

Science Fiction Achievement Awards (Hugos)

FINAL
BALLOT

PLEASE READ THE FOLLOWING INSTRUCTIONS BEFORE VOTING:

Only members of Noreascon Three are eligible to vote. You must include your name, address, and signature in the appropriate spaces overleaf. (Your membership number isn't required, but including it will save us a little work.) Votes must be cast on this ballot or a good reproduction thereof. All ballots should be sent to **Noreascon Three; Box 46, MIT Branch PO; Cambridge, MA 02139, USA**, and must be postmarked no later than **July 15, 1989** to be counted. (If you join late, you may receive this ballot mailing after that date; please note that the site-selection ballot enclosed has a later deadline.)

This is a preferential or "Australian" ballot, which means that you should mark your choices **in order of preference**: "1" for first place, "2" for second place, and so on. You don't have to fill in all the places, but every vote you cast contributes to the ultimate ranking of the nominees; if your first choice is eliminated, your vote is reassigned to your next choice, and so on until someone has a majority. However, we recommend that you not vote in any category in which you are not familiar with a majority of the nominees. If you decide not to vote in a given category, leave it blank (note that "No Award" is not an abstention, but a vote that **nobody** should be given the award in question).

The nominees that follow were chosen by popular vote: valid nominating ballots were received from 514 members of Noreascon Three and 25 additional members of Nolacon II (last year's Worldcon). In some categories more than 5 nominations appear. This was partly due to tie votes (in one case a 3-way tie), and partly for the following reason:

In counting the votes, we observed a pattern of apparent bloc voting, of over 50 votes in some categories. These votes were sufficient to place nominees on the final ballot in five categories. Also, about half of these ballots were received with new Supporting Memberships, nearly all of which seem to have been paid for by the same person or persons. We were highly disturbed by this practice. We thought it inappropriate to invalidate the ballots in question, but we did not wish other nominees to be adversely affected by them. We thus added a sixth nominee in the categories involved (except where tie votes had produced the same result). While the WSFS Constitution does not authorize this action, we felt this would do the least damage to the Hugo process. Similarly, we included Campbell Award nominees with slightly less than the 5% vote required by the Hugo rules. We trust that the voters will render an appropriate judgment.

Subsequently, at the request of Todd Cameron Hamilton for himself and P.J. Beese, we removed from the ballot *The Guardsman*, by Beese and Hamilton (Novel), and Todd Cameron Hamilton (Professional Artist), which were among the beneficiaries of the bloc vote. We are satisfied that Mr. Hamilton did not take part in arranging the bloc vote or buying memberships for voters. Note that we have not determined who *was* responsible for the bloc voting, and that any inferences on this subject are not justified by the published facts.
