*Rhetorics of Fantasy!***

**Finalist for the
2009 Hugo Award for
"Best Related Book"!**

Transcending arguments over the definition of fantasy literature, *Rhetorics of Fantasy* introduces a provocative new system of classification for the genre. Utilizing nearly two hundred examples of modern fantasy, author Farah Mendlesohn uses this system to explore how fiction writers construct their fantastic worlds.

Policies

Weapons policy for Anticipation will be as follows:

No weapon, whether edged or projectile firing (or facsimiles thereof or anything resembling a weapon) shall be carried within the boundaries of the convention. Any weapon sold in the dealers room must be wrapped for transport to the purchasers room. Penalty for failure to do so will result in the dealer being asked to remove all weapons from their table. Operations/Rovers will have the final say on what constitutes a weapon. Anyone found carrying a weapon will be asked to return it to their room. Failure to do so will result in penalties which could be up to and including revocation of membership.

Registration Policies

Badges

Please wear your badge at all times. Many of the function rooms and events will have people checking badges at the door.

All children must wear badges. See “Children’s Badges / Kids in Tow.”

Lost Badges

Your badge is your identification as a member of Anticipation. If you lose your badge, please check with Registration to see if it has been turned in. If we must replace your badge, there will be a fee. If, after you have paid the fee, your badge is found, we’ll take the replacement badge back and return your fee.

If you lose your replacement badge, too, the next one will be \$135 for a full membership for the remainder of the convention.

Changing Your Badge

If you would like a different name on your badge than the one you requested in your registration, there will be a \$5 fee for the new badge. We are happy to do this in almost all cases,

Règlements

La politique d’Anticipation en ce qui concerne les armes sera la suivante:

Aucune arme, qu'il s'agisse d'armes blanches ou d'armes à projectiles ne pourra être portée dans les installations de la convention. Ceci est valable aussi pour les copies et tout ce qui ressemblerait à une arme. Toute arme vendue dans la Dealers Room doit être transportée emballée par l'acheteur jusqu'à sa propre chambre. En cas de non respect de cette règle, la sanction pour le vendeur sera de devoir retirer toutes les armes de sa table. En cas de litiges, les Opérations décideront souverainement de ce qui est ou non une arme. Tout qui sera trouvé porteur d'une arme sera prié de la rapporter dans sa chambre. Refuser de le faire peut amener des sanctions allant jusqu'à l'exclusion de la convention.

Politiques relatives à l’inscription

Insignes

Vous devez porter votre insigne en tout temps. Des personnes en charge de vérifier les insignes seront postées à l’entrée de nombreuses salles et de nombreux événements.

Tous les enfants doivent porter un insigne. Voir la section « Insigne pour enfant/Tout-petit »

Insigne perdu

Votre insigne vous identifie en tant que membre d’Anticipation. Si vous perdez votre insigne, veuillez vérifier auprès de l’inscription s'il a été retourné. Des frais vous seront demandés si nous devons remplacer votre insigne. Si, après avoir payé les frais, votre insigne nous est retourné, nous reprendrons l’insigne de remplacement et nous vous rembourserons vos frais.

Si vous perdez votre insigne de remplacement, des frais de 135 \$ vous seront demandés pour l’obtention d’une participation valide pour le reste du congrès.

Changement sur votre insigne

Vous devrez débourser 5 \$ si vous désirez qu’un nom

but reserve the right to decline a badge name request, if for some reason we deem it necessary. You must turn in your original badge at the time of request. We will not be able to print new badges during peak registration periods.

Children's Badges / Kids in Tow

All children at Anticipation must have and wear an Anticipation badge with their parent contact information on the back. It is the parent's responsibility to write the information on the back of the badge.

It is the parent or guardian's responsibility to monitor their child's activity and maintain a reasonable amount of control and supervision. Violation of this policy may be grounds for expulsion.

Children ages 0-5 will receive a Kid-in-Tow badge. A child with a Kid-in-Tow badge must be with a parent or responsible adult at all times! The parents of any children with Kid-in-Tow badges found without supervision will be asked to join their children immediately.

Child memberships are issued to children ages 6 - 12.

Children's Programme (room 510) is *not* child care. The people on the panel, doing the workshop, telling the stories, etc. will not be supervising your children. If your children require supervision, then you should plan to attend the programming along with them. To attend Children's Programme, a child must have a Child membership or a Kid-in-Tow badge – Kids-in-Tow must be accompanied by a parent or responsible adult.

Taster Memberships

Taster Memberships are only sold and refunded during the hours that At-Con Registration is open. If someone wants to try the convention out, they purchase a One Day for that day. They have three hours to return to Registration for a refund of everything except \$20. If they do not return, OR, if they return in more than three hours, they are no longer eligible for a refund.

The Taster Membership will NOT work for someone who just wants to attend the Masquerade, or the Hugo Awards, or any other evening event that ends after Registration closes. But, for someone who just wants to see what a Worldcon is all about, and is willing to invest \$20, and make sure they get back in time for the refund, it's a very good option.

Stuffed Animal/Service Animal Badges

You may purchase a badge for your service animal, or for an inanimate teddy bear, robot, or dragon. Just come to Registration during open hours, fill out a registration form and pay the \$5 fee. We are happy to do this in almost all cases, but reserve the right to decline a request, if for some reason we deem it necessary.

autre que celui choisi à l'inscription apparaisse sur votre insigne. Nous serons heureux de répondre à votre requête dans presque tous les cas mais nous réservons le droit de refuser une demande de changement de nom sur un insigne si nous le jugeons nécessaire. Il est entendu que vous devez nous redonner votre insigne original au moment de votre requête. Nous ne pourrons imprimer de nouveaux insignes durant les périodes d'inscription.

Insigne pour enfant/Tout-petit

Tous les enfants doivent porter un insigne d'Anticipation où il est inscrit les coordonnées de leurs parents à l'endos. Il est de la responsabilité des parents d'y inscrire les informations à l'endos de l'insigne.

Le parent ou gardien de l'enfant est responsable de surveiller l'activité de son enfant ainsi que de maintenir un niveau raisonnable de contrôle et de supervision auprès de celui-ci. Le non-respect de cette politique peut entraîner l'expulsion.

Les enfants de 0 à 5 ans recevront un insigne Tout-petit. Un enfant portant un tel insigne se doit d'être accompagné d'un parent ou adulte en tout temps! Les parents d'enfants portant un insigne Tout-petit trouvés sans supervision devront rejoindre ces derniers immédiatement.

Une participation pour enfant est accordée aux 6 à 12 ans.

La programmation pour enfants (salle 510) N'EST PAS une garderie. Les hôtes de panels, d'ateliers, qui racontent une histoire, ou qui animent toutes autres activités ne surveilleront pas vos enfants. Si votre enfant requiert de la surveillance, vous devriez être présent lors de l'activité. Afin de participer à la programmation pour enfants, ces derniers doivent posséder une participation de type Enfant ou un signe Tout-petit. Un détenteur d'un insigne Tout-petit doit être accompagné d'un parent ou adulte responsable.

Participation d'essai

La participation d'essai est seulement vendue et remboursée durant les heures d'ouverture du bureau des inscriptions d'Anticipation. Si quelqu'un désire avoir un aperçu du congrès, il peut acheter une passe journalière valide la journée même. Il a alors trois heures pour la retourner et se faire rembourser la totalité du montant moins 20 \$. Si la personne ne retourne pas la passe OU si la personne arrive plus de trois heures plus tard, elle n'est plus éligible au remboursement.

La participation d'essai N'EST PAS valide pour la masquerade, les Prix Hugo ou tout autre événement qui se termine après la fermeture du bureau des inscriptions. Bref, cette option est idéale pour quelqu'un qui veut savoir à quoi ressemble Worldcon et qui est prêt à investir 20 \$, en s'assurant de revenir à temps.

Insigne pour toutou ou animal de service

Vous pouvez acheter un insigne pour votre animal de service, votre ours en peluche, votre robot ou votre dragon. Il suffit de venir nous voir durant les heures d'ouverture de l'inscription, de remplir un formulaire et de payer 5 \$. Nous serons heureux de le faire dans presque tous les cas mais nous réservons le droit de refuser une requête si nous le jugeons nécessaire.

Information

Want to know how to get around? Where you panel is located? How to sign up for a Kaffeeklatsch?

Come by the information Desk outside of 210 and find out.

Voodoo Message Boards

By the main entrance to the 210 exhibit hall, you will find the ever-popular Voodoo Boards, a messaging system unique to Worldcon. Displaying the names of everyone registered for Anticipation, you can indicate to the convention membership that you've arrived by checking off your name. Anyone can leave you a message by writing their message, and leaving it in the alphabetical boxes near the boards. To let your recipient know there's a message waiting, you stick in a push pin by their name. Recipients check in the alphabetical boxes when they see a pin. Removing a pin next to your name lets the sender know you've received your message.

Lost and found

Will be with information during the day and with Operations in the evenings.

Babysitting

Once again, we have excellent professional babysitting for children under 14, provided by KiddieCorp. Babysitting is located on the mezzanine level of the Delta. You may even opt to purchase a hot lunch for your child, saving you from having to leave the Palais and our fine programme. However, Babysitting will close from 18:00 to 19:00 for dinner break, and at midnight for the night. The hourly rates at the convention are 12.00 USD/13.00 CAD, payable to KiddieCorp; sign up online in advance for a discount.

Handicapped Access - Special Seating

Designated seating for those with visual or audio impairments will generally be located in the front of each meeting room and will have a sign with the international accessibility symbol. Please reserve the use of these seats for participants with disabilities until 15 minutes after the session has started.

Meeting rooms will have indented areas (with no chairs) located within the general audience seating. Please reserve these areas for individuals using scooters and wheel chairs or who have assistance animals. Please do not put personal items in these spaces or move chairs into these areas. Instructions for special seating for the Hugos and Masquerade will be provided in later newsletters.

Services aux membres

Information

Besoin d'indications pour vous diriger? Où se trouve votre débat ? Comment s'inscrire à la Kaffeeklatsche ? Rendez-vous au bureau d'information à l'entrée de la salle 210 et vous le saurez.

Panneaux d'affichage Vaudou

Près de l'entrée principale de la salle d'exposition 210, vous trouverez les toujours populaires panneaux Vaudou, un système de messagerie unique au Worldcon. Les noms de tous ceux qui se sont enregistrés à Anticipation y sont affichés, et vous pouvez indiquer aux autres membres de la convention que vous êtes arrivé en cochant votre nom. Quiconque veut vous laisser un message l'écrit et le laisse dans les boîtes alphabétiques près des panneaux. Pour faire savoir au destinataire qu'un message l'attend, plantez une épingle près de son nom. Les destinataires consultant les boîtes alphabétiques quand ils voient une épingle. Enlevez l'épingle près de votre nom pour faire savoir à l'expéditeur que vous avez reçu son message.

Objets trouvés

S'adresser à l'information en journée, et auprès des organisateurs en soirée.

Service de garde

Une fois de plus, nous vous offrons un service de gardiennage professionnel pour les enfants de moins de 14 ans, courtoisie de KiddieCorp. La garderie sera située au niveau mezzanine du Delta. Vous pouvez même opter pour l'achat d'un dîner chaud pour votre enfant, vous évitant ainsi de quitter le Palais et notre excellente programmation. Veuillez cependant noter que la garderie fermera de 18:00 à 19:00 pour le souper et à minuit pour la nuit. Le taux horaire pour le congrès est de 12.00 USD/13.00 CAD, payable à l'ordre de KiddieCorp. Inscrivez-vous en ligne en avance et recevez un rabais.

Special Exhibitions: Art et Fact

Born in 2000, Art et Fact has grown into a group of over 30 illustrators of science fiction and fantasy. Art et Fact strives to promote recognition for illustration. Since its founding, the group has established legal status, allowing it to help protect the copyright of its members and provide legal counsel. Art et Fact works with libraries, media groups, municipal partners, discussion groups, exhibitions and conferences to promote sf/f art to the public.

Since 2001, Art et Fact has partnered with the International Science Fiction Festival, "Utopiales," in Nantes, France, and participates in several exhibitions. Annually since 2001, Art et Fact presents an award for notable illustrator of the year. This award is unique in France for professional illustrators.

Art et Fact exists out of a federation of illustrators with common goals: to ensure wide distribution of our sf/f art, so illustrators can continue to create beautiful images that incite the reader's imaginations and to create a professional network for editors and illustrators, so we can share our experiences, dreams and enthusiasm for our art.

Expositions spéciales : Art et Fact

Né en 2000, Art et Fact est devenu un groupe de plus de 30 illustrateurs de science fiction et de fantasy. Art et Fact s'efforce de promouvoir et faire reconnaître l'illustration. Depuis sa fondation, le groupe a affirmé son statut légal, ce qui lui permet d'aider à protéger les droits d'auteurs de ses membres et de fournir une aide juridique. Art et Fact travaille avec les bibliothèques, les groupes de médias, les partenaires municipaux, les groupes de discussion, les expositions et les conférences pour promouvoir l'art de S.-F. et de fantasy auprès du public.

Depuis 2001, Art et Fact est partenaire du Festival International de Science-Fiction de Nantes en France, et participe à plusieurs expositions. Chaque année depuis 2001, Art et Fact décerne une récompense pour l'illustrateur le plus remarquable de l'année. Ce prix est unique en France pour les illustrateurs professionnels.

Art et Fact tire son existence de la fédération d'illustrateurs aux objectifs communs : assurer une large diffusion de notre art en S.-F. et fantasy afin que les illustrateurs puissent continuer à créer de belles images qui inspirent l'imagination des lecteurs ; et créer un réseau professionnel pour les éditeurs et les illustrateurs afin de partager nos expériences, nos rêves et notre enthousiasme pour notre art.

WSFS

WSFS Business Meeting

Have you ever wondered why the Hugo Awards have the categories they do? Have you thought there should be different categories, or that some of those that are there should be changed? Have you wondered how Worldcon sites are selected, or about any of the other rules of the World Science Fiction Society? Have you every thought that “somebody ought to do something about changing the rules”? Well, if you’re reading this, you’re probably a member of Anticipation, and that means that you are “somebody.” That’s right, you get to help make the rules. There’s no Board of Directors, no Congress of Deputies, no House of Representatives. Every member of Worldcon can participate in the rule-making process, like a big “town meeting.”

The World Science Fiction Society (WSFS) consists of every member of the current Worldcon. WSFS rules, published in the Souvenir Book, consist of a Constitution containing the rules for the Hugo Awards and for the selection of future Worldcons, as well as Standing Rules for the conduct of the Business Meeting. The Business Meeting is held on the second, third, and fourth mornings of the Worldcon (rarely, a meeting on the fifth day is required). Every member of WSFS can attend the meeting, propose changes, debate those changes, and vote on them.

Changes to the WSFS Constitution, including any changes to the rules for the Hugo Awards, must be approved by votes at two consecutive Worldcons. This year, several changes, including proposals to both add and remove Hugo Award categories, have been passed on to Anticipation for ratification. In addition, there may be new proposals introduced this year.

Meetings are conducted under relatively formal structure, codified in Robert’s Rules of Order, Newly Revised and the WSFS Standing Rules. There will be a panel on Thursday afternoon to act as an introduction to how WSFS meetings work.

The deadline for submitting new proposals to the Business Meeting is two hours after the start of the convention’s Opening Ceremonies. To submit new business, bring 200 copies to the Convention Office and ask that they be given to the Business Meeting Secretary. Also, check the newsletter for any updates about the Business Meeting throughout the convention.

Réunion d’affaires de la WSFS

Vous êtes-vous déjà demandé pourquoi les Prix Hugos sont divisés en certaines catégories? Avez-vous pensé que ces catégories devraient être différentes, ou que certaines de celles qui existent devraient être changées? Vous demandez-vous comment les sites des Worldcons sont choisis, ou avez-vous des questions sur quelque autre des règlements de la World Science Fiction Society? Pensez-vous que « quelqu’un devrait faire quelque chose pour changer ces règlements »? Hé bien, si vous lisez ceci, vous êtes probablement un membre d’Anticipation, et cela signifie que vous êtes « quelqu’un ». Mais oui, vous pouvez aider à changer les règlements. Il n’y a pas de Conseil Directeur, pas de Séance de Députés, pas de Chambre des Représentants. Chaque membre d’un Worldcon peut participer à la prise des décisions, comme dans une grosse assemblée municipale.

La World Science Fiction Society (WSFS) est constituée de tous les membres du Worldcon courant. Les règles de la WSFS, publiés dans le Programme Souvenir, consistent en une Constitution contenant les règlements des Prix Hugos et de la sélection des Worldcons à venir, de même que les règlements en cours pour la conduite de la Réunion d’Affaires. La Réunion d’affaires est tenue au second, troisième et quatrième matins du Worldcon (une réunion est rarement nécessaire le cinquième jour). Tous les membres de la WSFS peuvent assister à la réunion, proposer des changements et en débattre, ainsi que de voter sur leur adoption.

Les changements à la Constitution de la WSFS, incluant tous changements aux règlements des Prix Hugo, doivent être approuvés par vote à deux Worldcons consécutifs. Cette année, plusieurs changements, incluant des propositions d’ajouter des catégories aux Prix Hugo et d’en retirer d’autres, ont été soumis à Anticipation pour ratification. De plus, il se peut que de nouvelles propositions soient soumises cette année.

Les réunions se tiennent selon une procédure relativement stricte, codifiée dans Robert’s Rules of Order, Newly Revised et les Règlements en Cours de la WSFS. Il y aura un panel le jeudi après-midi pour servir d’introduction sur la façon dont se tiennent les réunions de la WSFS.

La limite pour soumettre des propositions à la Réunion d’Affaires est deux heures après le début de la Cérémonie d’Ouverture du congrès. Pour soumettre de nouveaux points, apportez-en 200 copies au Bureau du Congrès et demandez qu’elles soient remises au Secrétaire de la Réunion d’Affaires. De plus, vérifiez le journal du congrès pour connaître toute mise à jour sur la Réunion d’Affaires pouvant survenir au cours du congrès.

What the Heck is WSFS?

Cheryl Morgan

There is a World Science Fiction Society? Who knew? Presumably it is some sort of clandestine group of rich old men who dominate SF publishing. Or maybe it is an exclusive club for people like George Lucas, Steven Spielberg and Joss Whedon. Every time the Hugo Award results are announced the blogsphere is awash with people complaining that “they” got it wrong and “they” should be ashamed of themselves. Clearly there is some sort of secret cabal behind the whole thing, right?

Well, no. The simplest answer to the question, “What is WSFS?” is “You are.” By buying a membership in Anticipation you, and thousands of people like you, have become members of the World Science Fiction Society. What is more, WSFS is a participatory democracy. Any decisions that it makes are made by you, and by people like you.

These days we are so used to representative democracies, where we elect people to make decisions on our behalf, that we find it hard to believe there is no shadowy “them” behind every organization. But WSFS has no officers. It has no board of directors. It isn’t even incorporated. The closest it comes to having a legal existence is owning some service marks. Yet it continues to exist and, in a manner that would have been familiar to the citizens of ancient Athens, it is governed by an open meeting of its citizens: the WSFS Business Meeting.

Given all that is going on at Worldcon, it is understandable that not everyone wants to spend hours attending meetings devoted to the governance of WSFS. But if a few hundred committed folks didn’t keep turning up, year after year, WSFS would probably stop working, and Worldcon might stop happening.

The most common topic for discussion at Business Meetings is the Hugo Awards. The business of science fiction is constantly changing, and the Hugos need to change to keep pace. In recent years changes have been made to introduce new Hugo categories for dramatic presentations and editors. This year will see a vote on the “Graphic Story” category which Anticipation is trialing, and on the proposal to drop the Semiprozine category.

One of the most common complaints about the Business Meeting is that it is horribly formal. Unfortunately it has to be. In a meeting of a few hundred people you need rules for debate. You can’t allow a few outspoken individuals to dominate discussion, or allow a narrow majority to stifle all opposition. The Business Meeting is run according to established principles of parliamentary procedure (generally Robert’s Rules of Order). WSFS has also developed a set of Standing Rules that cover particular ways in which the Society does business. Knowledge of these rules is not necessary to participate in the Business Meeting. The Chairman and staff of the Meeting are there to explain the process to newcomers and help them phrase requests in the appropriate manner.

At any given Worldcon the Business Meeting will consist

Mais que diable est la WSFS?

Cheryl Morgan

Il existe une Société Mondiale de Science Fiction. Qui l’eut cru? Ça doit être une sorte d’organisation clandestine réunissant quelques vieillards pleins aux as qui domine le monde de l’édition de SF. A moins qu’il ne s’agisse d’un club très privé où se retrouvent des gens comme George Lucas, Stephen Spielberg et Joss Whedon. Chaque fois que les Hugos sont annoncés, tous les blogs sont inondés de commentaires disant qu’ils se sont trompés et qu’ils devraient avoir honte de ce qu’ils ont fait. Il est si évident qu’il y a une sorte de cabale derrière tout ça, non?

Eh bien, pas du tout. La réponse la plus simple à la question de savoir ce qu’est la WSFS est que c’est vous. En devenant membre d’Anticipation, vous et des milliers de gens comme vous sont devenus membres de la WSFS. En outre, la WSFS est une démocratie participative. Toutes les décisions prises le sont par vous et par des gens comme vous.

De nos jours, nous sommes tellement habitués aux démocraties représentatives, où l’on élit des délégués pour prendre des décisions en notre nom qu’il nous est difficile de croire qu’il n’y a pas dans chaque organisation des gens de l’ombre qui tirent les ficelles. Mais la WSFS n’a pas d’administrateurs ou de Comité de Direction. Ce n’est même pas une société au sens légal du terme. Le seul point qui pourrait rapprocher de ce statut légal est le fait qu’elle est la seule détentrice d’un certain nombre d’appellations et de l’usage qu’en fait. Et pourtant, la WSFS existe, d’une manière qui aurait été familière aux Athéniens de l’Antiquité: elle est dirigée par une réunion ouverte à tous ses citoyens, lors de ses Sessions de Travail.

Étant donné tout ce qui se passe au cours d’un congrès mondial, il est compréhensible que tout le monde ne désire pas passer des heures à siéger dans ces réunions consacrées à la gestion de la WSFS. Cependant, si quelques centaines de gens dévoués ne continuaient pas d’y venir année après année, la WSFS cesserait probablement de fonctionner... et les congrès mondiaux pourraient disparaître.

Les sujets de discussion les plus souvent abordés lors de ces sessions sont les Prix Hugo. Le monde de la Science Fiction est en perpétuelle évolution et les Hugos doivent rester dans le rythme. Au cours des dernières années il y a eu des modifications dans le domaine des présentations dramatiques ou des rédacteurs. Cette année on prendra position sur la catégorie des Histoires Graphiques, qui sera à l’essai lors d’Anticipation. On se penchera aussi sur une proposition d’abandonner la catégorie des zines semi-pro.

Les récriminations les plus fréquentes au sujet des Sessions de Travail sont leur caractère horriblement formaliste. C’est malheureusement nécessaire. Dans une réunion où se retrouvent plusieurs centaines de personnes, il est indispensable de disposer de règles strictes pour gérer les débats. Il n’est pas possible de laisser quelques grandes gueules monopoliser le débat, pas plus que de permettre à une majorité étroite de baillonner l’opposition. Les Sessions de Travail appliquent les principes généraux de procédure parlementaire (généralement connues comme Robert’s Rules of Order). La WSFS a aussi développé une série de procédures qui couvrent la manière dont le groupe mène ses affaires. Connaître

of three separate sessions. Each session has its own particular characteristics. The Preliminary (Friday) Meeting determines what business will be discussed, and how long will be allowed for each debate. It can prevent a motion being discussed at all, using the infamous “Objection to Consideration” rule. If 2/3 of the people at the Friday meeting think that a motion is a waste of time they can throw it out there and then.

The Main Meeting takes place the following morning. This is where all of the substantive debate takes place. In most years all of the most important business is raised and dealt with at the Main Meeting.

The Sunday session exists primarily to receive the results of Site Selection. At each Worldcon a vote takes place to determine where the Worldcon will take place in two years time. All WSFS members (including you) are entitled to vote, though in order to do so you have to buy a WSFS membership for the year in which the convention is to be held.

Once the site selection vote has been announced, the winning Worldcon announces its Guests of Honor, distributes an initial progress report with its opening membership rates, and makes someone available to answer questions. Depending on whether there is any business held over from the previous day, time may also be made available for future Worldcon bids to answer questions. And if business is held over from the previous day it has to be dealt with.

In these days of cheap and rapid electronic communication, face-to-face discussions such as the Business Meeting are far less important than they once were. Less of the debate takes place on the floor of the Business Meeting than it once did. However, a successful motion still has to pass two Business Meetings. Every proposal that achieves first passage at one Worldcon has to be ratified at the next one. This is to prevent fans in any particular part of the world being able to impose an unpopular idea that then has to be undone the next year.

The best place to learn WSFS politics is a mailing list called SMOFS (that stands for Secret Masters of Fandom, which is a joke). To take part all you have to do is write to smofs-owner@lists.sflovers.org explaining that you want to join the list. Most of the people who attend Business Meetings regularly are on SMOFS, so if you propose an idea there and it gets shot down by all sides you will know that it is a non-starter. On the other hand, if people come back with murmurs of approval you know you'll have votes on your side when it comes time to go to the Business Meeting.

Ces procédures n'est pas indispensable pour participer au débat: le président de la sessions et ses assesseurs sont là pour expliquer comment faire aux nouveaux venus et pour les aider à phrasier leurs demandes de la manière adéquate.

Lors de chaque congrès mondial les Sessions de Travail se composeront en fait de trois réunions séparées, chacune ayant ses spécificités propres. La Session Préliminaire (vendredi) définit l'ordre du jour et le temps qui pourra être consacré à chaque point. On peut y décider qu'une motion ne sera pas prise en considération, et donc pas discutée. Si 2/3 des participants de la réunion du vendredi pense que discuter de telle ou telle motion est une perte de temps, cela signifie qu'on n'en parlera plus.

La Réunion Principale se tient le matin suivant. C'est à ce moment que chaque débat de fond prend place. La plupart du temps, toutes les résolutions importantes sont discutées et votées lors de cette réunion.

Lors de la Session du dimanche, sont essentiellement proclamés les résultats du vote sur la sélection du site suivant. Lors de chaque congrès mondial, en effet, un vote détermine où se déroulera le congrès deux ans plus tard. Tous les membres de la WSFS peuvent participer au vote, avec cette restriction que pour voter valablement, vous devez être inscrit à la WSFS pour l'année où la future convention aura lieu.

Une fois le site du nouveau congrès mondial proclamé, les vainqueurs annoncent qui seront leurs Hôtes d'Honneur et distribuent un bulletin d'information préliminaire qui comprend les premiers tarifs d'inscription à la nouvelle convention, citant aussi qui peut répondre à diverses questions. S'il ne subsiste pas de sujets non terminés lors de la réunion de la veille, on peut consacrer un peu de temps aux questions à poser pour les candidates à l'organisation de conventions ultérieures. Mais il faudra de toute manière en finir avec ce qui n'a pas été achevé la veille.

En cette époque où les communications électroniques sont à la fois rapides et bon marché, les Sessions de Travail sont beaucoup moins importantes qu'elles ne l'étaient jadis. Ce qui est débattu lors des Sessions n'est plus qu'une partie des discussions. Cependant, pour être appliquée, une motion doit toujours franchir deux Sessions de Travail. Toute motion qui est adoptée à un Congrès mondial doit être ratifiée lors de la suivante. Ceci vise à empêcher un clan d'une région du monde d'imposer une idée impopulaire sur laquelle il faudrait revenir en arrière l'année suivante.

Le meilleur endroit pour apprendre à connaître la WSFS est un site appelé SMOFS (Les Maitres Secrets du Fandom, mais c'est une plaisanterie). Pour y participer, tout ce que vous avez à faire est d'envoyer un message à smofs-owner@lists.sflovers.org en expliquant que vous désirez rejoindre la liste. La plupart des gens qui participent régulièrement aux Sessions de Travail sont aussi sur SMOFS. Si vous proposez une idée sur la liste et qu'elle se fait descendre en flammes, vous saurez qu'il est inutile d'insister. D'un autre côté si vous recevez ne serait-ce que des murmures d'approbation, cela signifie que vous aurez un certain nombre de votes de votre côté lors des Sessions de Travail.

Les motions des Sessions de Travail doivent être rédigées de manière adéquate. Ce n'est pas une question de formalisme. La Constitution de la WSFS est un document complexe et il y a des chances que votre proposition la modifie. Si vous n'utilisez pas le vocabulaire correct, on peut aller vers des contradictions non intentionnelles. Heureusement, l'État-Major de la Session est là pour vous aider.

Business Meeting motions need to be expressed in the appropriate language. This isn't just a matter for formality. The WSFS Constitution is a complex document and the chances are that your idea will need to change it. If you get the wording wrong you might introduce unintended loopholes, or contradict something elsewhere in the Constitution. Fortunately the Business Meeting staff is on hand to help you.

Not many people come to their first Business Meeting filled with a burning desire to change how WSFS works. Mostly people come to see what goes on; or perhaps to support an idea that one of their friends is backing. If you sit and watch the debate for a while you'll quickly pick up how things work, and get an idea as to whether attending regularly is something you would enjoy.

If you are like the vast majority of WSFS members you won't see the need to attend at all. After all, most people don't take much interest in politics unless something is going on that affects them directly. But whatever your level of interest, please remember that you are a member of WSFS, and that the Business Meeting is there should you need it. There is no "them", there is only "us". You have just as much right to have a say in how the Society is run as anyone else. And the people who attend the Business Meeting regularly are for the most part dedicated to keeping things that way.

Il y a peu de gens qui participant à leur première Session de Travail avec la volonté ferme de changer la manière dont la WSFS fonctionne. La plupart des gens viennent pour découvrir comme ça se passe, ou peut-être pour soutenir la motion soutenue par l'un de leurs amis. Si vous vous asseyez et suivez le débat pendant un moment, vous saurez très vite comment vont les choses et avoir une idée de l'intérêt qu'il y aurait pour vous à venir régulièrement.

Si vous êtes comme la majorité des membres de la WSFS, vous vous direz que ça ne vaut pas la peine de participer à ces débats. Après tout, la plupart des gens ne s'intéressent pas à la politique, à moins qu'il n'y ait un problème qui les affecte directement. Cependant, quel que soit votre niveau d'intérêt, souvenez-vous du fait que vous êtes membres de la WSFS et que les Sessions de Travail sont là en cas de problème à exposer. Il n'y a pas eux, il y a seulement nous. Vous avez le même droit que n'importe qui de donner votre avis sur le fonctionnement de la Société. Et les gens qui participant régulièrement aux Sessions de Travail entendent bien garder les choses en cet état.

Site Selection

Site Selection will hold two separate elections, one for the site of the 2011 Worldcon and one for the site of the 2010 NASFiC. Please be aware that these are completely separate elections and that voting in one does not affect the counts in other. Also of note is that voting makes one a supporting member of the winning bid for each contest, so voting in one election does not make one a supporting member in the other contest. Article 4 of the WSFS Constitution has more details on the voting process and the eligibility of voters.

The hours of Site Selection will be from 10:00 to 18:00, August 6th through August 8th. Please note that we will close promptly each day.

Sélection du site

La Sélection du site s'occupera de deux élections séparées, l'une pour le site de la Worldcon 2011 et une pour le site de la NASFiC en 2010. Prenez bien conscience de ce que ce sont deux élections totalement séparées et qu'un vote dans l'une des élections n'influe pas sur les résultats de l'autre. Notez aussi qu'un vote dans une élection peut faire de vous un supporter du gagnant dans chacun des votes, mais que voter dans une élection ne vous rend pas supporter dans l'autre. L'article 4 de la WSFS Constitution donne plus de détails sur le processus du vote et l'éligibilité des votants.

Les horaires de la Sélection de Site seront: de 10:00 à 18:00, du 6 au 8 août. Notez que nous fermerons à l'heure chaque soir.

Canvention

Anticipation is Canvention 29 where the Canadian Prix Aurora Awards will be presented.

The Canadian Science Fiction and Fantasy Awards ("the Auroras") have been presented at Canvention almost continually since 1980. Anticipation has won the bid to be Canvention 29 so the Aurora Awards will be presented at Anticipation this year.

Canadian Science-fiction conventions and occasionally other groups bid to be designated the year's "Canadian National Science Fiction Convention," or "Canvention," where the Aurora Awards are presented. The Canadian Science Fiction and Fantasy Association, an unincorporated literary society, administer the Auroras and Canvention.

Anticipation est aussi Canvention 29, où les Prix Aurora Awards seront présentés.

Les Prix Canadiens de Science Fiction et Fantastique, les «Auroras» ont été présenté de façon pratiquement continue à Canvention depuis 1980. Anticipation a remporté la course pour être Canvention 29, et les prix Auroras y seront remis cette année.

Les congrès de Science Fiction canadiens, et occasionnellement d'autres groupes, sont en compétition pour être désigné Congrès National de Science Fiction ou « Canvention », où les Prix Auroras sont présentés. L'Association Canadienne de Science Fiction et Fantastique, une société littéraire non incorporée, administre les Auroras et Canvention.

Events

Masquerade.

The Masquerade is Saturday evening's big show! It is a stage presentation by costumers from the Montreal area and around the world of their creative best. Expect everything from simple presentations of costumes to elaborate team presentations of costumes that glow and rotate!

The show will take place in Room 517 of the Palais de Congrès on Saturday, August 8. We expect curtain time to be 20:00 sharp and to seat the audience even earlier. You'll want to get a good seat. While you need to sign up to be one of the presenters, you do not need to do so to be part of the audience.

To help us entertain our fellow fen, come to the masquerade registration desk on the 2nd floor of the Palais. Otherwise, we look forward to entertaining you on Saturday evening!

Hugo Awards

The nominations have closed, the votes are in, and now it's time to find out who has won the Hugo Awards for 2009. The Hugo Awards Ceremony is our community's yearly opportunity to publicly honour those who have contributed to both science fiction and to fandom. The ceremony, engagingly hosted by toastmaster Julie Czerneda with the able assistance of Yves Meynard, will take place on Sunday evening. The presenters include all of our wonderful Guests of Honour, along with other prominent Canadian and international fans.

The Hugo Awards, first presented at the 1953 Worldcon in Philadelphia and awarded annually since 1955, are science fiction's most prestigious awards. Be among the first to find out who won a Hugo this year. The doors open at 19:30 in the Palais des congrès, and the ceremony starts at 20:00, so don't be late!

Chesley Awards

Celebrate science fiction and fantasy visual arts! The Chesley Awards are the only annual peer awards for recognition of in the field. Established in 1985 and named after famed astronomical artist Chesley Bonestell, the Chesleys honour both individual works and achievements within the preceding calendar year. Presented by the Association of Science Fiction and Fantasy artists (ASFA), they are nominated and voted on by artists in the field.

The Aurora Awards

Since 1991, awards have been given in 10 categories at a Presentation Ceremony.

There are 6 professional awards (3 English and 3 French), 3 fan awards, and the artistic achievement award (open to both pros & fans). The Auroras are closest to the style of the Hugos in the method that they are selected. First there is a nomination phase to select a short list, then a voting phase to pick the winner from that short list. The Australian voting method is used for the voting phase.

Événements

Mascarade.

La Mascarade est le grand spectacle du samedi soir! C'est une présentation sur scène, par des costumiers montréalais et mondiaux, de leurs meilleurs efforts créatifs. Attendez-vous à n'importe quoi, allant des présentations simples à celles de groupe avec des costumes qui s'allument et tournoient d'eux-mêmes!

Le spectacle prendra place dans la Salle 517 A-C du Palais des Congrès, samedi le 8 août. Nous prévoyons lever le rideau à 20:00 précises et d'ouvrir les portes au public nettement plus tôt. Vous voudrez définitivement un bon siège. Si il est nécessaire aux concurrents de s'inscrire, cela n'est pas requis de la part de l'audience.

Si vous voulez participer, venez au comptoir des inscriptions de la mascarade au 2e étage du Palais. Autrement, nous vous attendons avec anticipation samedi soir!

Les Prix Hugo

Les nominations sont terminées, les votes sont comptés, l'heure est enfin venue de découvrir à qui seront décernés les prix Hugo en 2009. La cérémonie de remise des Hugo est l'occasion de rendre hommage à ceux qui contribuent chaque année à la science-fiction et au fandom. La cérémonie, sous l'aimable direction de votre animatrice Julie Czerneda, assistée avec compétence par Yves Meynard, se déroulera dimanche soir. Les prix seront remis aux lauréats par nos distingués invités d'honneur, ainsi que par de nombreuses célébrités du Canada et d'ailleurs.

Les prix Hugo, décernés pour la première fois en 1953 à la convention mondiale de Philadelphie, et remis annuellement depuis 1955, sont les prix les plus prestigieux de la science-fiction. Soyez sur place pour découvrir avant tout le monde qui seront les lauréats cette année. Les portes du Palais des congrès ouvriront à 19h30, et la cérémonie commencera à 20h00. Arrivez à l'heure !

Prix Chesley

Célébrons les arts visuels de science-fiction et de fantaisie! Les prix Chesley sont les prix annuels décernés par les pairs pour reconnaissance dans le domaine. Crée en 1985 et nommé d'après l'artiste astronomique Chesley Bonestell, les Chesleys soulignent à la fois le travail individuel et les réussites de l'année civile précédente. Présentés par l'Association des artistes de science-fiction et de fantaisie (ASFA), les lauréats sont nominés et votés par les artistes du domaine.

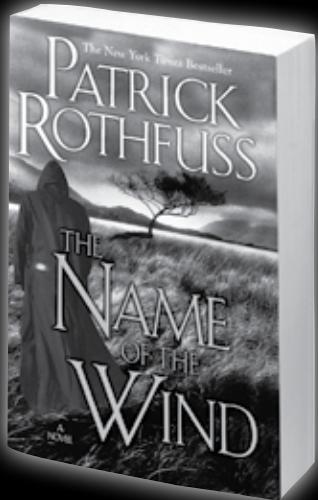

Prix Aurora Awards

Depuis 1991, les prix ont été présentés dans 10 catégories. Banquet des prix Aurora

Il y a 6 prix pour les professionnels (3 anglophones et 3 francophones), 3 prix pour les fans, et les prix d'accomplissement artistique (ouvert à la fois aux pros et aux fans). La façon dont les Auroras sont sélectionnés est très près du style des Prix Hugo. Il y a premièrement la phase des nominations pour sélectionner une courte liste, puis une phase des votes pour choisir le gagnant dans cette liste. La méthode de Vote Australien est utilisée pour la phase des votes.

Programming

Children's Programme

Anticipation will have a very active children's programme, with fun crafts, exciting demonstrations, and cool activities. We also have a large play area for kids of all ages, although many toys will not be suitable for children under three, due to small parts. Adults are welcome to most of the children's programme, but kids come first! Please remember that kids in tow must always be accompanied by an adult. We are also seeking volunteers. Start your adventure in children's programme by visiting room 510A between 9:00 and 23:00. For kids twelve and up, also check out our extensive teen programme and teen lounge (below). Also, professional babysitting will be provided in the Delta—see Babysitting.

Teens! Young Adults! Anticipation has something for you!

Meet and hang in your own consuite (Delta 2806). Try workshops and discussions just for teens... most in the Palais, some in Teen Lounge (D-2806). Talk about gaming, manga, books, myths, alien life, the future... anything that interests you... Try the workshops: writing, journalism, screenwriting, worldbuilding, photography, dance and acting. Make some things... try some things... and experience Worldcon!

Stroll With The Stars

A gentle stroll to start your day, with some of your favourite Authors, Artists and Editors – this will be a gentle stroll, not a heartpounding march, for about one mile. Leaving at 9:00 daily from the Riopelle Fountain outside the Palais, and returning before 10:00. Join Lou Anders, John Joseph Adams, Peter Atwood, Ellen Datlow, Cory Doctorow, Scott Edelman, Felix Gilman, Joe Haldeman, Mary Robinette Kowal, Jay Lake, Farah Mendlesohn, John Picacio, Lawrence M. Schoen, Stephen H. Segal, Ann VanderMeer, Kaaron Warren and Frank Wu. Check the daily schedule to see who's strolling each day.

The Filk Track at Anticipation – Where SF&F and Music Meet

Come filk with us! We'll start our Worldcon with a relaxed open filk on Wednesday evening at the Delta. After that we have a panel, a workshop and some concerts every day. We have a bunch of talented people, so do drop by for a listen.

There are three very special events:

- On Thursday evening we celebrate the written word as a source of inspiration for some of the very best in filk with “Chapter and Verse” an ensemble concert.

- On Friday evening we salute the fortieth anniversary of the first moon landing with filk's most beloved songs in “From the Earth to the Moon” also an ensemble concert.

- On Saturday we feature modern Celtic artist, Heather Dale in a special concert.

Of course there are theme filks and open filks each night at the Delta.

Programmation

Programmation pour jeunes

Anticipation aura une programmation pour jeunes bien remplie, avec des bricolages amusants, des démonstrations excitantes, et des activités géniales. Nous avons réservé un grand espace de jeu pour les enfants de tous âges, mais beaucoup de jouets ne sont pas recommandés pour les moins de trois ans à cause de petits morceaux. Les adultes seront bienvenus à la plupart des activités programmées, mais les enfants auront la priorité! Veuillez noter que les enfants en bas âge doivent toujours être accompagnés par un adulte. Nous cherchons aussi des volontaires. Commencez votre aventure avec la programmation pour jeunes, dans la salle 510A, ouverte de 9h00 à 23h00. Pour les enfants âgés de douze ans et plus, nous offrons aussi une programmation exaustive et un salon pour adolescents (voir ci-dessous). De plus, il y aura un service de garde professionnel au Delta – voir sous Service de garde.

Hé les ados! Hé les jeunes adultes! Anticipation a quelque chose pour vous!

Rassemblez-vous dans la ConSuite à vous (Delta 2806). Essayez les ateliers et les discussions juste pour les jeunes gens... pour la plupart les sont au Palais, quelques-uns sont au Salon des jeunes (D-2806). Vous pouvez parler de jeux, de manga, de livres, de mythes, de la vie extraterrestre, de l'avenir...de n'importe quoi qui vous intéresse...Essayer les ateliers : l'écriture, le journalisme, l'écriture de scénarios, comment bâtir les mondes, la photographie, la danse, et l'interprétation. Fabriquez des trucs...essayez des choses... et éprouvez la Worldcon!

Promenade avec les étoiles

Une promenade légère pour commencer la journée, en compagnie de certains de vos auteurs, artistes et éditeurs favoris – ce sera une promenade légère, pas une marche forcée, d'environ un kilomètre et demi. Le départ se fera à 9h00 chaque matin depuis la fontaine Riopelle, devant le Palais, et le retour aura lieu avant 10h00. Accompagnez Lou Anders, John Joseph Adams, Peter Atwood, Ellen Datlow, Cory Doctorow, Scott Edelman, Felix Gilman, Joe Haldeman, Mary Robinette Kowal, Jay Lake, Farah Mendlesohn, John Picacio, Lawrence M. Schoen, Stephen H. Segal, Ann VanderMeer, Kaaron Warren et Frank Wu. Consultez le programme journalier pour voir qui fera la promenade du jour.

Suivre le Filk à Anticipation – Là où SF&F et la musique se rencontrent

Venez nous rejoindre pour une session de filk! Nous entamerons notre Worldcon par une session ouverte au Delta mercredi soir. Ce sera suivi par un panel, un atelier et des concerts à tous les jours. Il y aura tout un paquet de personnes talentueuses, alors assurez-vous de vous y arrêter pour les écouter.

Nos trois évènements très spéciaux :

- Nous célébrerons jeudi soir la parole écrite en tant que source d'inspiration pour certaines des meilleures pièces avec le groupe de concert « Chapter and Verse »;

- Vendredi soir, nous saluerons le 40ème anniversaire du premier atterrissage sur la Lune avec plusieurs chansons les plus aimés, interprétées par le groupe de concert « From the Earth to

The Creative Writing Track: It's Not Just for Writers!

The Creative Writing track panels have been designed to appeal to both readers and writers. Come see how science fiction, horror, and fantasy is created, how writers research material and then twist it to become Something Else, a unique story or novel. How do they do that? Where did they get that idea? There are panel discussions and also one on one discussions between writers and editors, editors and editors, writers and writers, showcasing what makes them tick.

Fan Lounge

Anticipation's Evening Fan Lounge will be held in the Delta Centre-Ville, in Suite 2811, from 19:00 until late, Thursday through Monday. We'll be hosting some informal receptions, including one welcoming this year's Fan Fund delegates, including TAFF winner Steve Green, DUFF winner Emma Hawkes, and CUFF winner LeAmber Kensley. Further details of this and other events will be announced in the daily newsletters, and a party schedule will be posted in the Fan Lounge.

Some party slots are still open, so if your fan group wishes to host an event, you're welcome to contact us.

But what is a Fan Lounge, you ask? It's partly a socializing place for those who are into fannish zines, which in this modern electronic age includes forms such as blogs and podcasts. It's also a venue for displaying and exchanging them, and the various Fan Funds will have a sales table for various fanzines and other fundraising merchandise. We'll also have a stack of donated zines for curious readers to make off with as they wish.

Ningen-Senkan (Sensuikan) (or Human Battleship Game)

Anticipation invites you to play the Japanese live action game of Human Battleship. Similar to live chess, Human Battleship is a favourite game at Japanese sf/f conventions. Armed and blindfolded players representing different classes of battleships are directed in a theatre of war by their respective commanders and the roll of the die .

The first game will be in:

Exhibit Hall, Room 210 in Palais, at 13:00 on Thursday.

Depending on demand, further sessions will be in Open Gaming and will be announced in programming's daily updates.

Kaffeeklatsche

Come spend time with your favourite artist, author or scientist! Kaffeeklatsche offer a small intimate group setting to chat informally with your favorite celebrity. Each session is limited to 10 people. Sign up at the programme desk near registration. First come first serve. (Except for Neil Gaiman – Details TBA)

Fireworks Viewing

The Palais has graciously agreed to open up the terrace on the 7th floor, adjacent to the food court on Saturday night, so Worldcon attendees may watch the L'International des Feux Loto-Québec fireworks competition. A South African team will showcase their talents.

the Moon »;

– Samedi, nous vous présenterons Heather Dale, artiste moderne Celtique, dans un concert spécial.

Bien entendu, il y aura des sessions de filk ouvert et thématique toutes les nuits au Delta.

Une présentation de FilKONtario.

La Piste de l'écriture créative : Cela ne s'adresse pas qu'aux écrivains !

Les séances de la Piste d'écriture créative ont été conçues de façon à attirer aussi bien des lecteurs que des auteurs. Venez voir comment on crée de la science fiction, de l'horreur ou de la fantasy, comment les auteurs cherchent du matériel, puis le tordent afin qu'il devienne Quelque chose d'autre, une histoire ou un roman unique. Comment font-ils ? Où ont-ils trouvé cette idée ? Il y a des débats, ou des face à face, entre auteurs et éditeurs, éditeurs et éditeurs, auteurs et auteurs, pour montrer ce qui les fait réagir.

Salon des Fans

Les soirées du salon des Fans d'Anticipation auront lieu au Delta Centre-Ville, dans la Suite 2811, de 7 h du soir jusque tard, de jeudi à Lundi.

Nous accueillerons des réceptions informelles, en particulier une réception de bienvenue pour les délégués du Fan Fund de cette année, qui inclura le gagnant du TAFF Steve Green, la gagnante du DUFF Emma Hawkes, et celui du CUFF LeAmber Kensley.

Des détails ultérieurs sur cet événement et les autres seront annoncés dans les nouvelles quotidiennes, et un plan des partys sera affiché au Salon des fans.

Certaines possibilités de partys sont encore disponibles, aussi si votre groupe de fans veut organiser un événement, vous serez bienvenu, contactez-nous.

Mais qu'est-ce qu'un Salon des fans, vous demandez-vous ? C'est d'une part un lieu de rencontre pour tous ceux qui sont dans des zines de fans, ce qui, en cet âge moderne de l'électronique, inclut les formes telles que blogs et podcasts. C'est aussi un endroit pour les montrer et les échanger, et les divers Fan Funds auront une table de vente pour fanzines et autres articles de recherche de fonds.

Nous aurons aussi un lot de zines à donner aux lecteurs curieux.

Ningen-Senkan (Sensuikan) (Human Battleship)

Anticipation vous invite à jouer au jeu d'action grandeur nature, "Human Battleship". Semblable aux échecs, Human Battleship est un jeu très prisé dans les conventions japonaises de S.F. et de fantasy. Des joueurs armés aux yeux bandés représentant différentes classes de vaisseaux de guerre sont dirigés sur le théâtre d'opérations par leurs commandants respectifs et le lancer d'un dé.

La première partie aura lieu au Hall des Expositions, Salle 210 dans le Palais, à 13:00 jeudi.

En fonction de la demande, des sessions supplémentaires auront lieu dans l'espace de jeu libre et seront annoncées dans les révisions journalières du programme.

10h30 – 11h30 - La place de la science-fiction à l'école – Table ronde

La SF mérite-t-elle une plus grande place à l'école au Québec? Dans quelle mesure pourrait-elle faciliter l'accès à la lecture pour les garçons, ou l'apprentissage des sciences? Est-il possible de l'enseigner dans le cadre des programmes actuels? Peut-elle enrichir l'enseignement d'autres sujets? Le projet “About SF” peut-il être transposé au Québec ou au Canada francophone? Ou le travail a-t-il déjà été fait?

Georges Henri Cloutier, Julie Czerneda, Jean Pettigrew, Daniel Sernine

11h30 – 12h - La science-fiction au secondaire – Présentation

Comment parle-t-on de la science-fiction au secondaire? Un auteur expérimenté explique comment on retient l'attention des écoliers du secondaire en les introduisant aux concepts fondamentaux du conte, de la narration et de la science-fiction.

Jean-Pierre Guillet, Danielle Martinigol, Francine Pelletier

16h – 17h – Conclusions – Discussion générale et bilan

The winning team will depend on the luck of the dice, the ability of the commander and the field of three semicircular canals of battleships. Kibitzing is welcome.

Oh Canada!

Karl Schroeder, Bob Boyczuk, Nalo Hopkinson

“America’s aggressive attitude toward nature and the unknown..., translates readily into the mythology of conquering and domesticating the unknown that finds expression in much SF. The Canadian at-

titude seems to be that nature is simply too vast, too threatening, too powerful: man is nature’s victim rather than the reverse. Survival, not conquest, is the issue.” (David Ketterer) Is this true, or is this consolatory rhetoric?

Jennifer Williams, Mandy Slater, Maura McHugh, Seanan McGuire

Is splatterpunk the new language of horror movies or has it run its course? What's with all the remakes of '70s and '80s movies? Podcasting: Flash in the Pan or Wave of the Future?

Brenda Cooper, Ellen Kushner, James Patrick Kelly, Kate Baker, Lucas Moreno

Once upon a time, radio was made up of many little independents and (in some countries) a few pirates among the monoliths. Today it is almost entirely corporate, regional or religious. Do podcasts offer a means to loosen up the market? Can they change the demographics of listeners? Grow and mobilize specialized interest groups? What is that they offer that makes podcasting distinctive.

A Fine Line

Alvaro Zinos-Amaro, Gordon Van Gelder, Karen Burnham, Paul Kincaid
"Publishers have got to live, like anyone else, and you cannot blame them for advertising their wares, but the truly shameful feature of literary life before the war was the blurring of the distinction between advertising and criticism. [Reviewers] churned forth their praise: 'masterpiece', 'brilliant', 'unforgettable' and so forth – like so many mechanical pianos." (George Orwell) Is this still true (if it ever was)?

Hard SF: Is it What You do, or How You do it?

Amy H. Sturgis, Marc Schirmeister, Joël Champetier, Gabrielle Harbowy

Many critics – including David Hartwell – argue that hard SF is as much defined by an attitude (how you depict science in an SF story) rather than to do with detailed depiction of science. So a story, like Ted Chiang's "Tower of Babylon" could be hard SF whilst being based in a completely imaginary scientific foundation. Is this a useful way to see things?

Since then, literary writers and media producers are increasingly creating works using characteristics familiar to SF and comic fans. Indeed, SF and comics have themselves infiltrated the mainstream. How and why have comics
