

# EXTRA, EXTRA Medallion Hunt $\leq 2^4 \geq$

If you need a larger print or electronic edition of this document, please ask J (Jason) Spitzer, the Medallion Hunt Game Keeper. J can be found around the con, in the Con Bar, and/or in the BBT Office. He will also be on 3 panels on Saturday, in the Park 2 room: My First Convention (10:00), Psychoanalysis for Robots (11:30) and The Ethics of Robot soldiers (8:30 PM). Thank you ☺

Greetings my fellow Minicon attendees! It is I, J, your Cluemeister here again for this, the 16<sup>th</sup> year with the almost-hopefully-soon-post-pandemic edition of the Minicon Medallion Hunt. As in each of the last few years – following the original Cluemeister, Thorin Tatge, who ran the game for 10 years – it is again my honor to continue the Medallion Hunt tradition. For those who are new, welcome to Minicon's version of an Easter egg hunt! The Medallion Hunt is a treasure hunt for shiny 1973 pennies squirreled away throughout the hotel. Once found, please bring your penny to me (J), the Game Keeper, around the con or at the BBT Office (located in Courtyard Room 4, on the first floor) & exchange it for a prize & a healthy dose of pride with a side order of gloating. You'll also get the saga of your quest published for all to see in the next issue. Please note that prizes this year will be give-away items located in the BBT Office.

As a reminder and due to an incident last year, all persons participating in the Medallion Hunt – whether seeking Medallions, helping others who are, or otherwise – must be registered attendees & members of Minicon each and every year; this year, Minicon 56. Each player must have picked up their badge from registration prior to playing in the Medallion Hunt.

The Medallion Hunt sign is up outside the BBT Office! (Special thanks to hero Bob DeMers for coloring and drawing almost the entire sign!) This sign tracks the status of the various medallions. (All the pennies are currently at large except for  $\pi$ .) The clues can be anything from straightforward obfuscation, to puns, codes or puzzles that involve math, science, pop culture references, or pretty much anything else the Dungeon Master, I mean Game Keeper – uh... Cluemeister contrives.

As in past years, all pennies have been hidden in public places in the hotel, but not within restrooms, shops, or anywhere in the Art/Dealers or Science Room. All pennies will be generally accessible each day. When found, please bring the medallion to J, but try to leave the piece of blue tape in place to signal to other seekers that a penny was there.

Please be respectful and quiet when searching outside of convention space. Take care when searching not to disturb hotel guests or set off any emergency alarms.

A few changes for this year: my helpers and I have dispatched 25 pennies this year marked with numbers 1–10, 15, and 20 and letters A–L, plus  $\pi$ . Not all the pennies will be visible. Also, four (4) of the Medallions will be in roving locations. For any Medallion in a roving location, seeker(s) must directly, verbally state the exact Medallion they seek.

This year, the game will continue until the beginning of the Medallion Hunt Recap on Sunday, at 3:30 PM in Park 2 (this will precede Closing Ceremonies at 4:00 PM). As always, I am honored to serve as your Game Keeper / Cluemeister and hope you enjoy Minicon 56! “We're all bozos on this bus!” but, with all that has gone on over the past three years, I'm definitely a sillier clown than usual – I'm even sillier than my usual as my friends will attest! Hahaha ;)

## CLUES: ROUND 1

- 1.** I'm on a surface that is easy to clean. I'm near music, challenges and games galore. Wherever I am, I'm not on the floor.
- 2.** Up and down, like chutes and ladders (or at least one of those), I'm on an inclined plane but by passing me, you only gain a small amount of altitude.
- 3.** I'm somewhat sandwiched between 2 hard working surfaces. You might not be likely to pass me often unless you are specifically in my area.
- 4.** I wasn't found last year so I'm back again (though my number is almost certainly different). I am hanging on a flat surface which is a multiple of my shape.
- 5.** Sadly, 5 was found before the hunt started when it fell from its hiding spot, hanging from the back of the lowest part of a window shade's plastic, mesh surface. It turned out the plastic mesh was a material to which the blue tape could not stick.
- 6.** I'm buried but not very deeply. It won't cost you much to dig me up.
- 7.** I'm hanging out near a place where people gather to have fun.
- 8.** I sit in a place you wouldn't expect and one in/on which you wouldn't be able to sit.
- 9.** Mickey Mouse, a flammable gas, "Ugly bags of mostly \_\_\_\_\_"
- 10.** I'm in a place not many will venture. All are allowed but almost no one will enter.
- 15.** Many of you will pass right in front of me though I'm rarely in the same place twice. I'm always near someone who works to admit everyone to Minicon
- 20.** I'm on the move too and bouncin' around. Wherever I am, I go, I'm near the ground.
- A.** Take a chance on finding me, seek the place where I will be. "Get out of Jail", "Community Chest", if you want to you win, try your best.
- B.** I'm hanging around but not in plain sight. In order to find me, try as you might, to check all over, even places you might not need to go but others may.
- C.** What do all these things have in common? Coleman, beer, a particular airline, and an Amtrak attendant.
- D.** So many will pass right by me at all times of day. When the sun is out, you might not stay.
- E.** Mirror, mirror, on the wall, who is the fairest of them all?
- F.** Slow and steady wins the race.
- G.** I hang here and stare all night and all day, until you find me, here I'll stay.
- H.** My area can be loud. If my immediate space stays "quiet" I'll be proud. If I'm disturbed, you will be too. I'd hope the cause of such wouldn't be you... or any of us.
- I.** I sit and listen to what people say, I think I'll hang out here all day. Issues of gender, AI and more, I'm chillin' but not on 1<sup>st</sup> floor.
- J.** If "cleanliness is godliness" as some say then come and see me while on your way.
- K.** I was here in the past but no one found me. My number and floor were different. I'm hanging out hoping my tape holds. If not, it's the floor for me. I hope someone comes up here and finds me.
- L.** If things get hot, you'll want to run right up to me. I may not be of any help, myself but you'll still want to run here.
- π.** Once you collect this Medallion, you must recite Pi to as many decimal places as you can when turning it back in to J. (It got knocked loose from its place and will be put back on Saturday.) I'm trying to camouflage myself... I'm not sure how well I'm doing though I will likely not be visible.
