Lies, Damned Lies and Statistics

By Nic Farey, April 2025

The following is a complete voting breakdown of ballots submitted for the 2025 FAAn awards (for work first published in 2024).

62 ballots were received. No entire ballots were rejected for any reason. Two votes in 'Genzine' were miscategorized, and after consultation with the voters were properly recorded as a perzine. One vote in the 'Fanzine Cover' category misstated the issue #, and this was corrected after confirming the voter's intent. Three votes in 'Fanzine Cover' were for episodes of *Octothorpe* and were discounted. Six votes in 'Fanzine Cover' were from issues not from 2024 and were discounted. One vote in 'Fanartist' for ATom was discounted due to lack of evidence of any first published work in 2024.

Thanks to: All who participated, particularly those who also engaged in awareness efforts; to **Jerry Kaufman** and **Suzle** for agreeing to co-host the award presentations at Corflu 42. Inevitable and undying thanks to **Bill "Magister" Burns** for unstinting encouragement, solid advice and continued support both privately and via efanzines and corflu.org ; also thanks again to **John L Coker III**, **David Langford** and **Mark Plummer** for valuable contributions to the compilation of the 2024 listings.
