"Boskone" ® and "NESFA" ® are registered service marks of the New England
Science Fiction Association, Inc.

David Weber – Guest of Honor

David Weber is primarily known as the creator of the Honor Harrington Series (largely based on the C.S. Forester’s Horatio Hornblower series of books). In his stories, he creates a consistent and rationally explained technology and society. Even when dealing with fantasy themes, the magical powers are treated like another technology with supporting rational laws and principles.

Many of his stories have military, particularly naval, themes, and fit into the military science fiction genre. He challenges current gender roles in the military by assuming that a gender-neutral military service will exist in his futures, and by frequently placing female leading characters in what have previously been seen as traditionally male roles, he has explored the challenges faced by women in the military and politics.

His most popular and enduring character is Honor Harrington, whose story, together with the “Honorverse” she inhabits, has been developed through 13 novels and four shared-universe anthologies as of spring 2006 (other works are in production).

Dean Morrissey – Official Artist

Dean Morrissey has been drawing and creating characters since his childhood in Boston. Inspired by Disney matte paintings and comic book heroes early on, he grew to appreciate the works of the masters, such as Rembrandt, Vermeer, Pyle and N.C. Wyeth.

Morrissey worked a variety of jobs until deciding to paint full time in the late 1970’s. He worked as a freelance book cover illustrator for over 15 different publishers in New York and won numerous awards. Morrissey is self taught, and considers the demands of cover illustration to have been his “art school”.

In 1991, Morrissey began to paint some images from a story that he was creating. His books include *Ship of Dreams* (1994), *The Great Kettles: A Tale of Time* (1997), *The Song of Celestine Little*, (1998), *The Christmas Ship* (2000), *A Christmas Carol* (2000), *The Moon Robber* (2001), *The Winter King* (2002), *The*

Monster Trap (2004), and *The Crimson Comet* (2006). His awards include The Society of Illustrators Gold Medal for *The Great Kettles*, and Chesley Awards for *The Light Ship* (2002), *Anna of the Celts* (2003) and *Celtic King* (2005). Morrissey lives with his wife Shan and his son on the South Shore of Massachusetts.

Bruce Coville – Special Guest

Bruce Coville is the author of over ninety books for young readers, including the international best-seller *My Teacher Is an Alien*. He has been a teacher, a toy maker, a cookware salesman, and a grave digger. In addition to his work as an author, Bruce is much in demand as a speaker and as a storyteller. He is also the founder and president of Full Cast Audio, a company dedicated to producing unabridged recordings of children’s books in a full-cast format. He promises faithfully that there will indeed be a third Unicorn book coming out later this year. Boskone is proud to be debuting *The One Right Thing*, a collection of his short fiction as this year’s Boskone book.

Seanan McGuire – Featured Filker

Seanan McGuire is a filker, stand-up comic, poet, short-story author, comic artist, and occasional convention diva; she puts far too much energy into being hard to categorize. Come and see what happens when Seanan is set loose on the Boston area, hitting their regional science fiction scene with all the gusto she can manage (and if you’ve met her, you know that’s a lot of gusto).

Howard Waldrop – NESFA Press Guest

Howard Waldrop is a science fiction author who works primarily in short fiction. Waldrop’s stories combine elements such as alternate history, American popular culture, the American south, old movies (and character actors), classical mythology, and rock ‘n’ roll music. His style is sometimes obscure or elliptical. The stories are often considered entertaining: “Night of the Cooters” is *The War of the Worlds* told from the perspective of a Texas sheriff (a homage to Slim Pickens); “Heirs of the Perisphere” involves robotic Disney characters waking up in the far future; “Fin de Cyclé” describes the Dreyfus affair from the perspective of bicycle enthusiasts.

Several of his stories have been nominated for awards; “The UglyChicken” — about the dodo — won a Nebula award for best novelette in 1980, and also a

World Fantasy Award for Short Fiction in 1981. This is perhaps his best known work.

Registration

Registration for Boskone will be open Friday (4 pm-9 pm) through Sunday in the Grand A pre-function area (West end of the concourse lower-level hallway). Check posted signs in the event of a Registration room change.

Everyone—committee, staff, program participants, artists, hucksters—must register there to get name badges and convention materials. We will make it as painless an experience as we can! You can help: Please remember to bring government-issued photographic identification, such as a driver's license or passport, to registration. If you arrive late, ask at the Convention Office (near the opposite end of the pre-function area, by the escalators) about after-hours registration.

If you haven't yet bought a membership and wish to do so before the convention, a registration form is available at www.boskone.org/join. You may register on-line or print and mail the form to us at PO Box 809, Framingham, MA 01701, or you may fax it to us at 617-776-3243. The price of an advance membership is \$45 through **January 22, 2008**. We accept Visa, MasterCard, checks (in US dollars drawn on a US bank), and money orders.

At-con rates are: Full membership—\$54, Friday—\$16, Saturday—\$34, Sunday—\$18. We also accept cash at the con. After January 22nd, at-the-door memberships will be available online.

The cost of **Dragonslair** is included in the con membership, so all children ages 7-12 who use these services must be convention members. There is no reduced rate for children. However, children who stay with their parents at all times are considered "kids-in-tow" who need not have memberships. ("Kids-in-tow" do not receive any convention materials.) Please see pages 9 & 10 for more **Dragonslair** information and hours.

Volunteers—Boskone welcomes volunteers of all kinds: from newbies to veterans, from sitting down to weight lifting. Once again Boskone has a membership carryover policy for those working the convention. If you work at least sixteen hours (setup and teardown count double), we will thank you with a non-transferable membership in Boskone 46. We will also have some interesting freebies for all volunteers and a T-shirt for those working eight hours or more. All volunteers are encouraged to use the volunteer/staff lounge for a quick snack or something cool or hot to drink; please remember to check at Information for its location.

Information—Information will be in the Grand Ballroom pre-function space on the Lower Lobby of the Westin Waterfront. Information is your place to find answers to your questions. You'll also be able to pre-register for a discussion group, a kaffeeklatsch, or any other event that requires sign-up, to drop off items for the convention newsletter, and to get the latest copy of Helmuth (Boskone's newsletter). Stop by the Information desk and see what we can do for you!

Club & Bid Tables—Want to publicize your club, convention, or bid? We will have a limited number of tables available for you. Table space is limited, so please write or email us (at b45info@boskone.org) in advance for information and reservations.

Anime & Video—We strive to present worthwhile features that are not readily available on cable or broadcast TV. Also, we try to integrate our offerings with the "live" Boskone program. Above all, we want to provide an enjoyable experience for any attendees who decide to spend time watching anime & video at Boskone.

Readings—Hear writers read and discuss their own works; as before, the Pocket Program tells all...

Discussion Groups—This year, we're setting up individual presentations and focused discussions by a variety of our program participants. We'll also have some space available for you to form your own last-minute groups ("Birds of a Feather") at-con. Sign up for these at Information (or email us ahead of time at b45info@boskone.org).

Death to Peeps Fun Fest!

Legions of Peeps have given up the ghost in David Weber's Honor Harrington books. But the People's Republic of Haven is still out to conquer the universe, and Boskone 45 will be the scene of the strangest battle yet.

Weber's Peeps typically meet their ends in exploding spaceships, armed combat, assassinations, revolutions, and more. On Friday evening of Boskone, we'll trap 1,000 or more of their marshmallow counterparts in the Con Suite and investigate methods both familiar and new for doing them in.

Somebody Else's Microwave is just the beginning. Join us as we demonstrate some of the science experiments that led www.peepresearch.org to conclude "Given enough time, the proper resources, and access to some really toxic stuff, one can probably dissolve just about anything except Peep eyes." Enter the Diorama Building Contest and win prizes for the Most Creative Use of Dead Peeps, Best Way to Banish or Disarm Peep Ghosts, Best Peeps Assassination Technique, and other categories still to be determined.

We need people to help run the Peeps science demonstrations, judge the dioramas, dispense Peeps jousting sticks, and more. If you want to help, or to simply tell us something you've always wanted to see done to a marshmallow Peep, please send email to Geri Sullivan (peeps@boskone.org)

Exhibits & Services

FANAC Fan History Project—Be part of the FHP, dedicated to preserving our science fiction and fannish heritage and making this material available to the present-day fan. Check out the web page at www.fanac.org, with its fannish reference works and thousands of photographs. You may even find your own picture there!

They will be at Boskone to archive our past. They'll have a scanning station to record photos and a small display to tell you more about themselves. If you have unusual items, they'll try to photograph or record them at the convention. If you have any photos, fanzines, publications or other memorabilia that you might be interested in donating to the FHP collection, contact Joe Siclari at jsiclari@optonline.net or talk with him at the convention. All donations are tax-deductible.

Art Show & Print Shop—The Art Show will have about 100 4'x6' panels and a dozen tables full of SF and Fantasy artwork, most of which will be available for sale by written bid, including about a dozen panels for the Print Shop displaying prints available for immediate sale at a fixed price, an expanded area for resale of previously-purchased art and a special exhibit of the work of Official Artist Dean Morrissey. Write to us for complete rules and an entry form, or find them on our website at www.boskone.org/artshow.html. The Art Show will be located in the Grand ballroom on the Concourse (lower) floor. You are also invited to attend the Art Show Reception starting at 10:00 pm on Friday.

Resale of Art—Like last year, Boskone will have a section of the art show for the re-sale of art. Members of the convention may sell art they own there. For more details see www.boskone.org/artshow.html

Hucksters' Room—The Hucksters' Room (aka the Dealers' Room) will feature a wide variety of science fiction, fantasy, and genre books, jewelry, clothing, and all manner of other fun stuff. Check the Boskone web site (www.boskone.org) after January 22, 2008 for a list of dealers scheduled to attend. The Hucksters' Room will be on the Concourse level, in the Grand Ballroom, sharing space with the Art Show and Con Suite.

Con Suite—The Con Suite will be in ballrooms C&D on the first floor, adjacent to the art show and hucksters' room. Everyone is welcome for some soda and munchies, and fun, and to meet new and old friends.

Gaming Room—Was your starship distracted by the moon maidens? Was there so much Collateral Damage that the Power Grid was knocked out? Not to worry, the game room has what you need to fix all your problems. Lots of old and new games for beginners as well as experienced players. The Tournament is back! Yes, you can be the Guru of the Game Room if you win the tournament being held on Saturday. Four games to play. Four prize winners in the end. Prizes this year are by SJ Games, WOTC, Rio Grande Games, Gozer Games LLC, and Slugfest Games. And, of course, the video games will be here as well. Some new games for Wii and some old favorites on the PS2. There's even a video game tournament! That's right, a video game tournament will take place on the Wii on Saturday (game TBA.) Check the website for updates as the convention draws near.

Dragonslair—Dragonslair is our version of Children's Programming for ages 7 to 12. Persis Thorndike will once again endeavor to keep your children entertained with activities throughout the weekend. Games, readings, crafts, and costuming will most likely be part of the schedule. If you have ideas for Dragonslair programming, please e-mail kids@boskone.org. We have firm hours of operation; please see the list on the next page. Dragonslair will close for lunch and dinner on Saturday. We reserve the right to collect a fee for children not picked up at these times. Let us know if you will be using Dragonslair. Then come and have fun!
