VOTE "NO" FOR '66!

In view of the nature of the two bids currently under consideration, I propose that no Convention be held in 1966, and that the site for the '67 Con be selected by postal ballot when things have quieted down.

E. R. Meskys.

This portion of the Programme booklet is dedicated to Fred Parker, brother of Ella Parker, who, during many long meetings of the ConCommittee performed the necessary functions and duties of Official Tea Maker. Without his services this Convention very well might never have got off the drawing board. Many, many thanks, Fred.
