ConStruction

A Con Runners Convention

**11 - 13 July
2003**

Hanover International
Hotel & Club
Cardiff Bay
Cardiff Wales
United Kingdom

ABOUT THE CONVENTION

ConStruction will be a very relaxed convention designed to promote the sharing of knowledge for those interested in organising SF conventions.

The aim will be to allow convention organisers to gather together and to share their knowledge and experiences during a relaxing and fun weekend.

We plan on making the convention a worthwhile learning experience for convention runners, novices, and fans alike.

No matter what type of convention you organise, be it media, literature, filk, costume, gaming etc. the programme will be covering topics that will interest you.

As well as the main framework of the programme, there will be many opportunities to relax and discuss all aspects of con running with other convention organisers.

ConStruction will be a participation oriented convention, therefore we are seeking suggestions for programme items and people who would be interested in running them at the convention. If you wish to help or to suggest a programme item please contact us.

PROGRAMME

The convention will commence with some light-hearted fun and games on Friday, before starting the main programming on Saturday morning.

The main programming at ConStruction will run from 10 AM until 5 PM on the Saturday and Sunday, and there will be breaks in programming during the morning and afternoon sessions as well as for lunch.

Some programming ideas:

- The Future of Conventions
- SF Cons & the Law
- Hotel Negotiation
- Technology & Web Sites
- Guest Appearance Fees

MEETING ROOM

Why not hold your convention committee meeting at ConStruction.

Due to the dispersed geographical nature of convention committees, we will be making available a conference room to enable convention committees to meet.

If your convention committee wishes to make use of the meeting room please contact us.

VENUE

The venue for ConStruction is the four star Hanover International Hotel & Club, Cardiff Bay, Cardiff. The hotel has excellent conference facilities together with a leisure club with a fully equipped gym, sauna and swimming pool.

The hotel is fully wheel chair accessible and also benefits from six wheel chair adapted bedrooms rooms.

All bedrooms are en-suite and have telephone, modem points, interactive TV, gravity and most importantly a bed.

LOCATION

The hotel is also ideally situated for visiting the many cafes and restaurants located at Mermaid Quay in the Bay and the Mill Lane Cafe Quarter situated in the City Centre.

You could even visit Cardiff Castle and the many museums also located in the city.

Cardiff Central Bus and Train Stations are only 10 minutes walk from the hotel. With Cardiff Wales Airport just 20 minutes by taxi.

THE ORGANISERS

ConStruction is brought to you by the letters S F, and the number 42. With human intervention by Jonathan 'Jonjo' Jones and Sharon Lewis, founding members of the Welsh SF Association, Chris O'Shea, and hopefully you.

Dragon Events Limited is a non-profit making fan run Event Management Company.
