Corporation may declare other classes of membership as needed.

Bylaws

2.16. Petition for membership

A person may petition for membership at a quarterly meeting by circulating a petition asking to become a member. Active members may sign the petition to indicate that the petitioning person is acceptable as a member. If the petitioning person obtains signatures from at least two-thirds (2/3) of the active members present and submits the petition to the Secretary or designated board member, then the person becomes an active member seven (7) days after the end of that quarterly meeting. A petitioner who did not have an attending membership at the immediately previous convention must pay a membership fee equal to the lowest advertised attending full weekend membership rate at that convention.

2.17. Convention membership

A person may obtain an attending convention membership by purchasing one through the Treasurer or authorized agent, or by holding a convention position (past or present) that is authorized to receive a complimentary membership.

2.2. Member rights

2.2.1. Active members are eligible to vote for the Board of Directors, to hold positions on the board, to vote for changes in these Bylaws or for any other reason designated by the Board.

2.2.2. There must be at least fifteen (15) active members. Should the number fall below this, the Board of Directors shall appoint new active members as necessary.

2.2.3. Obligations of members

2.2.3.1. Active members must be legally competent in the State of Arizona.

2.2.3.2. Active and passive members must maintain their current mailing address, email address and telephone number with the Secretary.

2.2.3.3. Active members must respond to a ballot.

2.2.3.4. Active members must attend each of the regular quarterly meetings of the Board of Directors or submit a proxy to the Secretary and to the Chairman or Vice-Chairman of the Board.

2.2.3.5. Active and passive members must be an attending member of the annual convention.

3. DIRECTORS

3.1. Composition of the Board of Directors

3.1.1. There shall be five (5) voting Directors.

3.1.2. Three (3) Directors shall be selected by election for three (3) year terms, electing one Director after each Annual Meeting, and taking office at the end of that meeting.

3.1.3. Each person who completes a term as President shall become a Director for a two (2) year term commencing at the end of the Annual Meeting following the completion of the previous convention.

Bylaws

3.1.4. The President (current convention chair) shall be a non-voting member of the Board.

3.1.5. The Vice-President (next convention chair after current) shall be a non-voting member of the Board.

3.1.6. The Assistant Vice-President (following convention chair after next) shall be a non-voting member of the Board.

3.2. Election of Directors

3.2.0. To be eligible for a voting position on the Board of Directors, a candidate must be an active member who has attended at least three (3) of the last four (4) quarterly board meetings immediately prior to the election.

3.2.1. Directors shall be elected by ballot of the active members. Such elections may take place at any scheduled quarterly meeting. Nominations for such elections may be called for at such scheduled meetings. Typically, elections occur at the Annual Meeting usually held in August.

3.2.2. In meetings where nominations and elections are to take place, all active members must be notified one (1) week in advance.

3.2.3. Active members not able to attend meetings where elections are held may vote by notifying the Secretary, the President, or the Chairman of the Board in writing of their vote.

3.2.4. If there is a vacancy on the Board, the Board of Directors may appoint a Director to fill the vacancy until a replacement can be elected for the remainder of the regular term of the Director being replaced. This election shall be within three (3) months of the vacancy.

3.3. Termination of Office

The Secretary shall conduct a recall election when requested by petition of the active members. This election shall be conducted by mail ballot and shall begin within one (1) month of the request. A vote of two-thirds (2/3) of the active members is required for removal. In the event that the recall election involves the Secretary position, then the Chairman of the Board shall assume the Secretary's duties for the recall election. Termination of office is not a termination of active membership. A separate vote would be required to terminate an active membership.

3.4. Rights of Directors

The Board of Directors manages the operation of the corporation by appointing and removing the Operating Officers and monitoring their performance in office. The Directors shall have exclusive control of any matter which might reasonably be expected to affect more than a single convention.

3.5. Obligations of the Board of Directors

The Directors shall exercise reasonable care in the management of the corporation and shall consider the opinions and concerns of the active and passive members in any decision. Each Director must be legally competent in the State of Arizona, must attend three (3) of the four (4) regular quarterly meetings of the Board of Directors and must meet any other requirements set by the Board for its own operations. Proxies may substitute for attendance if necessary.

Bylaws

3.6. Chairman and Vice-Chairman of the Board

The Board of Directors shall elect one of the Directors as a Chairman and one of the Directors as a Vice-Chairman. The Chairman runs the quarterly meetings. The Vice-Chairman runs the meetings in the absence of the Chairman.

4. MEETINGS OF THE BOARD OF DIRECTORS

4.1. Regular meetings of the Board

4.1.1. Quarterly meetings shall be held on the second Saturday of August, November, February, and May, these being the second month of each quarter. Active and passive members and members of the Board are responsible for finding out the time and place of the meetings. No notifications are required. Quarterly meetings may be held within 20 days of the above dates if necessary to accommodate the attendance of a majority of the Directors.

4.1.2. Other scheduled meetings may be held at the discretion of the President or the Chairman of the Board as needed. For scheduled meetings other than regular quarterly meetings, all active members, all Directors, and all operating officers shall be provided with the time and place with a minimum of one (1) week notice. This notice shall be distributed as widely as practical before the meeting.

4.1.3. All regular Board meetings shall be open to all interested people.

4.1.4. A quorum is required to make a meeting official. This applies to quarterly, annual, unscheduled, or special meetings. A quorum is defined as at least three (3) voting Directors in attendance or by proxy.

4.2. Unscheduled Board meetings

Unscheduled Board of Directors meetings are those that do not meet the notification requirements for regular meetings. They may be called as desired by the Chairman, as long as a majority of the Directors are present. These meetings may be held informally over the telephone, online, or in person so long as a majority of the Directors are contacted and a majority opinion is reached on the question(s) under consideration. Any action taken by an unscheduled meeting must be ratified at the next regular meeting to be valid.

4.3. Annual meeting

Leprecon, Inc. shall hold an Annual Meeting which shall be the first quarterly board meeting after the start of the 01 August fiscal year. This meeting shall serve as a general report to the convention members on the previous convention and act to set the direction for the next convention. The Annual Meeting shall be one of the regular quarterly meetings. The time and place of the Annual Meeting shall be published in the convention program book.

Bylaws

5. CORPORATE OPERATING OFFICERS

The President is the Chief Operating Officer (COO) of the current convention. S/he supervises the activities of his/her appointed staff. S/he is responsible for the smooth operation of the convention and shall perform whatever duties are necessary to ensure that occurs. The President shall function under the supervision and direction of the Board of Directors and shall make regular reports informally to the Directors and formally and in detail at each quarterly meeting, including the Annual Meeting. Role Playing Game – Swashbuckling Adventure

Game Description: You're the officers of a small ATC Seahorse mail courier. You've only worked for the ATC in Theah for a few years, and you were recently promoted and transferred to the Atabeau Sea region. But what you've found here disturbs you. The Company isn't a simple trading enterprise like most people think back in Theah. They're slavers and worse, and you work for them! You've been talking amongst yourselves the entire last voyage about when and how you'll leave the service, when you were called back to Fort Freedom to make a special delivery. The cargo you've been ordered to deliver might just be what you need to break free from the ATC and find service elsewhere. But first you have to escape Fort Freedom, escape the Company ships chasing you and find your way, far to the North, to the infamous island of the Brotherhood of the Coast: Aragosta.
